This interdisciplinary course examines education, labor, politics, immigration, and film to better understand how ethnic Mexicans create distinct cultures and identities in the United States. Issues such as citizenship, class, gender, and sexuality are also interrogated to increase awareness of the way that Mexican American culture and society constantly redefines itself. Students will develop a number of skills to include critical thinking, reasoning, analysis, and maintaining a point of view, verbally and in writing. Student Learning Goals and Objectives

In this course students will:

- Identify, analyze, and articulate the central themes in ethnic Mexican community and identity formation.
- Identify and analyze differences and similarities among ethnic Mexican experiences over time.
- Demonstrate their understanding of the concepts of gender, sexuality, race, and class by using them to identify experiences of privilege and inequality as well as collaboration and conflict, within and between ethnic Mexican communities.

- Use an interdisciplinary approach to connect the past to the present in an effort to better understand the world around them and themselves as global citizens.
- **Class Discussion Boards:** Class Discussion boards are not graded. The purpose of the boards are to encourage dialogues between colleagues about ideas and thoughts about the assigned materials. Conversations and exchanges of ideas are key to developing one's perspective and understanding to assigned material and critical thought.
- There are a few ground rules for discussions. Whether you are discussing in a group or as a class, please remember that the appeal of higher learning is that we can think and talk, maturely and responsibly, about topics like race, class, gender, and sexuality. ***Please make an effort to treat each other, and each other's contributions to class discussions, with respect.***

Please note: I will make any necessary additions/subtractions to the course work, assignments reading materials, films, videos, and so forth in the best interest of stated goals and understanding of class materials and ideas.
