The University of Texas at El Paso School of Nursing

Course Number and Credit Allocation

N4303 Nursing Informatics (3-0-0) **3cr

Course Description and Overview

This course introduces nursing informatics as an integration of nursing, computer, and information sciences for the support of nursing practice. It will acquaint practicing nurses with the effective utilization of technology and its applications throughout all aspects of health care delivery.

Rationale for the Course

This course provides an overview of nursing informatics as it relates to the provision of safe, quality patient centered care. Emphasis is placed on the establishment and provision of evidence based practice. The use of information management systems in the collection, management and communication of patient data as well as the maintenance of patient privacy and confidentiality is highly stressed.

Course Outcomes

Upon completion of this course, the learner will be able to:

1. Recognize the use and importance of nursing data for improving practice.
2. Discuss nursing and health care informatics competencies as they relate to the goals of clinical practice.
3. Describe examples of informative technologies to expand information communication among nurses, health disciplines and health consumers.
4. Utilize a variety of electronically accessible, credible resources applicable for nursing practice, including evidence base practice.
5. Describe the key role clinician’s involvement in the design, selection, implementation and evaluation of applications/systems in health care.
6. Assess the elements of effective electronic medical records (EMR) to support and manage nursing practice.
7. Analyze web-based health content for literacy level, accuracy, and reliability of information for clinical populations.

Required Text

Assignment Deadlines and Time Stamps in LMS

Attendance, participation, and all LMS postings are counted in Mountain Time (MST). The time stamps in the computer represent MST, regardless of your actual time zone. The student is required to be a participant in the discussion board and be visible (via original posts and/or classmate replies) a minimum of 3 days a week. All assignments must be posted by 1159pm MST, on the due date.

Assignments are due by 1159pm (MST) on the due date listed in the syllabus. Assignments will be accepted after the due dates; however, they will be deducted 10% of earned points/per day. This is done in fairness to those students who turn in their assignments on time.
Quizzes will be available for a specific timeframe (as indicated on the class calendar). There will be 1-2 attempts (based on the faculty discretion) for each quiz. The highest grade will be documented in the grade book. Late quizzes will not be accepted. Once all quizzes are completed, feedback on the questions will be released.

In the case of emergencies when you are prevented from logging on, please contact the Lead Faculty as soon as possible by phone and/or email. If you know you will be out of town or otherwise prevented from submitting assignments on the due date, make every effort to turn them in early. Anytime you feel that you are falling behind in the course, it is best to contact the Lead Faculty immediately to discuss your situation. No assignments will be accepted after the final day of class. A grade of incomplete will not be granted in this class, so it is imperative that you complete all assignment by the final day of class.

Expectations of the Class

What should you expect from me as the Lead Faculty?
• I will provide you clear instructions on class expectations
• I will check my email at least once a day and will get back to you within 24 hours.
• I will provide graded feedback on your performance within 7 days of the due date.
• I will keep you informed about your graded progress in the class at all times and will make time to discuss your needs.
• I will leave myself open to suggestions about improvement of the class and class related activities.
• I will do all I can to ensure your learning and success in this class.
• If any changes in the course are to be implemented, I will ensure that the class is notified via announcements in a timely manner.

Course Schedule
Please look at the course schedule of assignments by clicking on the Course Outline link in the Administration Folder.

Course Schedule Changes
As course instructor, I reserve the right to adjust the course syllabus or change assignments as needed. I will be sure to give you plenty of notice prior to any changes. Remember that the class schedule is a living document and can change.

Class Participation
I strongly recommend that you log-in and check the course every other day to keep up. You will have assignments due every week. Email messages are sent to your UTEP email address, so you will want to check your UTEP email everyday as well.

Being Successful in an Online Class
Online learning is not a spectator sport. It is everyone's responsibility to participate as fully as they can so everyone can get the most from the experience. Here are some simple rules to follow to ensure your participation and engagement in the learning process:

• Ask questions: If you don't know the answer, someone else will. The discussion board is the area for asking questions related to content OR any problems (related to the class) you are having. Make sure that you have clearly indicated the subject of your message.
• Reach out to others: Offer a fact, article, link, or other item that can help others learn something you can share.
• Be appropriate: The online classroom is not the place for insulting or insensitive comments, attacks, or venting. Inappropriate behavior can be subject to disciplinary action, as well.
• Be diplomatic: When sending messages on emotionally charged topics, I recommend that you write the message and then walk away for at least an hour before re-reading the message and then sending it. Re-reading emotionally charged messages ensures that they are constructive instead of destructive. Think of the person at the other end.
• Stay focused: Stay on topic to increase the efficiency of your learning.

Effective Electronic Communication Guidelines
Keep your messages concise and clearly written. Most ideas can be stated in a couple of paragraphs, although sometimes a longer message may be needed to develop your thoughts adequately. Keep in mind that people are more apt to read and digest shorter messages than long ones.
1. Be respectful of other's ideas, opinions, and beliefs. It's fine to disagree with someone, but please respect his or her right to think differently.
2. Avoid posting simple two or three word statements such as "I agree" or "Good point". If you think someone has made an especially strong point and you want to say so, and then explain why by adding a few sentences describing your response or adding to the original point.
3. A message that demonstrates substance contributes to the understanding and application of ideas by doing one or more of the following:
a. **Reflection about meaning:** Describe thoughtfully what something means or new insights it provides, or raise a question as a seed for clarification or further discussion.

b. **Analysis:** Discusses relevant themes, concepts, main ideas, components, or relationships among ideas. Or, identifies hidden assumptions or fallacies in reasoning.

c. **Elaboration:** Builds on ideas of others or ideas found in the readings by adding details, examples, a different viewpoint, or other relevant information.

d. **Application:** Provides examples of how principles or concepts can be applied to actual classroom situations, or discuss the implications of theory for practice.

e. **Synthesis:** Integrate multiple views to provide a summary, a new perspective, or a creative refashioning of ideas.

f. **Evaluation:** Assesses the accuracy, reasonableness, or quality of ideas.

At this point in the course, it is also important to share a word of caution, so we can become wiser about interpersonal distance learning communications. As you may know, when communicating electronically, many of the feelings or impressions that are transmitted via body language in face-to-face communication are lost. Consequently, interpreting emotions and innuendoes is far more difficult. Only what is written, or drawn, carries the message. Often excitement can easily be misinterpreted as anger or an insult. It is important that everyone keep this in mind when communicating electronically. Words in print may appear harmless; however, they can emotionally injure the person reading them. More information can be found at [http://www.albion.com/netiquette](http://www.albion.com/netiquette).

**Time Management**

The rule of thumb for time planning for a course is approximately three (3) hours for every credit hour taken. This is a standard figure recommended across the board by American universities. In a typical long-semester course, you would be expected to spend:

**Course Policies**

Review Academic Regulations in UT El Paso Undergraduate Studies Catalog, School of Nursing Undergraduate Nursing Student Handbook for the following policies: Statement on Disability, Student Injury, Class Attendance, Religious Observance, Clinical Clearance and Policy on Academic Integrity.

**Blackboard:** Students are required to subscribe to and access the course Blackboard site. This site is the main source of communication between faculty and students. Students are required to access this site on a daily basis for e-mail and posting updates. ***Please note, there is not any notifications regarding NEW emails/discussion board postings, etc. The student is required to check these icons every day for new material/content. The course syllabus, calendar, topical outline of scheduled lectures, assigned readings, web links, and clinical assignment criteria are posted on this site and grades will be made available ONLY through this site.

**Communication:** is the responsibility of both students and faculty. The faculty will keep students informed of progress in both theory and clinical. Students with questions or concerns should:

1. First go to the appropriate Lead Faculty.
2. If still unresolved, follow the next sequencing in the chain of command: Director of RN-BSN Program, Assistant Dean for Undergraduate Education; Executive Nursing Officer, Dean of the School of Nursing.

**Grievances:** Challenges to grades may be pursued only on the basis of malice, bias, arbitrary or capricious grade determination or impermissible discrimination. In no event shall a challenge be pursued only on the basis of the standards employed in setting grades, so long as those standards are employed impartially. Formal grievances MUST be in WRITING and filed through the faculty member, Director of Undergraduate Nursing Program, the SON Assistant Dean for Undergraduate Education and the Dean of the SON. Having failed to resolve the matter after consultation with the above persons, the student may consult with and/or file a challenge with the Chairperson of the University Student Welfare and Grievance Committee.
**Professional Behavior:**  Students are expected to behave professionally at all times with faculty, peers, preceptors, and clients and in any setting in which the student is a representative of UTEP. Bullying, verbal abuse, insubordination, or personal attacks will not be tolerated in any form. Any behavior deemed inappropriate by faculty and/or preceptors will result in faculty conference(s), and completion of a SOS plan that addresses the student’s areas of needed improvement. Possible activities available to assist the student in attaining the SOS objectives include stress and/or anger management counseling sessions. Inappropriate behaviors may result in removal from the clinical setting and/or an administrative withdrawal from the course and/or dismissal from the program.

**Social Media:** Student enrolled in the UTEP SoN must practice and behave in a manner that protects clients by exercising reasonable judgment when using social media technologies whether in their personal life or in their professional life. Inappropriate use of Electronic/Social Media can lead to disciplinary action including but not limited to formal reprimand, suspension or dismissal from the program which is contingent upon the nature of the infraction. Student enrolled in the UTEP SoN can also be held personally liable. Such violations may result in civil and criminal penalties including fines or possible jail time in accordance with state and federal laws. 

**Academic Integrity**
Students are expected to be above reproach in all scholastic activities. Students who engage in scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and dismissal from the School of Nursing and/or university. "Scholastic dishonesty includes but is not limited to reproducing test materials from memory, copy/paste or Xerox, cheating, plagiarism, collusion, the submission for credit or any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts." Regents' Rules and Regulations, Part One, Chapter VI, Section 3, Subsection 3.2, Subdivision 3.22. Since scholastic dishonesty harms the individual, all students, and the integrity of the School of Nursing and the university, policies on scholastic dishonesty will be strictly enforced. See detailed procedure in the Handbook of Operating Procedures (HOP) available in the Office of the Dean of Students. Use a consistent citation method for your written work. The APA Style of citation is preferred for your final paper (see Guidelines on citing according to the APA citation style on Blackboard).

**Disabled Student Statement**
In Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, if a student needs an accommodation then the Office of Disabled Student Services located at UTEP need to be contacted. If you have a condition, which may affect your ability to perform successfully in this course, you are encouraged to discuss this in confidence with the instructor and/or the director of the Disabled Student Services. If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to cass@utep.edu, or visit their office located in UTEP Union East, Room 106. For additional information, please visit the CASS website at www.sa.utep.edu/cass.

**Pregnancy:** It is the responsibility of the student to inform the instructor of pregnancy limitations. Written guidelines r/t accommodations from the Office of Disabled Students must be submitted to the course manager PRIOR to the start of the course/clinical lab. If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to cass@utep.edu, or visit their office located in UTEP Union East, Room 106. For additional information, please visit the CASS website at www.sa.utep.edu/cass.

**Computer Requirements**
Use the browser checker to ensure you have all of the necessary plugins installed on your computer that you will need in order to access all the content in this course. This browser checker will test browser compatibility, cookies, JavaScript, pop-up and other Java features.

**Browser Performance Hints**
- Clear browser cache
- Allow pop-ups
- Make sure your Java is up-to-date

MW 2009, Revised 2015
• Follow the steps at Blackboard Learn browser checker

Software Requirements
When creating documents, slide presentations, spreadsheets, etc., you must use Microsoft Office or a compatible program (see 10 Free MS Word Alternatives). If you are using Windows Vista or Office 2007, you may have compatibility problems and others in the course may not be able to view your work. Go to the UTEP-IT website's "Patches & Updates" area to download a "compatibility toolkit" (it is listed under the "Patches and Updates" column). Also check your course syllabus for specific software instructions from your instructor.

Recommended software
Adobe Acrobat
Adobe Flash Player
Java
QuickTime
Windows Media Player

Supported Browsers

Learning Resources:
UTEP provides a variety of student services and support. Familiarize yourself with the bookmarks on the right-hand side of the Blackboard student portal (visible before entering into a course) as well as the resources below.

• UTEP Library - access to a wide range of resources including online, full-text access to thousands of journals and eBooks plus reference service and librarian assistance for enrolled students.
• RefWorks - bibliographic citation tool; check out the RefWorks tutorial and Fact Sheet and Quick-Start Guide
• University Writing Center (UWC) - submit papers here for assistance with writing style and formatting, ask a tutor for help and explore other writing resources available here
• Math Tutoring Center (MaRCS) - ask a tutor for help and explore other math resources available here
• History Tutoring Center (HTC) - submit papers here for assistance with writing history papers, ask a tutor for help and explore other history resources available here
• Elluminate - online virtual classroom/conference room with multiple features including audio, video, instant messaging, interactive whiteboard, application sharing, file transfer, and session recording/playback with synchronized audio/chat/notes.
  - Recommended Hardware for Elluminate -
    • Headphones
      • preferred rather than external speakers to avoid audio feedback being picked up by the mic
    • Microphone
      • a webcam microphone will work, but often a separate mic positioned closer to the mouth picks up less background noise
    • Webcam
      • for transmitting live video of the session participant(s)
    • Video camera
      • for transmitting live video of a procedure or demonstration
• Turnitin - online submission of paper compares your work to published papers and checks for plagiarism
• Netiquette - "Netiquette" stands for "Internet Etiquette", and refers to the set of practices developed over the years to make the Internet experience pleasant for everyone. Please review some of the Netiquette rules and take the Netiquette Quiz (Non-Graded) to see how your personal knowledge of Netiquette is.

UTEP Virtual Private Network:
UTEP's electronic resources (i.e. Library resources) are available to registered students when working from outside the campus network. In order to access these resources, you will need to set up a Virtual Private Network (VPN) that basically recognizes you are a UTEP student and can look for journals and use subscriptions UTEP/You have paid for. Setting up a VPN is simple, click on the following link to see a visual tutorial: UTEP VPN.

Technical Assistance
This online class is hosted by UT El Paso. If you have computer, Blackboard problems, or any other kind of technical questions, please contact the UTEP Help Desk via email at helpdesk@utep.edu or by phone at (915) 747-5257. The HELP desk hours are: Mon-Fri 7:00am - 8:00pm (Mountain Time), Sat 9:00am - 1:00pm (Mountain Time), Sun CLOSED.

Statement of Acknowledgement

Please read the statement below and post to the “Syllabus/Calendar Acknowledgement” Discussion Board thread by the third day of the first week of class.

I, YOUR NAME, have read the following documents: (1) Syllabus, (2) Topical Outline (3) Calendar. I understand my responsibilities as a student and understand when assignments/assessments are due during the course. This posting will be considered my electronic signature.
