Grading policy	2 mid-term exams: 30% (15% each) 1 final exam: 30% Lab reports (completed in class): 15% Homework: 15% In class attendance: 10%

Course Activities/Assignments	Homework It is essential that students become well versed in problem solving methods, which means developing the writing skills to set up a problem, including diagrams and mathematical manipulation to achieve the final answer. A numerical score will be assigned for each homework set based on graded and counted problems.
Course Activities/Assignments	Feel free to form study groups with your classmates and seek help from your lecture instructor during his office hours as you attempt to solve the problems. Make sure that you understand the solutions and write them up yourself. <u>The textbook is bundled together with the online registration package for www.pearson.com/mastering.</u> <u>Course ID: elgendy65736</u> <u>REGISTER FOR ONLINE HOMEWORK.</u> <u>EACH STUDENT WILL NEED HIS OWN REGISTRATION PACKAGE FOR THE HOMEWORK.</u> The online homework will be announced in advance in the lecture (approximately every week). Each will consist of few problems based on the course material. Exams Exams will consist of problems very similar to the worked example problems in the text and the assigned homework problems. Exams will be strictly closed-book. You should bring with you a pocket calculator to work out the answers to numerical problems. No cell phones allowed in the exams!
Make-up Policy	An extension of the due date for the homework as well as the make-up of missing exams will be granted only in extraordinary circumstances.
Attendance Policy	Attendance is mandatory.
