

Seminar Biol 5130

Meeting times: Friday 12 30pm to 1 30 pm, Online, participation is required.

Instructor: Dr. Alexander Friedman, afriedman@utep.edu. (Assistant professor, at Department of Biology)

Textbook: None required.

Goals: Learn science from the best scientist in the world. Understand why they partners of sinking made them outstanding.

ASSIGNMENTS

After each presentation you need to be an NIH reviewer. Please watch video

<https://www.northwestern.edu/climb/resources/written-communication/NIH-Part1-ResearchPlan-Understanding-NIH-Criteria.html>

You need to score research presented by each of the speakers based on significance, innovation, and approach criteria. You need to write a 3 sentence to justify score for significance, innovation, and approach, you can not give a grade without justification. Use web to compare similar researchers.

Please send me your evaluations not later then one week after presentation.

GRADING

Schedule Subject to Change

Academic dishonesty

Academic Dishonesty will not be tolerated. It includes, but is not limited to, cheating, plagiarism, collusion, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts. If you have any questions regarding the university policy on scholastic dishonesty, please contact the Dean of Students.

Code of Conduct

Be considerate, respectful, and collaborative. Communicate openly with respect for others, critiquing ideas rather than individuals. Avoid personal attacks directed toward other students. Be mindful of your surroundings and of your fellow participants.

Disability Statement

If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to cass@utep.edu, or visit their office located in UTEP Union East, Room 106.
