**MEETING TIME AND PLACE**

Our class is **online (asynchronous)** in the more traditional format. The course materials are accessible through the Blackboard course site.

**RECOMMENDED TEXTBOOK**

There is no required textbook for this class. All required class readings, videos, websites, etc. are provided on our Blackboard course (open access) within the associated folders. If you want a textbook or feel like a textbook would assist in your learning (again, completely optional), I recommend *Family Violence: Legal, Medical, and Social Perspectives* (9<sup>th</sup> Edition) by Harvey Wallace, Cliff Roberson, and Julie L. Globokar.

Reference: Wallace, H., Roberson, C., & Globokar, J. L. (2019). *Family violence: Legal, medical, and social perspectives* (9<sup>th</sup> Ed). Routledge.

**REQUIRED READINGS AND MATERIALS**

This class uses an Open Educational Resources format, which means all required readings, videos, websites, etc. are provided on the course Blackboard at no cost to students.

## **COURSE DESCRIPTION**

**Catalog Description:** This course surveys definitions, prevalence, and theories of family violence in the United States. Special emphasis is given to 1) the impact of variation in definitions of family violence on scientific research and conclusions; 2) the societal response to family violence; and 3) the effectiveness of policing strategies of domestic violence.

**Class Description:** This course provides students with an overview of one of society's largest hidden problems—family violence. The course delivers foundational knowledge related to theoretical, historical, and sociological issues related to family violence. Using an intersectional approach, the course covers specific topics including: 1) historical, theoretical, and methodological approaches to family violence, 2) types of family violence including child abuse and neglect, sibling abuse, intimate partner violence, stalking, and elder abuse, and 3) social and criminal justice responses to family violence.

## **COURSE OBJECTIVES OR EXPECTED LEARNING OBJECTIVES**

This course is designed to help you achieve the following specific learning outcomes:

1. Understand key concepts and terminology related to family violence
2. Understand family violence, including its historical background and methodological approaches
3. Describe theoretical explanations and possible causes of family violence and their effects on the justice system and society as a whole
4. Identify and assess different types of family violence
5. Critically analyze social and criminal justice policies, programs, and interventions related to family violence

## **COURSE FORMAT**

This course is entirely online and will focus primarily on recorded lectures and assigned readings and videos. Each week will typically include a recorded lecture, readings/videos, and a content quiz. Discussion boards and application assignments will be spread throughout the semester. All activities will be submitted to Blackboard or linked through Blackboard.

In a normal semester (e.g., 16 weeks), students should expect to spend an average of 5-6 hours per week on course material and activities (see UTEP Student Time Management) for a 3-credit online course. The current course administers 16 weeks of material into an intensive 4-week course. Remember, we do not meet in person so time normally spent in a classroom should be spent online. That said, please be proactive in communication with the instructor. As you will find, building rapport and effective relationships are key to becoming an effective professional. If you find that you are having trouble keeping up with course material, please let me know as early as possible so that we can help you find a solution.

## **REQUIRED ASSIGNMENT INFORMATION**

- 1) **Syllabus Quiz: 10 points**

There will be one syllabus/plagiarism quiz in the semester. The quiz will be administered through Blackboard, and it will consist of 10 multiple choice and true/false questions pertaining to the information presented in the syllabus. Each question is worth 1 point and comprises 10 points of your final grade. The quiz is not timed, and you may take the quiz as many times as you want. The syllabus quiz is due by 11:59pm on Thursday, June 15<sup>th</sup>.

## **2) Discussion Boards: 100 points**

Students will be required to complete four discussion boards. Each discussion board is worth 25 points (15 points for your original response and 10 points for responding to **two** of your fellow classmates). I will provide a list of questions for you to choose from for your initial discussion board post (at least 5 to 7 sentences) and then you reply to at least two of your classmates' posts (each response should be at least 3 sentences). Responses should be thoughtful and add to the discussion. For example, do NOT only include "I agree" statements. Instead, explain why you agree or disagree, pose additional questions, elaborate using additional course material/information, etc. I expect discussion board posts to be well written, free of grammatical errors, thought provoking, and comprehensive.

The purpose of class discussion is to foster critical thinking and broaden our perspective of criminal justice issues. It is expected that each and every student will facilitate healthy discussion by respecting other students and their opinions. Disrespect towards the instructor and/or other students in discussion board posts will not be tolerated. Discussion board posts should be thoughtful and include knowledge acquired from course material.

Each week, discussion boards will be posted at 12:01am on Mondays. Initial posts and responses are due by 11:59pm on subsequent Sundays. The specific due dates and times are provided in the course schedule.

## **3) Learning Checks: 100 points**

There will be four learning checks over the duration of this course, each worth 25 points. Learning checks serve two purposes. First, the learning checks test your knowledge and understanding of important concepts in family violence. Second, the learning checks provide you an opportunity to reflect on the course material. The learning checks will correspond to materials discussed in the online lectures and any assigned reading, videos, podcasts, etc. **Each learning check will have two sections that are completed separately.**

- (1) The first section of the learning check functions like a content quiz** as it will be comprised of 14 multiple-choice, true/false, and/or fill in the blank questions. Each question is worth 1.5 points for a total of 21 points. The content quizzes are timed – you will have 20 minutes to complete the quiz and it must be finished in one sitting. Questions will be displayed one at a time. Students will have **two attempts** on this section of the learning check and the **highest score will be included in the gradebook.**

**(2) The second section of the learning check will serve as a reflection** on course material. What material was most surprising? What material did you enjoy? It could be a quote, a story, or something that made you think about the topic in a different way. It might be a tool or a strategy that you want to remember for the future. This is an opportunity to reflect on the assigned material. Please complete this section of the learning check through the provided textbox on Blackboard. This section of the learning check is not timed but you should write a minimum of a detailed paragraph (at least 5-7 sentences) on the corresponding material. Students are able to save and resume this part of the learning check as need, but make sure to submit the response by the deadline in the course calendar. Modifications to your reflection cannot be made once it has been submitted. This component of the learning check is worth 4 points.

Each week, learning checks will be posted at 12:01am on Mondays and must be completed by 11:59pm on subsequent Sundays. The specific due dates and times are provided in the course schedule.

**4) Infographic: 50 points**

Students will be required to complete an infographic assignment. Infographics are visual representations of information, data, or knowledge that demonstrate application of course material. Additional information and examples of infographics are available in the “Infographic” folder on Blackboard. The infographic assignment will become available during the first week of class and is due by 11:59pm on Sunday, July 9<sup>th</sup>.

**5) Extra Credit**

There may be extra credit opportunities made available at my discretion throughout the semester. If offered, extra credit opportunities will be available to the entire class. Individual level basis opportunities will not be provided.

**COURSE GRADING**

Final grades will be calculated based on **TOTAL POINTS** earned across all assignments outlined below and completed extra credit. You are responsible for obtaining the grade that you want in this class.

<b>Progress Checks: Points Weighted Equally</b>	<b>Points Each</b>	<b>Total Points</b>
1 Syllabus Quiz	10 points	10 points

155 & Below	59% or Less	F

## **CLASSROOM POLICIES**

**Student Engagement and Expectations:** This course is administered in an asynchronous format—it is completely online and physical attendance is not required. That said, there are assignment deadlines each week and students are expected to make routine progress. Students will not be able to complete all assignments during the final week of the class so please make sure to actively work on class material and log into the course, via Blackboard, throughout the week.

**Late Work Policy:** This course is delivered in a four-week time period and students are expected to work diligently each week. Given the duration of the course and flexibility with due dates (e.g., assignments are open for multiple days), **no late work will be accepted.**

**Email Policy:** The best way to contact me is through UTEP email. During the week (Monday – Friday) you can expect an answer from me within 24 hours. If you email me after 5:00pm, on the weekend, or a university holiday, expect a response the next business day. A few email guidelines:

- 1) Email me from your UTEP account;
- 2) Use my appropriate name (Dr. Goodson or Professor Goodson);
- 3) Identify yourself and your class (hint, this class is CRIJ 3321: Family Violence);
- 4) Clearly state your question or explain why you are emailing;
- 5) Always check the syllabus to see if your question can be answered!

This article helps with email etiquette: <https://medium.com/@lportwoodstacer/how-to-email-your-professor-without-being-annoying-af-cf64ae0e4087>

Be proactive in communication – please let me know if you find that you are having trouble keeping up with the material as this will allow us time to find a solution. Finally, it is your responsibility to check your UTEP email every day for important announcements or class updates.

**Technology Requirements and Policies:** Laptops may be used only for the purpose of note-taking or other course-related activities. If students are caught using their laptops for anything non-school related, the student will lose their privilege to do so permanently. Cell phones and headphones are not permitted for use in the classroom. Should you be observed texting or wearing headphones during class, you will be asked to leave the classroom.

Much of the course content will be available through the Blackboard learning management system. Ensure your UTEP email account is working and that you have access to the Web and a stable Web browser. Google Chrome and Mozilla Firefox are the best browsers for Blackboard; other browsers may cause complications. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

At a minimum, you will need to have access to a computer/laptop. You will need to download or update the following software: Microsoft Office, Adobe Acrobat Reader, Windows Media Player, QuickTime, and Java. Check that your computer hardware and software are up-to-date and able to access all parts of the course.

If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) for free via UTEP's Microsoft Office Portal. Click the following link for more information about [Microsoft Office 365](#) and follow the instructions.

**IMPORTANT:** If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP [Help Desk](#) as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. The Help Desk is much better equipped than I am to assist you!

**Prohibition of Course Work Acquired Outside of Student's Own Work:** Papers purchased, written by another individual, or written using or with the assistance of an artificial intelligence system or software (e.g., ChatGPT) are strictly prohibited in this course. Failure to follow this will be considered academic dishonesty. See the Scholastic Integrity section of this syllabus for more information about academic dishonesty and its consequences.

**Classroom Materials and Recording Policy:** To ensure free and open discussion of ideas, students are prohibited from recording class sessions without necessary, individual documentation from UTEP's CASS. Moreover, students are prohibited from taking pictures of or sharing classroom materials including, but not limited to class notes, PowerPoint slides, quizzes, exams, assignments, and any written, audio, and video materials developed by the professor. In individual cases where students have an accommodation for a recording device, use of recorded class content outside of the parameters of the course is prohibited. It will be for individual and educational purposes only and may be used solely for the student's own private use. Distribution or sale of any class material is prohibited without the written permission of the instructor and others who are recorded. Distribution without permission is a violation of educational privacy law.

**Inclusive Course:** This class will be taught in an inclusive and comfortable space that is intellectually challenging. As the professor, I will work to foster an environment that is supportive, accepting, respectful, and intellectually stimulating. However, these classroom goals are contingent on your active participation as well. I expect all students to contribute to the shaping of an inclusive, comfortable, and educational setting by honoring the diverse backgrounds, statuses, and experiences of your fellow classmates. With that said, let's be mindful of a few things: (1) do not talk while another is talking; (2) your opinion is not necessarily fact; and (3) effective communication requires active listening and evidence to support any claims (e.g., textbook readings, current events, articles, material from other classes, etc.). The field of criminal justice is characterized by a diverse continuum of perspectives, and the university educational experience requires that we examine issues from numerous angles. With this in mind, do not verbally attack another because their position is different than yours.

Instead, practice refining your discussion/debate skills by becoming more informed about issues that interest you (even better, practice taking the alternative position and defending it). These are invaluable skills which are useful both professionally and interpersonally.

## **UNIVERSITY POLICIES**

**Class Attendance:** According to UTEP Curriculum and Classroom Policies, “Students are expected to attend all classes and laboratory sessions. It is the responsibility of the student to inform each instructor of extended absences. When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor may drop the student from the class with a grade of “W” before the course drop deadline and with a grade of “F” after the course drop deadline.” I will not drop you from the course. However, if you feel that you are unable to complete the course successfully, please let me know and then contact the [Registrar’s Office](#) to initiate the drop process. If you do not, you are at risk of receiving an “F” for the course.

Per the [university policy](#), excused absences include university-recognized activities (e.g., sports, band, professional conference, etc.), religious holy day, and military leave. Students must follow the required process and guidelines for notifying the instructor of these absences. Missing class due to work, transportation issues, etc. are not excused absences.

**Incomplete Grade Policy:** Incomplete grades may be requested only in exceptional circumstances after you have completed at least half of the course requirements. Talk to me immediately if you believe an incomplete is warranted. If granted, we will establish a contract of work to be completed with deadlines.

**Accommodations Policy:** The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants, applicants for admissions, and other beneficiaries of University programs, services and activities with documented disabilities in order to provide them with equal opportunities to participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Reasonable accommodations will be made unless it is determined that doing so would cause undue hardship on the University. Students requesting an accommodation based on a disability must register with the [UTEP Center for Accommodations and Support Services](#) (CASS). Contact the Center for Accommodations and Support Services at 915-747-5148, or email them at [cass@utep.edu](mailto:cass@utep.edu), or apply for accommodations online via the [CASS portal](#).

**Scholastic Integrity:** Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, using previously submitted academic work, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as ones' own. Collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a

UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the [Office of Student Conduct and Conflict Resolution \(OSCCR\)](#) for possible disciplinary action. To learn more, please visit [HOOP: Student Conduct and Discipline](#).

**Copyright Statement for Course Material:** All materials used in this course are protected by copyright law. The course materials are only for the use of students currently enrolled in this course and only for the purpose of this course. They may not be further disseminated.

**Mandatory Reporting:** Under Title IX of the 1972 Education Amendments to the United States Code, I am required to report sexual assault, domestic violence, and stalking to campus administrators. Confidential help is available should you need it through the [UTEP Counseling and Psychological Services](#) or the National Domestic Violence Hotline (1-800-799- SAFE). An additional resource includes the [Center Against Sexual and Family Violence](#). Under Texas law, I am required to report child and elder abuse and the maltreatment of persons with disabilities. Texas law says anyone who thinks a child, or person 65 years or older, or an adult with disabilities is being abused, neglected, or exploited must report it to DFPS. A person who reports abuse in good faith is immune from civil or criminal liability. The Texas Department of Family and Protective Services (DFPS) keeps the name of the person making the report confidential. Anyone who does not report suspected abuse can be held liable for a misdemeanor or felony. Time frames for investigating reports are based on the severity of the allegations. Reporting suspected abuse makes it possible for a family to get help. Here is a link to allow for such reporting and for further information:
