However, during exams and quizzes no assistance from other students or outside sources is allowed (materials such as books and notes may not be used unless otherwise indicated by the instructor). Students should handle their answer sheets discretely by keeping them out of easy view of others. Students may discuss individual written assignments (i.e. lab reports, article reviews, etc.) but these assignments must be the student's own work. "Scholastic dishonesty--which includes the attempt of any student to present the work of another as his or her own, or any work which s(he) has not honestly performed, or attempting to pass any examination by improper means--is a serious offense and will subject the student to disciplinary action. The aiding and abetting of a student in any dishonesty is held to be an equally serious offense. All alleged acts of scholastic dishonesty will be reported to the Dean of Students for disposition. It is the Dean of Students' responsibility to investigate each allegation, dismiss the allegation, or proceed with disciplinary action in a manner that provides the accused student his or her rights of due process.
