ARTG 3326 Graphic Design 4: Typography

**Course Prerequisite Information**
Students taking ARTG 3326 Graphic Design 4: Typography are required to have a foundation understanding of the Elements of Design, the Principles of Composition, Style, and Content. Additionally, students must have developed fundamental drawing skills and a survey base knowledge of Art History. These skills and knowledge sets are provided through the Department of Art’s foundation course sequence including: required prerequisites ARTG 1306, ARTG 2306, ARTG 3316, ART 1301, ART 1302, ART 1303, and suggested completion of ART 1304, ARTH 1305 and ARTH 1306. Student’s seeking a prerequisite waiver must contact the instructor.

**Course Goals and Objectives**
Goals and objectives targeted in ARTG 3326 Graphic Design 4: Typography include:

- Execute several projects (catalog—with a focus on typography and setting large amounts of copy, a poster, logo, etc.)
- Plan a project from beginning (research) to middle (participation in critiques) to end stages (craftsmanship & execution)
- Utilize the knowledge you have gained in previous classes in terms of design principles (like hierarchy, scale, etc.) in order to create designs that are clear and useful to an audience and fulfill a need for a client or purpose / goal you want to achieve.

**Course Outcomes**
Students who complete this course will have:

- Experience and fundamental competency in planning and designing catalogs, brochures, and posters for diverse clients.

*Note: Competency is defined, for this course, as a developed understanding and mastery of skills and knowledge needed to complete a task to a successful beginning level. Competency can be demonstrated while designing a project, researching, etc. Competency is a measure of how well you understand and use a process or skill.

**Confidence** is defined as a student’s willingness and self-trust in their own abilities to use the skills and processes learned during this course. Confidence is the element of each student’s progress that allows the student to know when help is needed and when it is not. Confidence is built throughout the semester and is demonstrated by the way that a student develops skills or competencies and their willingness to utilize these new skills. Once the student has worked with the process and starts to understand its abilities and procedures the timid feelings are replaced with a sense of control and excitement for the potential of the process as a path for creation.
Assignments

ARTG 3326 Graphic Design 4: Typography is designed around 4 central projects that include:
- Assignment 1: Technical Assignment to learn the features of the page layout program Adobe InDesign
- Assignment 2: History of Design Museum Catalog. Students are required to heavily research a topic in the history of graphic design and apply that research to the task of designing a fictitious museum catalog. This will utilize InDesign and a grid, displaying competency laying out body copy + imagery in an organized and artful way.
- Assignment 3: A Poster Project. Poster topic is at the discretion of the instructor.
- Assignment 4: TBA This may be for a real-world client.

Each assignment will be introduced via a presentation by the instructor and a detailed assignment sheet. Each of the 4 assignments must be submitted in a completed condition at the time of the project grading critique. Grades established for these 4 primary project assignments will constitute 60% of the final course grade.

Grading Standards and Criteria

Evaluation of student performance for this course is based upon the following criteria:
- All grades are calculated using percentages and converted into letter grades according to the following scale:
  - 90% & above = A - excellent quality work
  - 80% & below 90% = B - above average work
  - 70% & below 80% = C - average work
  - 60% & below 70% = D - below average work
  - Below 60% = F - unsatisfactory work, failing

Specifically you will be evaluated upon:
- Quality of final work
- Impeccable craftsmanship (includes correct file preparation and formatting for Blackboard class and final presentations)
- Creative concepts / thinking
- Deadlines met in all stages of projects from first sketches through finals
- Attendance and punctuality
- Participation in critiques

Assignments will be given due dates for completion and grades will be given for each assigned task. Late work is not accepted. Improvement in technique and concept is expected along with a high degree of craftsmanship and professionalism.

A signifies that the student has submitted work of the highest possible quality in both concept and execution, has met deadlines throughout the class, has arrived on time (and not left early), and missed no more than 2 classes, and participated in critiques.

B signifies that the student has submitted work of good quality overall or that the student, though excellent in one area, is somewhat weak in another, such as execution. Deadlines, attendance and punctuality, and participation in critiques will also influence this grade.

C signifies that the student has submitted work of average quality overall or that the student, though good or excellent in one area, is significantly weak in another, such as execution. Deadlines, attendance and punctuality, and participation in critiques will also influence this grade.

D signifies that the student has submitted all of the assignments with work of below average or poor quality overall and/or has missed deadlines, missed or was late 3-4 classes, came to class without work, did not show progress and/or desire to improve.

F signifies that the student has failed the course for reasons outlined above.

For your final review you must bring your final, completed projects along with all your sketches. Failure to show up for your review will result in a failing grade. If you wish to know your grade standing at mid-semester (after the sixth class week) please let me know. Be prepared to show all of the work you have submitted for class up to that point in time, including sketches.

Materials and Personal Equipment

Students Taking ARTG 3326 Graphic Design 4: Typography will need to purchase materials and some basic equipment in order to successfully complete this course.

Equipment:
- Best to utilize the free UTEP OneDrive for file storage, or USB Flash drive(s), External hard drive, other cloud subscriptions, to store your digital files.

Materials:
- An unlined sketchbook (at least 8.5 x 11” in size) in which to sketch ideas, and also in which to take notes. BRING THIS NEXT CLASS!
- A folder or pocket in your sketchbook in which to keep class hand-outs/assignment sheets.
- 100 sheet box of Epson photo quality ink jet paper. Get the Super A3/B size (13”x19”, Epson product code #S041069). No glossy paper. You can get this locally at Art Center, 3101 E Yandell, $59.95/box or $1/sheet or at OfficeDepot/OfficeMax (I see it at the 1111 Geronimo Dr location) for $42.39. Get the 3 STAR! NOT THE HEAVIER WEIGHT!!! As always, shop around.
- For print presentation, you will always mount your projects on black on black (black on both sides) matboard, using your self-healing cutting mat, a metal ruler/straightedge, Xacto knives/blades, with tracing paper, artist tape (at least 3/4” in width), spray adhesive, etc.
- Adobe Creative Cloud: The Adobe Creative Cloud program collection will be available to students of this course provided by the University at no additional cost. If you have not already done so, please check your UTEP E-mail and look for an e-mail with the Subject Line “Access is Granted. Enjoy Creative Cloud All Apps now.” If you have not received this e-mail, please contact Daniel Ramirez with UTEP Technology Support at deramirez@utep.edu for further assistance.

Required Text: Meggs’ History of Graphic Design. NEW 6th edition. Wiley, 2016. (2nd, 4th and 5th edition of this book are available in the UTEP library). Attendance and Participation
Attendance, punctuality, participation and appropriate class conduct are considered performance criteria for this class. Failure to perform to required standards will result in strong grade penalties and can cause failure of this course.

Attendance Policy
Each student is permitted 3 absences during the semester without penalty. Students with more than 3 class absences should consider dropping this course and retaking it at a time when the student can commit the proper attention to the course. Your regular attendance is required and roll will be taken each class period. It is important that you attend each class and on occasion, bring materials to class with which to work. Ideas discussed in lectures, demonstrations, slides, and critiques are impossible to make up. Students are encouraged to stay and work after class. Grades will be lowered by excessive absences.

- Late to class (arriving after the roll is taken) constitutes one half of an absence. That is, 2 tardies = 1 absence.
- 4 absences = 1 grade lower (i.e. with 4 absences an A becomes B, D becomes F, etc.). That is, each unexcused absence after 3 will result in the final course grade being lowered 1 full letter grade. Absences after the first 3 can be excused only if the first 3 absences are excused.
- Five absences will automatically result in a final grade of “F” regardless of the quality of the work and you will be dropped from the class. If you miss five or more classes you may be withdrawn from the course.
- Not presenting work or participating on a critique day = 1 absence.
- Excused absences are defined as documented (doctor note required) illness or serious illness or death in the immediate family.
- Leaving class early is regarded and graded as a tardy (1/2 absence). All students are required to attend class on-time and to remain in class the entire time. Entering class late and leaving early is disruptive to the learning environment.
- Coming to class unprepared or attending class and not working is regarded as absent.
- Information missed during an absence is the sole responsibility of the student. Plan ahead and arrange to get notes from a trustworthy classmate, etc.
- DON’T FALL BEHIND AND IF YOU FEEL LIKE YOU ARE, TALK TO ME. If you begin to fall behind at any point during the semester, come see me immediately. Do not wait until the final review to inform me of any problems you may be having.

Course Participation
- SHARE YOUR OPINIONS, DON’T BE SHY. This will prepare you for working and communicating with clients one day!
- Participation in critiques is required for this course and will count favorably in your grade. However, participation in critiques will not help the grade of anyone who is not attending all classes and not showing work of an acceptable standard.
- Development and execution of class projects must be done utilizing all class meetings. Projects executed solely out of class will not be accepted.
- Participation in the collaborative group environment of the graphic design studio (aka, this class) is essential to the successful completion of this course.

Class Conduct
- Students must act in a safe and reasonable way at all times in the studio.
- Children and pets are not permitted in the studio.
- NO CELL PHONE USE, OR (for classes held in computer lab) TEXTING OR NON-CLASS-RELATED BROWSING DURING CLASS TIME.
- If you absolutely need a cell phone for an emergency just leave the ringer off. Texting and browsing are also very distracting to the other students in classes held in the computer lab, however, you may browse if you are researching directly for your project.
- Any questions regarding safe and reasonable behavior and practices should be directed to the instructor and only the instructor.

Late assignments, Make-up Work and Exams
Late assignments, make-up work and make-up exams are only afforded in the case of excused absences by arrangement and approval of the instructor.

Incompletes, Withdrawals, Pass/Fail
- Incompletes or “I” grades will be considered for students completing satisfactory or better work and having serious legitimate situations beyond their control requiring additional time to complete the course requirements. All “I” grades are at the discretion of the instructor and the approval of the Department chair.
- Students hold the full responsibility for withdrawing from this course if that procedure is elected. Withdrawals must be completed on or before the final date to drop a course with a W. Students missing this deadline will be issued a grade for the performance in the course.
- ARTG 2326 Graphic Design 2 is a grade-based course and is not available for audit or pass/fail options.

Cheating/Plagiarism
Cheating is unethical. Plagiarism is using information, art, or wording in a paper or design without giving credit to the source: it is also not acceptable. FOR PURPOSES OF THIS GRAPHIC DESIGN CLASS, ACADEMIC DISHONESTY INCLUDES TAKING OR TRACING IMAGES, IDEAS OR DESIGNS FROM THE INTERNET OR OTHER DESIGNERS AND CLAIMING THEM TO BE YOUR OWN WORK. Do not submit work under your name that you did not do yourself. AI may be used to generate ideas or even looks, but the final result must be 100% controlled by you, the designer, and not left to the whim of a robot. You may not submit work for this class that you did for another class. If you are found to be cheating or plagiarizing, you will be subject to disciplinary action, per UTEP policy. Refer to https://www.utep.edu/student-affairs/osccr/student-conduct/academic-integrity.html for further information.
Disabilities
I will make any reasonable accommodations for students with limitations due to disabilities, including learning disabilities. Please see me personally before or after class in the first two weeks or make an appointment, to discuss any special needs you might have. If you have a documented disability and require specific accommodations, you will need to contact the The Center for Accommodations and Support Services (CASS) in the East Union Bldg., Room 106 within the first two weeks of classes. CASS can also be reached in the following ways:

Acquiring a mastery of the page layout program InDesign takes the same dedication and time as learning anything else, (remember when you couldn’t use the pen tool in Illustrator?!), but with patience and perseverance, you’ll soon be a pro. These exercises are meant to help you get your InDesign feet wet and discover all the amazing InDesign features you need to know in order to lay out a page for a client—be it for a brochure, a trifold, a catalog, etc. That’s right, you would never use a program like Illustrator to lay out a 50-page book, as InDesign was made especially for that purpose. InDesign also gives you the most features and options for working with typography. After you become more familiar with it, you’ll probably find more uses for InDesign that you didn’t even know existed before. In-Lab class lectures are extremely important in order to complete these assignments, **DO NOT MISS CLASS AND BE SURE TO TAKE CLEAR NOTES IN YOUR DESIGNATED SKETCH/NOTEBOOK, AND ASK QUESTIONS!**

yourlastname_wedding.indd
yourlastname_gettysburg.indd
yourlastname_proofer.indd
(If someone else in the class has the same last name as you, please also include your first initial— i.e. LopezK_wedding.indd
Otherwise, simply name your files like this: Lopez_wedding.indd)

THEN, you will ZIP the three files together, so you will only be attaching ONE FILE—the zipped file—to your email.

**TITLE THE ZIP FILE:** <YourLastName>.zip (i.e. Lopez.zip)

***The 3 InDesign files need to be e-mailed to me by 12:30pm, before class begins, on September 11 to be considered ON-TIME.*** I will see the email time stamp telling me if it was sent on time or late. Grade is reduced for late work.

**PLEASE, PLEASE, PLEASE pay attention** when you are attaching files to e-mail to me (and to clients when you are out in the job world). Send the correct files the first time. Don’t drive me nuts re-sending corrected files two, three or four times. Yes, students have actually done this in the past.

The Gettysburg Address
Abraham Lincoln  •  Nov. 19, 1863

Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation or any nation so conceived and so dedicated can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But in a larger sense, we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead who struggled here have consecrated it far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us the living rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain, that this nation under God shall have a new birth of freedom, and that government of the people, by the people, for the people shall not perish from the earth.
Choosing Portfolio Pieces

It goes without saying, that all the pieces in your book should be strong. An equal number of pieces that demonstrate your range of abilities is a good starting number. Your first piece should knock their socks off! And the last piece should also leave a great impression.

Choose pieces that are excellent examples of design, use of color and type, and technique. Do not include a poorly-designed piece because of it's sentimental value. For instance, don't include your first feeble attempt at a contour drawing from 8th grade, even if you received a grade of A. Poor pieces dilute the impact of an otherwise strong book.

Assignment 1c: Reading Proofer’s Marks
There are 12 points in 1 pica.

For many, the measurement system of choice for typesetting and publication design is picas and points.

- A **point** is a unit of measurement that is the standard for measuring type and is used for measuring depth of printing. One point is equal to .013836 of an inch and 72 points are approximately 1 inch.

- A **pica** is a typesetting unit of measurement commonly used for measuring lines of type. One pica equals 12 points. There are 6 picas to an inch.

- A standard US letter size page is 8.5 by 11 inches or 51 by 66 picas. (6 picas are approximately 25 mm)

- The letter p is used to designate picas as in 22p or 6p. With 12 points to the pica, half a pica would be 6 points written as 0p6. 17 points would be 1p5 (1 pica = 12 pts, plus the leftover 5 pts).
