I. Course Description
This course will address the selection, application, and interpretation of formal and informal assessment procedures for the diagnosis and description of speech and language disorders. Topics include multicultural and interprofessional issues related to the diagnosis of communication disorders.

II. Course Objectives
In completion of this course, students will demonstrate clinical knowledge and skills in the following areas in accordance with the American Speech-Language Hearing Association (ASHA) 2014 Standards and Implementation Procedures for the Certificate of Clinical Competence in Speech-Language Pathology, the Council on Academic Accreditation (CAA) in Audiology and Speech-Language Pathology, UTEP Speech Language Pathology Knowledge and Clinical Competencies, and the UTEP EDGE Experiences. Specifically, students will:

1. Plan appropriately prior to diagnostic evaluation and/or screening.
2. Administer standardized tests.
3. Conduct family/client interview to obtain pertinent information.
4. Administer non-standardized tests or procedures.
5. Differentially diagnose communication disorders.
6. Interpret results to family/client.
7. Make appropriate referrals for placement or follow-up evaluations.
8. Write a comprehensive report.
9. Understand cultural and linguistic differences that may impact planning and implementation of evaluations and the interpretation of the results.

IV-D: Demonstrate current knowledge of the principles and methods of assessment for people with communication and swallowing disorders, including consideration of anatomical/physiological, psychological, developmental, and linguistic and cultural correlates.
IV-E: Demonstrate standards of ethical conduct.
IV-F: Demonstrate knowledge of processes used in the integration of research principles into evidence-based clinical practices.
V-B.1.a-g: Complete a program of study that includes experience in evaluation including: screening; collection of case history; evaluation procedures including observation and tests; interpretation, integration, and synthesis of information into diagnoses and recommendations; administrative and reporting functions; referrals.

B. CAA Standards
Standard 3.1A Academic and Clinical Education. See http://caa.asha.org/wp-content/uploads/Accreditation-Standards-for-Graduate-Programs.pdf for related details.

C. UTEP Speech-Language Pathology Knowledge and Clinical Competencies

D. UTEP EDGE
Community Engagement. For detailed information, visit: https://www.utep.edu/edge/edge-experiences/Community-Engagement.html

III. Requirements
CHS Academic Advising approval and prerequisite courses outlined in the course catalog required.

A. Required Text:

C. Technology
Access to a reliable computer and/or tablet with:
- Internet access
- Word Processing software
- Adobe Reader (latest version) or pdf reader
- Microsoft OneDrive (The only UTEP approved cloud storage system)
- Zoom with microphone and camera for office hours as needed
- Active UTEP email address and access to Blackboard shell:

IV. Class Format: Asynchronous
A. Textbook readings
B. Additional readings, including test reviews, test manuals, and other related journal articles; provided in class, or available on Blackboard or in the library.
C. Blackboard lectureettes, engagement activities, study guides, websites, YouTube, quizzes, exams.
D. Test administration activities, group and individual writing activities, article summaries and syntheses.
V. Student Responsibilities

You are expected to complete all readings, assignments, assessments, and access all available resources.

A. Reading:
Readings are assigned from the required textbook and should be read concurrently to the module. This is the reading content that you will be responsible for on quizzes and exams, along with all lecture content. You may wish to read additional portions of each chapter of the textbook to help you understand a given topic.

B. Due Dates
1. All assignments within a module are due as directed on Blackboard as per the course schedule.
2. Late assignments or projects will not be accepted without a physician’s note or documentation of an emergency.
3. Late assignments of projects due to issues with technology (laptop, computer, tablet, software, internet access failure) will not be accepted. Please refer to the “Resources” section of the syllabus.

C. Netiquette
When communicating electronically, many of the feelings or impressions that are transmitted via body language in face-to-face communications, are lost. Consequently, interpreting emotions and innuendos is much more difficult. Excitement using all caps, for example, may be misinterpreted as anger, insulting, or shouting. It is important that we all keep this in mind as we communicate. It is important that we are conscious of how we communicate while working at a distance. The following are Netiquette guidelines:
1. You are required to check the Blackboard course daily for messages, updates and assignments.
2. Respect and courtesy must be provided to fellow classmates and the instructor at all times, in all contexts. Harassment or inappropriate postings will not be tolerated.
3. Be professional and careful in what you say about others. When reacting to someone else’s message, address and focus on the ideas, not the person who posted them.
4. Be careful when using sarcasm and humor. Without face-to-face communications your joke may be viewed as criticism.

VI. Course Content

A. Class Outline/Calendar: You are required to check weekly emails and Blackboard for detailed instruction regarding weekly readings, assignments, discussions, and projects.

*The course syllabus and outline of assignments is subject to change or modification at the instructors’ discretion.
