   “When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor can drop the student from the class with a grade of W before the course drop deadline and with a grade of F after the course drop deadline.”
   http://catalog.utep.edu/undergrad/academic-regulations/curriculum-and-classroom-policies/
2. Please be on time. Tardiness may result in missed information. Students are considered tardy once the door closes at the assigned time. Sign-in sheets, index cards, or other forms of roll call may be used.
3. For university policies on attendance, excused absences for university-recognized activities, religious holy days, military leave, and absence from examinations please visit
4. If you cannot attend class, please notify us at least 12 hours, prior to class time, via email, phone message, or in person.
5. It is your responsibility to obtain the required information from a classmate.
   *Please see the section titled "Professionalism" under “Detailed Grading,” for further information regarding attendance and grading.

B. Due Dates
1. **Paperwork Deadlines:** See schedule in clinic handbook and syllabus

Your clinical supervisor will provide your grade to be entered by the instructor of record. Any issues that may arise with regards to your grades need to be addressed with your clinical supervisor.

D. **Classroom Policies***
1. You are expected to act in a professional and considerate manner.
2. You are expected to arrive on time and remain in class until dismissal.

   *Please see the section titled "Professionalism" under “Detailed Grading,” for further information regarding attendance and grading.

D. **Netiquette**
*When communicating electronically, many of the feelings or impressions that are transmitted via body language in face-to-face communications, are lost. Consequently, interpreting emotions and innuendos is much more difficult. Excitement using all caps, for example, may be misinterpreted as anger, insulting, or shouting. It is important that we all keep this in mind as we communicate. It is important that we are conscious of how we communicate while working at a distance. The following are Netiquette guidelines:*
1. You are required to check the Blackboard course daily for messages, updates and assignments.
2. Respect and courtesy must be provided to fellow classmates and the instructor at all times, in all contexts. Harassment or inappropriate postings will not be tolerated.
3. Be professional and careful in what you say about others. When reacting to someone else’s message, address and focus on the ideas, not the person who posted them.
4. Be careful when using sarcasm and humor. Without face-to-face communications your joke may be viewed as criticism.

VI. **Course Content**
A. **Class Outline/Calendar**
1. You are **required** to check **weekly emails and Blackboard** for detailed instruction regarding weekly readings, assignments, discussions, and projects.
2. **The course syllabus and outline of assignments is subject to change or modification at the instructors’ discretion.**
