Course Title: Mechatronics MECH 4346, CRN: 13966
(Spring-2023): Credit: 3
Instructor: Arifur R. Khan, Ph.D. Assoc. Prof. AME (arkhan@utep.edu)
Office hours: TR; 9-10 am (Eng. Build. A-317) or MS Team
TA: TBD
Class Schedule: Psychology Building, 308 MW 9:00-10:20 (Aug 28 to Dec 7, 2023)

Course Prerequisite: MECH 3345 with a C or better.

Course Description: Mechatronics requires knowledge of Sensors, Actuators, Circuits, Microcontrollers, and Programming to build and run a machine for a specific purpose. This type of understanding and experience are appropriate for students of Electrical, Mechanical, Control, Industrial, Computer, System, Spacecraft, and Aerospace Engineering, etc.

Course Objective: This course educates students to be confident in mechanical systems with sensors and actuators powered by electrical and electronic systems controlled by computers (microprocessors) run by programming codes. At the end of this course, the typical student will understand how a machine works under different conditions for different purposes and will be able to design, implement and build a Mechatronics system. This course will also improve the ability to identify, analyze and solve engineering problems using basic science and engineering knowledge, human intuition, and instinct.

Course Topics:
- Introduction of Mechatronics
- Electrical/Electronic Components for Mechatronics System
- Sensors and Transducers
- Signal and Data Acquisition
- Logic Gates, Digital Logic, and Programmable Logic Controller
- Electric Actuators
- System Model and Dynamic Response (Closed loop)
- Hands-on Projects (will be assigned to each student team)
- Arduino/MATLAB/Simulink/App Design (Project related)

Reference:
3. Additional Reference materials (notes, projects, web links, etc.) may be handed out in class and available on Blackboard.

Software in class:
i-Clicker (Attendance, quiz, etc.), MATLAB, Arduino, LabVIEW

Student’s assessment:
1. Class Performance: 20% [Class quiz, Attendance and Attention]
2. Midterm-1: 20%
3. Midterm-2: 20% Final exam will replace the worst midterm.
4. Final Exam: 20%
5. Project 40% (5 student team) [Project progress: 4, Final presentation: 16, Final report (word. pdf.):15, YouTube video: 5]
6. Final exam (Online, Bb) is optional. It will replace the worst midterm.
7. Grace point: 1% if it improves the current grade to the next better level.

Students grading:
A= ≥ 90%; B= < 90% and ≥ 80%; C= < 80% and ≥ 70%; D= < 70% and ≥ 60%; F= < 60% (UTEP Standard)

Tools in Class/Lab:
1. Scientific calculator, Laptop, Pad, and e-book can be used as problem-solving tools in class.
2. Project accessories (Arduino, components, etc.)
Necessary ITEMS

Depending on the project decided, students (in groups) should buy components, electronics, and necessary items to build their project.

Please note, Course ID and CRN 13966, Date, MW and time 9:00 am

</table>
**Grade Calculation (Example)**

**Class performance (20%): Iclicker Quiz, Attendance and Attention**

Points for each quiz: 1.5 (almost every class)
Points for each attendance: 0.5 (almost every class)

Student’s score (for example): \[\frac{72 \times \text{Student score} \times 20\%}{85 \times \text{out of total score}} = 16.94\%\]

**Midterm-1 (20%)= 19 (student’s score)/20 (out of total score)**

**Midterm-2 (20%)= 16 (student’s score)/20 (out of total score)**

**Project = 36 out of 40**

**Total Score without final exam:**
- Class performance = 16.94 out of 20
- Midterm-1 = 18 out of 20
- Midterm-2 = 16 out of 20
- Projects = 36 out of 40

Total = 86.94 (87, Grade B)

*If any student likes to improve the grade, it can be done by joining the final exam.*

**Score in the final exam (for example): 19 out of 20.**

*Between the two midterms, the worst will be dropped or ignored if Final exam score is higher than any of the midterm scores. If not, final exam score will be ignored.*

**New score calculation**

**Total Score after final exam:**
- Class performance = 16.94 out of 20
- Midterm-1 = 18 out of 20
- Midterm-2 = 16 out of 20 (dropped/ignored)
- Final exam = 19 out of 20
- Projects = 36 out of 40

Total = 89.94 (90, Grade A)

**Important Information**

**NETIQUETTE**

As we know, sometimes communication online can be challenging. It’s possible to miscommunicate what we mean or to misunderstand what our classmates mean, given the lack of body language and immediate feedback. Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.

- Always consider the audience. This is a college-level course; therefore, all communication should reflect polite consideration of others’ ideas.
- Respect and courtesy must be provided to classmates and to the instructor at all times. No harassment or inappropriate postings will be tolerated.
- When reacting to someone else’s message, address the ideas, not the person. Post only what anyone would comfortably state in a face-to-face situation.
- Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.

**Class Attendance**

The student is expected to attend all classes and laboratory sessions and attendance is mandatory for all freshman-level courses (1XX). It is the responsibility of the student to inform each instructor of extended absences. When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor can drop the student from the class with a grade of W before the course drop deadline and with a grade of F after the course drop deadline.

**Excused Absences for University-Recognized Activities**

Students who will be absent while representing the University in officially recognized University activities (sports, band, professional conferences, etc.) must notify the Dean of Students not less than ten (10) days prior to the absence. The Dean of Students will provide the student with a letter of excuse for the professors. It is the student’s responsibility to give the letter to the professors prior to the official recognized activity. Students following these procedures will be permitted to make up both assignments and examinations in consultation with faculty.
EXCUSED ABSENCE AND/OR COURSE DROP POLICY

According to UTEP Curriculum and Classroom Policies, “When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor may drop the student from the class with a grade of “W” before the course drop deadline and with a grade of “F” after the course drop deadline.” See academic regulations in the UTEP Undergraduate Catalog for a list of excuse absences. Therefore, if I find that, due to non-

Military Leave

Section 51.9111, Texas Education Code, and 19 Texas Administrative Code 4.9 provides that students be excused from scheduled classes or other required activities if the student is called to and participates in active military service for a reasonably brief period and that the student shall be allowed to complete an assignment or exam within a reasonable time after the absence. The excused absence is permitted only if the student will not miss more than 25% of the total number of class meetings or the contact-hour equivalent (not including the final examination period) for the specific course or courses in which the student is enrolled at the beginning of the period of active military service.

Students called to active military service must provide a copy of their military orders to the instructor of each course. Further information is available under Complete Withdrawal Due to Active Military Service.

Absence From Examinations

A student absent from a test during the semester is graded zero (0) unless another policy is set by the instructor.

Dead Day

This specific day will be scheduled one day after the last day of classes during the fall and spring semesters. The following policy will be observed:

1. No classes will be held on this day, except classes which meet once a week on that day.
2. Make-up exams should be left to the discretion of each individual instructor.
3. All student work (e.g., research papers, lab reports, term paper, etc.) should be due prior to this day.
4. If a comprehensive final is given, no new material, quizzes, or exams should be given two calendar days prior to Dead Day, and attention should be given to review of semester material. Implementation of this recommendation is to be left to the discretion of the individual instructor.

Absence for Religious Holy Days

Religious holy day means a day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code. Section 51.911 of the Texas Education Code and 19 Texas Administrative Code 4.4 related to absences by students for observance of religious holy days states that the institution shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection cannot be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. The student must provide written notice to the instructor of each course that he or she will be absent for a religious holy day not less than 10 days prior to the absence. If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day as defined therein, or if there is similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor can request a ruling from the Provost or the Provost’s designee. The student and the instructor shall abide by the decision of the Provost or designee.

Academic Integrity

The University of Texas at El Paso prides itself on its standards of academic excellence. In all matters of intellectual pursuit, UTEP faculty and students must strive to achieve excellence based on the quality of work produced by the individual. In the classroom and in all other academic activities, students are expected to uphold the highest standards of academic integrity. Any form of academic dishonesty is an affront to the pursuit of knowledge and jeopardizes the quality of the degree awarded to all graduates of UTEP. It is imperative, therefore, that the members of this academic community understand the regulations pertaining to academic integrity and that all faculty insist on adherence to these standards.

Any student who commits an act of academic dishonesty is subject to discipline. Academic dishonesty includes, and is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP) can result in sanctions ranging from disciplinary probation, to a failing grade on the work in question, to a failing grade in the course, to suspension or dismissal, among others.

More detail: http://catalog.utep.edu/policies-regulations/attendance-grading/
performance in the course, you are at risk of failing, I will drop you from the course. I will provide 24-hour advance notice via email.

OR

I will not drop you from the course. However, if you feel that you are unable to complete the course successfully, please let me know and then contact the Registrar’s Office to initiate the drop process. If you do not, you risk receiving an “F” for the course.

MAKE-UP WORK

Make-up work will be given only in the case of a documented emergency. Note that makeup work may be in a different format than the original, require more intensive preparation, and may be graded with penalty points. If you miss an assignment and the reason is not considered excusable, you will receive a zero. It is, therefore, important to reach out to me—in advance if at all possible—and explain with proper documentation why you missed a given course requirement. Once a deadline has been established for make-up work, no further extensions or exceptions will be granted.

ALTERNATIVE MEANS OF SUBMITTING WORK IN CASE OF TECHNICAL ISSUES

I suggest that you submit your work with plenty of time to spare if you have a technical issue with the course website, network, and/or your computer. I also suggest you save all your work (answers to discussion points, quizzes, exams, and essays) in a separate Word document as a backup. This way, you will have evidence that you completed the work and will not lose credit. If you are experiencing difficulties submitting your work through the course website, don't hesitate to contact the UTEP Help Desk. You can email me your backup document as a last resort.

INCOMPLETE GRADE POLICY

Incomplete grades may be requested only in exceptional circumstances after you have completed at least half of the course requirements. Talk to me immediately if you believe an incomplete is warranted. If granted, we will establish a contract of work to be completed with deadlines.

ACCOMMODATIONS POLICY

The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants, applicants for admissions, and other beneficiaries of University programs, services, and activities with documented disabilities to provide them with equal opportunities to participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Reasonable accommodation will be made unless it is determined that doing so would cause undue hardship for the University. Students requesting an accommodation based on a disability must register with the UTEP Center for Accommodations and Support Services (CASS). Contact the Center for Accommodations and Support Services at 915-747-5148, or email them at cass@utep.edu, or apply for accommodations online via the CASS portal.

SCHOLASTIC INTEGRITY

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as one’s
own. Collusion involves collaborating with another person to commit any academically dishonest act. Any academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) for possible disciplinary action. To learn more, please visit HOOP: Student Conduct and Discipline.

CLASS RECORDINGS

The use of recordings will enable you to have access to class lectures, group discussions, and so on in the event you miss a synchronous or in-person class meeting due to illness or other extenuating circumstances. Using such technology is governed by the Federal Educational Rights and Privacy Act (FERPA) and UTEP’s acceptable-use policy. A recording of class sessions will be kept and stored by UTEP following FERPA and UTEP policies. Your instructor will not share the recordings of your class activities outside of course participants, which include your fellow students, teaching assistants, or graduate assistants, and any guest faculty or community-based learning partners with whom we may engage during a class session. You may not share recordings outside of this course. Doing so may result in disciplinary action.

TEST PROCTORING SOFTWARE

Course assessments (the midterms and final exam) will use Respondus Lockdown Browser and Respondus Monitor inside Blackboard to promote academic integrity. You are encouraged to learn more about using these programs before the first test.

Please review the following guidelines:

- The assessments will only be available at the times identified on the course calendar.
- You may take the test at any time during the 24-hour window.
- A reliable Internet connection is essential to completing the exam. If you must go to a location to take the exam (such as the library), follow their health and safety requirements.
- You have 2 attempts to take the test. Once the window closes, your answers will be saved, and no changes can be made. The higher score will be recorded.
- Respondus Lockdown Browser will require that all internet tabs are closed before the start of the test.
- Respondus Monitor requires a webcam and microphone.
- You will be required to show your student ID to the webcam before the start of the test.
- Your face should be completely visible during the test. Blocking the camera will disable the test.
- No notes or textbook materials are permitted during the test. Respondus Monitor requires you to take a video of your surrounding area (desk, chair, walls, etc.)
- You should not converse with others and/or leave and return to the area during the test.

PLAGIARISM DETECTING SOFTWARE

Some of your coursework and assessments may be submitted to SafeAssign, a plagiarism-detecting software. SafeAssign is used to review assignment submissions for originality and will help you learn how to attribute sources rather than paraphrase properly.
COPYRIGHT STATEMENT FOR COURSE MATERIALS

All materials used in this course are protected by copyright law. The course materials are only for the use of students currently enrolled in this course and only for this course. They may not be further disseminated.

COVID-19 PRECAUTIONS

Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible so that we can work on appropriate accommodation. If you have tested positive for COVID-19, you are encouraged to report your results to covidaction@utep.edu so that the Dean of Students Office can support and help communicate with your professors. The Student Health Center is equipped to provide COVID-19 testing.

The Centers for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can care for Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area and will be available at no charge on campus during the first week of classes. For more information about the current rates, testing, and vaccinations, please visit epstrong.org

Course Resources: Where you can go for assistance.

UTEP provides a variety of student services and support:

Technology Resources
- Help Desk: Students experiencing technological challenges (email, Blackboard, software, etc.) can submit a ticket to the UTEP Helpdesk for assistance. Contact the Helpdesk via phone, email, chat, website, or in person if on campus.

Academic Resources
- UTEP Library: Access a wide range of resources, including online, full-text access to thousands of journals and eBooks, plus reference service and librarian assistance for enrolled students.
- University Writing Center (UWC): Submit papers here for assistance with writing style and formatting, ask a tutor for help, and explore other writing resources.
- Math Tutoring Center (MaRCS): Ask a tutor for help and explore other available math resources.
- History Tutoring Center (HTC): Receive assistance with writing history papers, get help from a tutor, and explore other history resources.
- RefWorks: A bibliographic citation tool; check out the RefWorks tutorial, Fact Sheet, and Quick-Start Guide.

Individual Resources
- Military Student Success Center: Assists personnel in any branch of service to reach their educational goals.
- Center for Accommodations and Support Services: Assists students with ADA-related accommodations for coursework, housing, and internships.
- Counseling and Psychological Services: Provides various counseling services, including individual, couples, and group sessions and career and disability assessments.
Addendum to Syllabi (Subject to Change)

Class Attendance Policy

Attendance is mandatory. **Anyone with 5 or more absences will be dropped from the class.** A drop for not attending will count toward the State Allowed Six Drop Limit. If you fail the class at the time of the drop, you may also be given a WF designation. A drop could adversely impact visa status, financial aid, and other programs.

As per UTEP rules, you may be asked to show a UTEP ID anytime during class. Anyone present and not registered in the class will be subject to disciplinary action unless the instructor gives prior approval.
Class quiz retaken policy

Missing class quizzes and attendance can be retaken if it is a UTEP-approved absence (Seminar, Sports, COVID-19 or physical illness with medical proof, etc.)

Phone and personal computer usage in the classroom

Students should only use a phone or personal computer if it is asked (by the professor) to use it. It can be used during the i-clicker quiz or solving numerical problems. If it is used without the permission of the professor or TA, the first warning will be given by Oral or Email notification, the second warning will deduct 5 points, and the last (the 3rd) warning will curtail 10 points from the class performance.

Excused Absence for Exams

The UTEP catalog allows Exam Absence to be excused ONLY for University-Recognized Activities and specific situations. Medical absence is NOT allowed in the UTEP catalog. For consistency with the catalog, students will NOT be excused from exams due to illness.

Harassment Policy

The University (see Handbook of Operating Procedures 1.2.2.4) has a zero-tolerance policy for harassment. Engagement in any behavior considered harassment will be reported to the proper authorities. In addition to generally understood forms of harassment, the department also treats the following behavior as harassment:

• Repeated emails and/or calls regarding subjects that have already been addressed. Once a decision has been made or a question answered, a student who continues to ask the same question will be given a warning by the recipient of the email/call. If the student continues, the behavior will be reported. Questions that seek understanding of course material are not harassment, but repeated questions about a grade or an administrative decision are.

• Grades are NOT negotiable, ever. If you believe a grading mistake has been made, you must follow the process described in the UTEP catalog. Any request for a grade elevation NOT based on a mistake is considered harassment and will be reported immediately.

• Remaining in an office after the occupant requests you leave is considered harassment and potentially threatening. You will be reported immediately without warning and, depending on the severity, may be reported to law enforcement.

Similar behavior towards department staff and student advisors will also be treated as harassment, including persistent phone calls, emails, and badgering. Department staff and student advisors are there to help students and should be treated with due respect.
