Assignment Details

Sketchbook Assignments - You will have a total of 8 sketchbook assignments worth 15 points each (15 x 8 = 120). These assignments will vary depending on the current theme and will be related to other assignments and/or activities. You will need to submit these as a jpeg, jpg, pdf, or word doc file, unless otherwise specified. Specific directions and rubrics are found on Blackboard.

Content Connection - Content Connection assignments will center on aligning the creative arts practices to other content areas. Unless otherwise specified, Content Connection assignments should use

Kindergarten as the grade level, and TEKs should be written to include both the number and the verbiage. You will have a total of 7 Content Connection assignments worth 15 points each (with the exception of the Content Connection: Process vs Product assignment that is worth 30 points ($6 \times 15 = 90 + 30 = 120$)). Specific directions and rubrics are found on Blackboard.

Exam Prep - The Exam Prep assignments are designed to help you study for the fine arts portion of the state content exam. We will be using a variety of methods to help with this. You will have a total of 4 Exam Prep assignments worth 15 points each ($4 \times 15 = 60$). Please note that this is not an exhaustive program for content exam prep, so additional studying prior to taking the content exam may be necessary. Specific directions and rubrics are found on Blackboard.

Quizzes - Quizzes are utilized in this course to assess your growth in that area as a result of your experiences in this class. They are graded on a points system worth 30 points each ($30 \times 3 = 90$).

Assignments - These assignments are Process Vs Product (65 points), Art and Culture (55 points), Song Lyric Interpretation (45 points), and Theatre Lesson/Activity (30 points). Points for these 4 assignments vary, and total 195 points. Specific directions and rubrics are found on Blackboard.

Discussion Board/Flip (formerly Flipgrid) - To facilitate a variety of types of “classroom” discussion, we will be utilizing the discussion board on Blackboard, and Flip. Each has their own structure that is considered user friendly. If you are unfamiliar with any of these programs, please become familiar with them on your own. You will have a total of 6 activities worth 40 points each ($6 \times 40 = 240$). These assignments require 3 parts due Wednesday, Friday, and Sunday, all by 11:59pm MT. Specific directions and rubrics are found on Blackboard.

Islands of Personality Presentation (125 points): You will create 3 Islands of Personality by creating 3 different art pieces utilizing the wide array of method and skills that you have gained throughout the semester. These creative works should represent you as a person, and should be of the quality that you are excited to present to the class, and display in your future classroom. This assignment will be in the form of a presentation submitted through Flip. This assignment is NOT like the Flip assignments mentioned above—this assignment does not require the use of a discussion board or feedback to peers.

Final Exam - Your final exam will be made up of questions from your previous quizzes, and exam prep. It will also have questions regarding the various readings, and videos throughout the semester. Your final exam will be worth 50 points total.
