

Weekly Calendar (Subject to Change)

All quizzes are open book, and they are available on the appropriate dates specified in this calendar on Blackboard, from 12:00 AM to 11:59 PM (MST), for you to open and post the pdf file of your solution on Blackboard. Once you open the quiz, you have exactly one hour to complete it and post the pdf file of your solution on Blackboard. If not, the corresponding grade will be counted as zero. No exception or excuse to this rule will be accepted. No late work will be accepted.

Important Note: E-mail submissions are not accepted. Any issue with Blackboard should be reported and resolved through the UTEP Technology Support. This is completely out of the instructor's hands.

Please note also that Blackboard is not well supported by images, and you need to post the pdf file of your solution on Blackboard.
