

**THE UNIVERSITY OF TEXAS AT EL PASO**  
**COLLEGE OF SCIENCE**  
DEPARTMENT OF Mathematical Sciences

**Course #:** 27545  
**Course Title:** Calculus II (Math 1312)  
**Credit Hrs:** 3  
**Term:** Spring 2017  
**Course Meetings & Location:** MW, 9:00-10:20 AM  
LART 303  
**Prerequisite Courses:** Calculus I. In particular, students should be familiar with the quadratic equation, exponential and logarithmic functions, trigonometric and hyperbolic functions, as well as their inverses and their derivatives.

**Course Fee: (if applicable)**

**Instructor:** Dr. B. D. Rouhani  
**Office Location:** Bell Hall 327  
**Contact Info:** Phone # 747-6767  
E-mail address: behzad@utep.edu  
Fax # 747-6502  
Emergency Contact

**Office Hrs:** MW, 3:00-4:00 PM, and by appointment.

**Textbook(s), Materials:** Required: Larson and Edwards, Calculus II, 10<sup>th</sup> Edition, Cengage Learning, Ohio, USA.  
The textbook is required at all class meetings, and is intended to be read in full.  
Graphing calculator with capabilities equivalent at least to the TI-85. (Calculator is not allowed during quizzes, tests and/or exams).  
Suggested: (for more advanced and motivated students) Tom M. Apostol, Mathematical Analysis: A modern approach to Advanced Calculus, Addison-Wesley Longman Inc., 1974.

**Course Objectives (Learning Outcomes):** The course continues Calculus I where students have learned about limits and derivatives. The main objectives of Calculus II include teaching the students the basic techniques of integration for functions of one variable, and introduce to them the notion of infinite series and their convergence and divergence criteria, and how they can be used in approximation techniques, as well as many applications of the integral to physical problems such as computing areas, surfaces and volumes. By the end of the course, the students should be well prepared to take more advanced courses in Math, such as differential equations, as well as be able to apply their knowledge to solve practical problems they encounter in physical sciences and engineering.

**Course** The class is a student run class. Therefore besides the core lecture, as well as the computer demonstrations, the instructor will regularly ask questions to students who are expected and strongly encouraged to actively participate in the group discussions that will follow.

**Activities/Assignments:** The instructor will regularly assign homework. It is essential for your success in this class that you diligently work all the homework problems. Homework will include reading assignments, as well as group projects.

Homework for each section is due the next class after we finish that section. Late homework is not accepted. Homework should be stapled at home.

It is expected that you spend an absolute minimum of six hours a week outside of class on solving homework problems, working on the lab assignments, reading the textbook and reviewing your class notes.

List of Homework problems:

Section Number	Problem Numbers
8.1	14, 18, 22, 35, 42, 44, 46
8.2	20, 29, 46, 51, 55, 56
8.3	8, 12, 32, 45, 54, 61, 64
8.4	14, 22, 31, 34, 36, 39, 46
8.5	10, 15, 18, 22, 26, 27, 32
8.6	15
8.7	29, 31, 35, 46, 51, 56, 57
8.8	25, 27, 30, 32, 37, 39, 48
9.1	32, 34, 38, 40, 41, 43, 44
9.2	13, 20, 26, 27, 38, 54, 66
9.3	15, 16, 22, 36, 47, 49, 52
9.4	7, 17, 19, 20, 21, 22, 23, 29
9.5	23, 32, 34, 42, 45, 52, 53
9.6	29, 34, 38, 49, 61, 62, 63, 67, 92
9.7	6, 41, 42, 50, 53
9.8	8, 19, 26, 34, 36
9.9	10, 22, 25, 36
9.10	14, 19, 26, 39, 56
7.1	27, 30, 32, 42, 56, 74
7.2	5, 12, 20, 28, 34
7.3	3, 16, 20, 28, 30
7.4	12, 22, 24, 38, 44

**Assessment of Course Objectives:** Besides the group class discussions and the homework assignments that were mentioned above, quizzes will regularly be given in class on almost every section that will be covered in class, and will count towards your final grade as explained below in the grading policy. Although the group class discussions do not affect directly your final grade, however, actively participating in them will be considered when deciding about the final grades for the students on the border line (i.e. between C or D). In addition, there will be a final comprehensive exam for this course.

**Course Schedule:** We will cover the following material according to the following tentative (subject to change) timeline:

Week of	Sections covered	Events
January 16	8.1, 8.2	No class on 1/16, Martin Luther King, Jr. Birthday
January 23	8.3, 8.4	
January 30	8.5 and review	Wednesday 2/1 is the last day to drop without "W" (Census Day).
February 6	8.6, 8.7	
February 13	8.8 and review	
February 20	Review and 9.1	
February 27	9.2, 9.3	
March 6	9.4, 9.5	
March 13		No class from March 13-17, Spring Break
March 20	9.6, 9.7	
March 27	Review	Thursday, March 30, is the last day to drop with an automatic "W". Friday, March 31 is the Cesar Chavez Birthday Observance, No classes.
April 3	9.8, 9.9	
April 10	9.10, 7.1	Friday, April 14 is the Spring Study Day, No classes.
April 17	7.2, 7.3	
April 24	7.4 and review	
May 1	Review	No class on 5/5 (Dead Day)
May 8	Finals week	Comprehensive Final exam is on Wednesday, May 10, at 10:00 AM in LART 303

**(NOTE: Final exams must be given at the scheduled time; any/all exceptions must be approved by both the department chair and the dean.)**

**Notes: 1) The instructor will NOT assign a "W" for students dropping the course after the deadline.**

**2) Help: There is plenty of help available to you provided you are willing to take advantage of it. The Tutoring and Learning Center, located on the third floor of the UTEP Library, tel. 747-5366, offers free tutoring. Also, besides my office hours I will gladly meet with you on a drop in basis any time I am free to do so. Talk to me before or after class or by phone or by email to set up an appointment.**

**3) If a student is caught cheating on any quiz, test and/or exam, in particular by using a cell phone and/or a calculator, he/she will be assigned a grade of "F" for the entire course, and may be referred to the office of the Dean of Students as well, for further action.**

**Grading Policy:** The usual grading scale will be used for this course (90 or above corresponds to an A, 80 to 89 is a B, 70 to 79 is a C, 60 to 69 is a D, below 60 is an F).

The final grade G will be calculated according to the following formula:

$$G = \text{Max}\{(0.9) Q + (0.1) H, F\}$$

Where Q is the average grade of all quizzes, H is the homework grade, and F is the final exam's grade.

**Make-up Policy:** Make-up tests or quizzes will only be given under extraordinary circumstances (as determined only by the instructor), and only if you notify the instructor prior to the exam date.

**Attendance Policy:**

- Attendance to all classes is required; late arrivals are not allowed; more than three consecutive absences without prior notice or justification will result in the student's drop from the class list with an "F".

**Academic Integrity Policy:** See UTEP's policy cited in <http://academics.utep.edu/Default.aspx?tabid=23785>

**Civility Statement:** Active participation and teamwork is strongly encouraged; use of cell phone and talking during class, which results in the disruption of other students, are not allowed.

**Disability Statement:** **If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to [cass@utep.edu](mailto:cass@utep.edu), or visit their office located in UTEP Union East, Room 106. For additional information, please visit the CASS website at [www.sa.utep.edu/cass](http://www.sa.utep.edu/cass).**

**Military Statement:** If you are a military student with the potential of being called to military service and /or training during the course of the semester, you are encouraged to contact me as soon as possible.

t

- ***General remark:***

*If you have problems with the course material, need to be absent for a test, or have any other circumstance that may affect your performance in the course, contact me as soon as possible. I will do everything I can to enable you to succeed in this course and I expect you to be as diligent in your efforts as I am in mine.*

***If you have any question, please send it to Dr. B.D. Rouhani via e-mail at [behzad@utep.edu](mailto:behzad@utep.edu)***
