

The University of Texas at El Paso
MECH 2322: Mechanics of Materials
Spring 2021

Instructor:	Office Hours (Virtually via Zoom):
Alejandra G. Castellanos, Ph.D. Department of Mechanical Engineering A116 Engr. Building castellanos@utep.edu	T 3:00-4:00 pm W 4:30-5:30 pm or by appointment https://us02web.zoom.us/j/88516355405?pwd=ci9nY0J6MjJhWnorWThHc0RXQmppQT09 Meeting ID: 885 1635 5405 Passcode: 3mgCnZ
TA:	Office Hours (Virtually via MS Teams):
Noshin R. Habib nrhabib@miners.utep.edu	MW 12:00-1:30 pm https://teams.microsoft.com/l/meetup-join/19%3ameeting_MIE5N2VhZjUtMDNiZC00ZDY4LWJjYmQtNWVjYzZiYjBIMDA5%40thread.v2/0?context=%7b%22Tid%22%3a%22857c21d2-1a16-43a4-90cf-d57f3fab9d2f%22%2c%22Oid%22%3a%22507e28c7-9f6d-4ef6-8909-dc77648b3152%22%7d

Class meeting time and location: TR 1:30-2:50 pm through Zoom.

Join Zoom Meeting

Meeting ID: 852 8336 9815

Passcode: 5YbZeh

Prerequisites: MECH 1321: Mechanics I - Statics

Course overview: The overall goal of this course is to determine stresses, deflections, and stability of deformable bodies, including axial loading, torsion, bending, combined loadings, stress transformation in 2D and 3D, and statically indeterminate problems. This course is mathematically intense and requires prior knowledge of Statics

Textbooks: (Required) Mechanics of Materials, 10th Edition by R.C. Hibbeler, Pearson Publishing

Other course materials:

- Any Mechanics of Materials (MoM) textbook. A free e-book on Introductory Mechanics of Materials by M. Vable can be downloaded at <http://madhuvable.org/books-2/introduction/>
- Supplemented example problems posted in Blackboard.
- Slides posted in Blackboard. (Class notes will **NOT** be uploaded and Class will **NOT** be recorded). You can record the class for your personal use, but you cannot distribute the content (i.e. upload it to YouTube).

Course home Page: The “**Course Home Page**” has been created on Blackboard. Make sure you have access to this site; it will be used to distribute lecture notes, assignments and grades. The email distribution list for the class will be used for announcements and reminders. **Check your email account on a regular basis.**

Grading:

Homework	30%
Exam 1	13%
Syllabus Quiz	2%
Exam 2	20%
Exam 3	20%
Exam 4	15%
Total	100%

Grading will be conducted on an absolute scale. Under this system it is possible for the entire class to get an A or the entire class to get an F depending on the ability and performance of the individuals in the class. It is also easy for you to evaluate how you are doing in the class during the semester. The following criteria will be used to assign a grade for the course:

100-91%	A
81-90%	B
71-80%	C
61-70%	D
<60%	F

Technology Requirements:

Course content is delivered via **Zoom** and **Blackboard** learning management system. Ensure your UTEP e-mail account is working and that you have access to the Web and a stable web browser. Google Chrome and Mozilla Firefox are the best browsers for Blackboard; other browsers may cause complications. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

You will need to have access to a computer/laptop, scanner, webcam and microphone. You will need to download or update the following software: Microsoft Office, Adobe Acrobat Reader, Windows Media Player, QuickTime, and Java. Check that your computer hardware and software are up-to-date and able to access all parts of the course.

IMPORTANT: If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP Help Desk as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. Class will **NOT** be recorded.

Homework:

All problems should be worked on a separate piece of paper. One to two problems will be randomly selected for grading from each assigned homework set.

For **Full Credit**, each homework problem must include the following information:

- Your name
- Problem number
- A diagram describing the problem when appropriate (e.g. Free body diagram)
- State appropriate formula
- Complete and detail solution: step-by-step solution and appropriate units.
- Write 2-3 sentences describing in words the concepts covered in the problem

Homework is due at the beginning of each class (see schedule for dates) through Blackboard. Late homework is NOT accepted and will result in a zero grade. The lowest homework grade over the course of the semester will be dropped.

If you believe your grade is incorrect after you have checked the solution, you will have one week until to consult with me about it. After that date, your grade will be permanent.

Exams:

There will be four exams. All exams are closed book and closed notes with the following exceptions:

- For Exams 1 and 2, students are allowed to bring notes on one 8.5" x 11" sheet of paper with notes on *one side only*.
- For Exams 3 and 4, students are allowed to bring notes on one 8.5" x 11" sheet of paper with notes on both sides.

The note sheet can include problems, derivations, and concepts, anything you can fit in it as long as it is written by you. The note sheets must be written by the student. Photocopies are NOT allowed. Student will turn in their note sheets with their exams. Failure to submit your notesheet with your exam will result in a 0 for that exam. If two students have the same note sheet, a 50% reduction will be applied to each problem, which means that the maximum grade that you can obtain is 50. More than one notesheet will result in a 0 for the exam.

Exams will be available in Blackboard and send by email at **1:30 pm** on the day of the exam and it will be due at **2:50 pm** through blackboard or by email. Exams that are submitted later than this time will not be graded and will result in

0.

- The exams will be theory questions and problems.
- During your exam, you need to enable the camera and microphone of your computer or phone. This will allow you to ask me any question that you might have and it will allow me to see the progress of your test.
- You will need to take pictures/scan the pages of the problem that you solve along with your note sheet. Then you need to upload them to blackboard before 4:20 pm.

If you arrive more than 15 minutes late on an exam, your exam will not be graded. There will be no makeup exams administered. No exceptions!

Please observe the university's academic regulations outlined in the UTEP Graduate Catalog (<http://catalog.utep.edu/grad/>), in addition to more detailed course policies described below.

If you believe your grade is incorrect after you have checked the solution, you will have one week until to consult with me about it. After that date, your grade will be permanent.

Email Policy:

The best communication method is through UTEP email, office hours and during class. I will reply to general questions or concerns within 2 to 3 business days, Monday through Friday, during business hours (8:00AM-5:00PM). Emails received after 5:00PM, may not be responded to until the next business day.

- If the answer is in the syllabus, I will not reply unless the question is about clarifying information.
- I do not answer emails during the weekend.
- I do not explain complete lectures or solved problems through email. If you need clarification on one of the topics, attend my office hours. If you cannot make it, please schedule an appointment. The meetings will be scheduled several days after your initial email due to my busy schedule. Office hours are not a substitute for the class.

Bottom line: Ask questions in class and during office hours.

COVID-19 Precautions:

Students are not permitted on campus when they have a positive COVID-19 test, exposure or symptoms. You must STAY AT HOME and REPORT if you (1) have been diagnosed with COVID-19, (2) are experiencing COVID-19 symptoms, or (3) have had recent contact with a person who has received a positive coronavirus test. Reports should be made at screening.utep.edu. If you know of anyone who should report any of these three criteria, you should encourage them to report. If the individual cannot report, you can report on their behalf by sending an email to COVIDaction@utep.edu.

For each day that you attend campus—for any reason—you must complete the questions on the UTEP screening website (screening.utep.edu) prior to arriving on campus. The website will verify if you are permitted to come to campus. Under no circumstances should anyone come to class when feeling ill or exhibiting any of the known COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, and alternative instruction will be provided. Students are advised to minimize the number of encounters with others to avoid infection.

Wear face coverings when in common areas of campus or when others are present. You must wear a face covering over your nose and mouth at all times in this class. If you choose not to wear a face covering, you may not enter the classroom. If you remove your face covering, you will be asked to put it on or leave the classroom. Students who refuse to wear a face covering and follow preventive COVID-19 guidelines will be dismissed from the class and will be subject to disciplinary action according to Section 1.2.3 *Health and Safety* and Section 1.2.2.5 *Disruptions* in the UTEP Handbook of Operating Procedures.

Attendance Policy:

Attendance is mandatory. Anyone with 5 or more absences will be dropped from the class. A drop for not attending will count toward the State Allowed Six Drop Limit. If you are failing the class at the time of the drop you may also be given a WF designation. Be advised that a drop could adversely impact visa status, financial aid and other programs. Students must arrive to class on time. If you will not be able to make it to the class session, contact the instructor in advance via email.

As per UTEP rules, you may be asked to show a UTEP ID at any time during class. Anyone who is present and/or registered in the class will be subjected to disciplinary action unless the instructor gives prior approval.

Excused Absence for Exams:

The UTEP catalog allows Exam Absence to be excused **ONLY** for University-Recognized Activities or other specific situations listed on the Academic Catalog. You must notify the instructor with at least **10 days prior to the absence**. Medical absence is **NOT** allowed in the UTEP catalog. If the student is absent from a test, the exam will be graded as zero (0).

Students with special needs:

Students with disabilities or special need, including both permanent disabilities (including learning disabilities, Attention Deficit Disorder, visual, mobility and hearing impairments, psychological disabilities, and chronic systemic disorders) as well as some temporary medical conditions (e.g. broken arm), are encouraged to see the UTEP Disables Student Services Office (DSSO) located at Union East Room 106 or contact them at (915) 747-5143 or at dss@ute.edu.

Diversity:

Diversity is a source of strength, creativity, and innovation. All students in this course are expected to value the contributions of each person and respect the ways in which their identity, culture, background, experience, status, abilities and opinion enrich our learning experience and university community.

Departmental Policy

Academic Honesty:

- During exams and quizzes, you are not allowed to use any form of wifi enabled electronic device, including cell phones or other electronic communication devices or methods (wrist watches, earbuds, etc.). No wrist watch or other electronic device may be worn. Calculators and watches may be subject to inspection. You may be asked to temporarily remove glasses to allow for their inspection.
- **You must show your work for all problems.** You must use the paper provided by the instructor. **If no work is shown you may not receive credit.** After the exam, the instructor may require you to explain how you solved a problem on the exam. If you refuse to or cannot explain your work you may be subject to disciplinary action.
- No electronic version of the book, loose paper print-outs of the book or extra sheets of paper of any kind are allowed unless explicitly mentioned in writing by the instructor. As a part of the zero-tolerance policy, if you have a cellphone or other electronic device capable of communication on your person; or if any proctor sees or hears any electronic device during the exam or if you share your work with someone else, you will be reported to the proper authorities and you may receive a zero on the exam or an F in the class. Other actions including suspension may also be pursued.
- University approved recording devices may be located at various locations in the room and may be out of sight of the students. These recordings will be managed according to the UTEP approved regulations for such media. The instructor may create a record of your activity during the exam and may take photographs of your work during the exam.
- If you arrive more than 15 minutes late to an exam, you will not be allowed to take the examination.
- There will be no makeup exams administered. If you have a university approved excuse, your instructor will have a process for determining how to handle the missing grade outlined in the syllabus. However, no makeup exams will be given.
- If you miss more than one exam, the instructor may choose to administratively drop you from the class. This may adversely impact a visa and financial aid.
- All students must present their UTEP issued ID prior to and during every exam and may be required to sign in. Not having a UTEP issued ID when asked will result in forfeiture of the exam. No other IDs will be accepted.

- **Scholastic dishonesty on homework, lab assignments and all other class assignments will be held to the same standards and requirements of academic honesty as quizzes and exams.**
- **Use of 3rd party websites for answers (Chegg.com, CourseHero, SparkNotes, Quizlet, etc.) is considered academic dishonesty.**
- **If you are suspected of scholastic dishonesty you may or may not be directly confronted about your conduct by the instructor or proctor. You will however, be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) and your exam may not be admissible. Your grade in the class may not be available until OSCCR makes a final ruling, this may adversely impact your ability to enroll in other classes.**

Harassment policy:

The department has a zero-tolerance policy harassment. Engagement in any behavior considered harassment would be reported to the proper authorities. In addition to generally understood forms of harassment, the department also treats the following behavior as harassment:

- Repeated emails and/or calls regarding subjects that have already been addressed. Once a decision has been made, or a question answered, a student who continues to ask the same question will be given a warning by the recipient of the email/call. If the student continues, the behavior will be reported. Questions that seek understanding of course material are not harassment, but repeated questions about a grade or n administrative decisions are.
- Grades are not negotiable, ever. If you believe a grading mistake has been made, you must follow the process described in the UTEP catalog. Any request for a grade elevation that is NOT based on mistake is considered harassment and will be reported immediately.
- Remaining in an office after the occupant requests you to leave is considered harassment and potentially threatening. You will be reported immediately without warning and depending on the severity, may be reported to law enforcement.
- Similar behavior towards department staff and student advisors will also be treated as harassment, including persistent phone calls, emails and badgering. Department staff and student advisors are there to help students and should be treated with due respect.

MECH 2322 Schedule

The approximate schedule is below. Slight changes may occur as needed.

Week	Date	Topic	Reading Due	Assignment
1	1/19	Course overview, Ch. 1: Stress	MoM 1.1-1.2	Read the syllabus
	1/21	Ch. 1: Stress	MoM 1.3-1.5	Syllabus Quiz due on Friday 1/22 by midnight
2	1/26	Ch. 1: Stress/Ch. 2: Strain	MoM 1.6, 2.1-2.2	
	1/28	Ch. 3: Mech Prop of Matls	MoM 3.1-3.3	HW 1 due at the beginning of class
3	2/2	Ch. 3: Mech Prop of Matls	MoM 3.4-3.6	
	2/4	Ch. 4: Axial Load	MoM 4.1-4.4	HW 2 due at the beginning of class
4	2/9	Ch. 4: Axial Load	MoM 4.4	
	2/11	Review		HW 3 due at the beginning of class
5	2/16	Test 1: Covers lectures from Jan 19 to Feb 11		
	2/18	Ch. 4: Axial Load	MoM 4.5-4.7	
6	2/23	Ch. 5: Torsion	MoM 5.1-5.3	*Extra credit due
	2/25	Ch. 5: Torsion	MoM 5.4-5.5	
7	3/2	Ch. 5: Torsion/Ch. 6: Bending	MoM 5.5, 5.8, 6.1	HW 4 due at the beginning of class
	3/4	Ch. 6: Bending	MoM 6.2-6.4	
8	3/9	Ch. 6: Bending	MoM 6.2-6.4, 6.6	
	3/11	Ch. 6: Bending/ Ch. 7: Transverse Shear	MoM 6.9, 7.1, 7.2	HW 6 will be assigned
9	3/16	SPRING BREAK		
	3/18			
10	3/23	Review		HW 5 due at the beginning of class
	3/25	Test 2: Covers lectures from Feb 23 to Mar 9		
11	3/30	Ch. 7: Transverse Shear/Ch. 8: Combined Loadings	MoM 7.3, 8.1	HW 6 due at the beginning of class
	4/1	Ch. 8: Combined Loadings	MoM 8.1-8.2	
	4/2	*Extra Credit		Due on Friday (4/2) by midnight (BB)
12	4/6	Ch. 9: Stress Transformation	MoM 9.1-9.3	HW 7 due at the beginning of class
	4/8	Ch. 9: Stress Transformation	MoM 9.4-9.5	
13	4/13	Ch. 9: Stress Transformation/Review	MoM 9.5	HW 8 due at the beginning of class
	4/15	Test 3: Covers lectures from Mar 26 to Apr 13		
14	4/20	Ch. 10: Strain Transformation	MoM 10.1-10.2	
	4/22	Ch. 10: Strain Transformation	MoM 10.5-10.6	*Extra credit due
15	4/27	Ch. 10: Strain Transformation	MoM 12.1-12.2	
	4/29	Ch. 12: Deflection of Beams and Shafts	MoM 12.6, 12.7	HW 9 due at the beginning of class
16	5/4	Ch. 12: Deflection of Beams and Shafts	MoM 12.7	
	5/6	Review		HW 10 due at the beginning of class
	5/10	FINAL EXAM TBD: covers lectures from Apr 20 to May 6
