UTEP Policies regarding COVID-19

The UTEP [Temporary Health and Safety Policy](#) requires all faculty, staff, and students to follow these guidelines:

- **Stay at home** if you (1) have been diagnosed with COVID-19, (2) are experiencing COVID-19 symptoms, or (3) have had recent contact with a person who has received a positive coronavirus test.
- **Report** (screening.utep.edu) if you (1) have been diagnosed with COVID-19, (2) are experiencing COVID-19 symptoms, or (3) have had recent contact with a person who has received a positive coronavirus test.
- **Complete screening questions** (screening.utep.edu) every day before coming to campus and follow instructions provided.
- While on campus:
 - **wear face coverings** when in common areas or when others are present;
 - maintain a minimum **separation of six (6)** feet between yourself and others when possible, and arrange spaces to make this possible in almost all circumstances;
 - **adhere to room/space limitations** on number of occupants; and
 - **wash and/or sanitize hands** frequently.

Faculty Responsibilities (a select list for your information)

- Complete self-screening (screening.utep.edu) prior to every campus visit.
- Inform students that they are required to complete self-screening (screening.utep.edu) prior to every campus visit. You should provide this information even if your course is entirely online because students may come to campus for other reasons (e.g., library, computer or internet access).
- Have a backup plan for instruction in the event that you become ill or must self-isolate.

- Verify that you have the ability to provide accommodations to students who might miss class, assignments, or exams because of COVID-19. When possible, discuss accommodations in syllabi.
- Include a COVID-19 statement(s) for classroom/lab/studio preventive policies in the syllabus and/or other official course documents (see below).

Student responsibilities

- Complete self-screening (screening.utep.edu) prior to every campus visit.
- Complete COVID-19 student training at [this site](#).
- Contact instructor if temporary accommodations due to COVID-19 are needed (i.e., due to positive COVID-19 test, symptoms, or exposure).
- If unable to wear a face covering (e.g., medical reasons), the best course of action is to enroll in courses that are entirely online or to work with academic advisors, if necessary, to identify alternative courses. If this is not possible, request an accommodation from [Center for Accommodations and Support Services](#) (CASS) prior to coming to campus for in-person activities. Students who receive an accommodation to not wear a face covering must share this with the professor and work to minimize contact with others in the class.

Statement Regarding COVID-19 Precautions:

- You must STAY AT HOME and REPORT if you (1) have been diagnosed with COVID-19, (2) are experiencing COVID-19 symptoms, or (3) have had recent contact with a person who has received a positive coronavirus test. Reports should be made at screening.utep.edu. If you know anyone who should report any of these three criteria, encourage them to report. If the individual cannot report, you can report on their behalf by sending an email to COVIDaction@utep.edu.
- For each day that you attend campus—for any reason—you must complete the questions on the UTEP screening website (screening.utep.edu) prior to arriving on campus. The website will verify if you are permitted to come to campus. Under no circumstances should anyone come to class when feeling ill or exhibiting any of the known COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, and alternative instruction will be provided. Students are advised to minimize the number of encounters with others to avoid infection.
- Wear face coverings when in common areas of campus or when others are present. You must wear a face covering over your nose and mouth at all times in this class. If you choose not to wear a face covering, you may not enter the classroom. If you remove your face covering, you will be asked to put it on or leave the classroom. Students who refuse to wear a face covering and follow preventive COVID-19 guidelines will be dismissed from the class and will be subject to disciplinary action according to Section 1.2.3 *Health and Safety* and Section 1.2.2.5 *Disruptions* in the UTEP Handbook of Operating Procedures.

- Please note that if COVID-19 conditions deteriorate in the City of El Paso, all course and lab activities may be transitioned to remote delivery.
- Students are not permitted on campus when they have a positive COVID-19 test, exposure or symptoms. If you are not permitted on campus, you should contact me as soon as possible so we can arrange necessary and appropriate accommodations.
- Students who are considered high risk according to CDC guidelines and/or those who live with individuals who are considered high risk may contact [Center for Accommodations and Support Services](#) (CASS) to discuss temporary accommodations for on-campus courses and activities.

**I want this class to be beneficial to you personally. Please do not hesitate to contact us with any concerns you may have about a particular assignment, the class as a whole or anything else.
