

THE UNIVERSITY OF TEXAS AT EL PASO

COLLEGE OF SCIENCE

DEPARTMENT OF MATHEMATICAL SCIENCES

COURSE BASICS

Course Number: MATH 1320: CRN 12169
Course Title: Mathematics for Social Sciences I
Credit Hours: 3
Term: Fall 2023
Meeting and Location: None –The course is entirely online via WebAssign and Blackboard
Prerequisite Courses: Math 0311 or placement by testing services

INSTRUCTOR INFORMATION

Instructor: Christy Mielke
Office Location: Bell Hall 144
Online Only-Zoom meeting room link on Blackboard

Contact

Instructor e-mail: chmielke@utep.edu
Course coordinator: Samantha Patterson at sjohnson5@utep.edu
Math Department: mathdept@utep.edu

COURSE COMMUNICATION:

How we will stay in contact with each other:

Because this is an online class, we won't see each other in the ways you may be accustomed to: during class time, small group meetings, and office hours. However, there are several ways we can keep the communication channels open:

Email: UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24-48 hours of receipt. When emailing me, be sure to email from your UTEP student account, and please put the **course number (Math 1320) in the subject line**. In the body of your e-mail, clearly state your question. Evening and weekend emails will be attended to during regular business hours. Other times at the discretion of the instructor.

Student Office Hours:

We will not be able to meet on campus, but I will still have office hours for your questions and comments about the course. You are not required to attend the sessions if you do not have questions.

- Monday and Wednesday from 10:30 am – 12 noon Mountain Time (Online in Zoom).
- If you do need help, and cannot attend during the scheduled time, please email me, at chmielke@utep.edu to schedule a one-on-one Zoom appointment.

[To access office hours:](#) The Zoom links are posted on the homepage of the Blackboard.

Announcements: Check the announcements posted on Blackboard and your UTEP e-mail frequently for any updates, deadlines, or other important messages.

REQUIRED TECHNOLOGY AND MATERIALS

Textbook

Finite Mathematics & Applied Calculus by Waner and Costenoble 8th Edition with a WebAssign access code.

Required

You must have the WebAssign access code. This gives you full access to both the assignments and the e-book.

Optional

A hard copy of the textbook is available but not required for the class. The e-book is adequate and comes with the required access code.

Calculator

A Scientific Calculator with the permutation/combination key is required (example: TI-30XIIS). A graphing calculator similar to a TI-83 or TI-84 is recommended. You may use a free online graphing utility and calculator such as [Desmos Graphing Calculator](#)

Online Components

You are required to have a WebAssign homework account.

You will also have access to other resources in Blackboard, see the Activities and Assignment subsection below.

Ensure your UTEP e-mail account is working and that you have consistent access to the internet and a stable web browser. [Mozilla Firefox](#), [Google Chrome](#), and [Safari](#) are the most supported browsers for both Blackboard and WebAssign. UTEP HelpDesk continues to offer you technical support at you can test your Internet connection from your location and make sure your upload and download speeds are at least 1-2 Mbps. www.fast.com

You will need to have regular access to a computer or laptop. Your cell phone is not sufficient for doing coursework, since the homework program is not optimized for mobile viewing.

- Microsoft Office (available for free through UTEP [UTEP Microsoft Office 365](#)),
- [Adobe](#),
- [Windows Media Player](#) or [QuickTime Player](#), and
- [Java](#).

Blackboard

Blackboard will be our primary platform. Inside the Blackboard course, you will be able to see announcements and course materials. Each chapter will have a folder where you can find a list of the assignments, lecture notes, videos, and other resources. Check out the resources reference page at the end of the syllabus for a list of currently available items.

Webassign

WebAssign is an online Course Management System of Cengage, the publisher of our text. You must have reliable internet to take this course. You will have a 21-day free trial (from the start of classes) so that you may access your coursework immediately.

To enroll in my class, use the link below to register for WebAssign using your **official UTEP email account**.

<https://www.getenrolled.com/?courseKey=utep61734824>

You only need to register once. The next time that you need to log in to WebAssign, visit www.webassign.net, click on "SIGN IN", enter your credentials, click on "My Courses", then click on the textbook for our class.

You are required to purchase an access code in order to keep your account active. The eBook option from the UTEP bookstore comes with an access code. When entering the code, enter all the words and characters in the boxes appropriately. You may also choose to purchase the access code directly from within WebAssign.

COURSE OVERVIEW

Course Objectives and Learning Outcomes

Math for Social Sciences I is a pre-calculus course designed for liberal arts, business, and non-science majors.

At the successful completion of this course:

- I. A student will be able to make meaningfully reflective connections between the mathematics of finance and the student's own situation and/or community engagement
- II. A student will be able to apply fundamental set and probability properties to calculate the probability for a given situation and utilize this to make decisions on the likelihood of outcomes including the expected value of a random variable. (Chapters 7, 8, & 9.1/9.3)
- III. A student will be able to model a situation utilizing an appropriate fundamental function (linear, quadratic, exponential, logarithmic) and solve for an unknown variable. (Chapters 1 & 2)
- IV. A student will be able to validate a mathematical model algebraically and graphically, (Chapters 1 & 2)
- V. A student will be able to model basic financial functions associated with interest, annuities, and loans and solve for an unknown variable. (Chapter 3)
- VI. Students will be able to construct and solve systems of linear equations utilizing multiple techniques. (Chapter 4)
- VII. Students will be able to construct and graphically solve systems of linear inequalities and linear programming problems (Chapters 6.1 & 6.2)

Activities and Assignments:

You will find all graded assignments on www.webassign.net. Please use Mozilla Firefox, Google Chrome, or Safari since WebAssign works best with these browsers. All graded work, including homework, quizzes, and exams, will take place through WebAssign. There are resources to help with your coursework in both WebAssign and Blackboard (see the resource guide at the end of this document).

Three unit exams and a comprehensive final exam will be given. You will have an optional retake opportunity for each of the unit exams. The higher of the two scores will be used.

Wintermester and Test Out:

If a student receives a grade of "D" or "F," they may register for the Wintermester workshop or take a comprehensive Test Out exam. A grade of 70% or better in the Wintermester course or a 70% or better on the comprehensive Test Out exam will replace a failing course grade with a grade of "C." (A grade change form will be signed and submitted by the coordinator for Math 1320, Mrs. Samantha Patterson).

Resources:

You will have course PowerPoint and video access through the Resources section of WebAssign and Blackboard. You can click on resources at the bottom of your WebAssign homepage. You will be able to access PowerPoint lectures from the publisher and the Cengage lecture videos for each section that we cover.

There are several useful features in WebAssign designed to give extra help. These include "Watch It" and "Master It" links. These are publisher-created and are enabled for any homework question in which they are available. The personal study plan has practice quizzes and the My Class Insights feature gives you a guide to how you are doing on the topics covered in class.

I am also available during office hours to help with questions.

In Blackboard you will have access to additional resources including: short and engaging lecture videos (made by UTEP faculty), tech guides, worksheets, multi-modal learning experiences, and an FAQ page for common questions. Check out the resource reference page at the end of the syllabus.

Tutoring

The MaRCS tutoring center offers free tutoring for math classes; their website has more information: <https://www.utep.edu/science/math/marcs/>

Website

UTEP Math 1320 website: <http://www.math.utep.edu/classes/math1320/>

Class Activity Settings

Homework Assignments

All homework will be completed on WebAssign. Each question has 5 attempts. I recommend you get help after the 3rd incorrect submission rather than waiting until you are out of attempts to get help.

The **Ask Your Teacher** Feature of WebAssign is the best way to ask questions about your homework as it shows me the entire problem. You are encouraged to use this as the first method of contact whenever you have homework questions.

PTL (Preparing to Learn)

In addition to regular homework assignments, you will have some pre-work to complete. These assignments cover review topics (order of operations, exponent rules, etc.) and are intended to help you prepare for the upcoming lesson. PTLs have the same settings as regular homework (5 attempts, no time limit) and will count as homework grades, so be sure you complete them!

Quizzes

After each chapter is covered, you will have a 60-minute timed quiz with five (5) questions from that material. The quizzes may contain problems you have not seen previously, but they will be based on the same concepts.

The password for all quizzes is the word **ready**.

Each question has 2 attempts. If you choose to start a quiz less than 60 minutes before the due date, the quiz will conclude at the due date, and your answers will be auto-submitted. Be sure to keep an eye on your time to help prepare for exams (the per-question time is less for an exam)

Reflection Quizzes

There are three (3) brief written reflection assignments throughout the course (1 per unit). These reflections ask you to extend course topics beyond what is covered in the book. The instructions and grading rubric can be found in WebAssign.

Reflections count as a quiz grade, so be sure you complete them! There is no time limit for these quizzes. You may open the assignment and return to it at a later date.

See the Statement on ChatGPT and other AI in the Academic Integrity section.

Exams

To review for each exam, keep thorough notes about your homework and quizzes. You will see similar problems on the exam. You may also want to use some of the additional material in WebAssign, such as 'Personal Study Plan.' The regular unit exams will be available on WebAssign for 48 hours before the due date specified by the course calendar and listed below and will have a link to an online scientific calculator. The final exam has special settings which you can read about below. You have two (2) attempts at each problem. You may use other online resources, such as calculators and graphing utilities, but be aware the 'Watch It,' 'Master It,' and 'Ask My Teacher' features of WebAssign will not be available. **You may not ask another person (including the MaRCS tutors) or answer website (e.g., CourseHero, Chegg, etc.) for help and it will be handled as a (possible) violation of Academic Integrity if you do**

- Exam 1: Available from Sunday, October 1st, 12:01 AM to Monday, October 2nd, 11:59 PM Mountain Time (MT)
 - covers 7.1 - 7.4; 8.1 - 8.5; 9.1, 9.3
- Exam 2: Available from Sunday, October 29th, 12:01 AM to Monday, October 30th, 11:59 PM MT
 - covers 1.1 - 1.4; 2.1 - 2.3
- Exam 3: Available from Sunday, December 3rd, 12:01 AM to Monday, December 4th, 11:59 PM MT
 - covers 3.1 – 3.3; 4.1 – 4.3; 6.1 & 6.2
- Final Exam: Available from Tuesday, December 12th, 12:01 AM to Wednesday, December 13th, 11:59 PM MT
 - covers all material for the semester

The password for all exams is the word **ready**.

The exam is timed at 120 minutes (two hours) once you begin, but if you choose to start an exam less than 120 minutes before the due date, the exam will conclude at the due date, and your answers will be auto-submitted. Also, be aware of the UTEP help desk hours (8 am – 5 pm) on weekdays and your instructor's availability during the exam, so you can plan properly.

ORES

Opportunity to Raise Exam Score (retake), will appear on WebAssign after the original exam according to the class calendar and listed below. A retake opportunity is available for the three regular exams, but **not the final exam**. The better grade of the two will be recorded. You do not have to take the ORES exam if you are satisfied with your original exam score. The ORES will be available on WebAssign for several days specified below. The exam is timed at 120 minutes (two hours) and will have a link to an online scientific calculator. You will have two attempts at each problem.

- Exam 1 Retake: Open from Sunday, October 8th, 12:01 AM to Monday, October 9th, 11:59 PM MT
- Exam 2 Retake: Open from Sunday, November 5th, 12:01 AM to Monday, November 6th, 11:59 PM MT
- Exam 3 Retake: Open from Thursday, December 7th, 12:01 AM to Saturday, December 9th, 11:59 PM MT

The password for all retake exams is the word **ready**.

If you choose to start an exam less than 120 minutes before the due date, the exam will conclude at the due date and your answers will be auto-submitted.

Final Exam

The final exam will be available for two days during final exams week. This is a comprehensive exam and is required for all students. Remember, the final exam is worth 25% of your overall course grade. The final exam is timed at 165 minutes (2hr 45min) and will have an accessible scientific calculator. You may use other online resources, such as calculators and graphing utilities. **You may not ask another person (including MaRCS Tutors) or answer the website (e.g., CourseHero, Chegg, etc.) for help and it will be handled as a (possible) violation of Academic Integrity if you do.** You have two (2) attempts at each problem.

The password for the final exam is the word **ready**.

The final exam will open on Tuesday, December 12th at 12:01 AM and closes on Wednesday, December 13th, at 11:59 PM Mountain Time.

Timed Assignments:

For all timed assignments, the clock begins once you open the assignment. This clock will not stop for any reason, not even if you log out. For this reason, it is important to check for any updates on your computer before beginning the timed assignments. The due date will change to reflect the time limit for timed assignments once you begin the quiz or exam.

Please note: Should you have circumstances beyond your control preventing you from completing the exam or quiz in the allotted time, you may email me for more time, but be prepared to provide supporting documentation – such as a screenshot of the issue, or internet outage report for your area.

Course Schedule:

A comprehensive course schedule is attached as the last pages of this syllabus. Semester highlights are included.

- | | |
|--|---|
| • August 28 th | First Day of Classes |
| • September 4 th | Labor Day |
| • September 13 th | Census Day (Last day to drop without a W) |
| • November 3 rd | Drop Day (Last day to drop with a W) |
| • Nov. 23 rd -24 th | Thanksgiving Holiday (no classes) |
| • December 7 th | Last Day of Classes |
| • Dec. 11 th – 15 th | Final Exams Week |

Grading Policy

You will be graded on homework, quizzes, in-class exams, and a final exam

- 15% Homework Assignments (Includes PTLs)
- 15% Quizzes (Includes Reflection Quizzes), with up to 3 lowest scores dropped
- 15% Exam I (or its retake, if better)
- 15% Exam II (or its retake, if better)
- 15% Exam III (or its retake, if better)
- 25% Final Exam

Letter grades are determined according to the following scale:

Grade Score

A	90-100
B	80-89
C	70-79
D	60-69
F	<60

Drop Policy

The Drop Date for this semester is Friday, November 3rd, 2023, before 5:00 PM Mountain Time. No drops will be approved after this date or time.

Students who decide to drop the course must process a drop form by emailing records@utep.edu by November 3rd before 5:00 PM MDT. Please note that the College of Science will remain aligned with the university and **will not approve any drop requests after that date.**

Incomplete Grade Policy

Incomplete grades may be requested only in exceptional circumstances after you have completed at least half of the course requirements. Talk to me immediately if you believe an incomplete is warranted. If granted, we will establish a contract of work to be completed with deadlines.

ADDITIONAL COURSE POLICIES AND STATEMENTS

Make-up Policy

Homework

An automatic homework extension can be requested within 2 days after the due date. To do so, log in to WebAssign and click on My Assignments. Scroll to the assignment you want to extend and click Request Extension. Select "Automatic" and "Accept" the extension. The new due date will be 72 hours from the time the extension is requested. Note, this means that **due time** will also change. No penalty will be applied to problems submitted after the original due date.

You may not view the answer key to a homework assignment prior to requesting the automatic extension for it.

****All homework and quizzes must be completed prior to the opening window of the final exam****

Quiz

An automatic quiz extension can be requested within 2 days after the due date. To do so, log in to WebAssign and click on My Assignments. Scroll to the assignment you want to extend and click Request Extension. Select "Automatic" and "Accept" the extension. The new due date will be 24 hours from the time the extension is requested. Note, this means that **due time** will also change. You will still have the 1-hour time limit after opening the quiz. **You'll only earn up to 80% credit for the late submission, but that's much better than a zero!**

Note, the extension for a quiz can only be requested after the due date. If you choose to start the quiz before the due date and run out of time, you cannot request an extension. For example, if you start the quiz at 11:30 PM on the day it is due, you will only have 30 minutes to complete the quiz and it will automatically submit at 11:59 PM. Think carefully about whether you have enough time to complete the quiz before you start.

If you feel like you have some extenuating circumstance or have an excused absence that will keep you from completing the assignment or quiz in a timely manner, please contact me right away and be prepared to show supporting documentation – such as a university travel letter, medical documentation, military orders, etc.

University-Sponsored Events:

These include conferences, student-athlete competitions, etc. The student needs to inform me of any traveling conflicts before leaving and plan to make adequate arrangements to make up the missed material within one week of returning. Failure to do so will result in the forfeiture of points.

Exams

An opportunity to take an exam (or retake exam) outside of the designated window will only be granted in extraordinary circumstances such as severe illness or death in the family, and with appropriate documentation (e.g., doctor's note, military orders, notice of representation on UTEP events such as athletics).

Alternative Means of Submitting Work in Case of Technical Issues

I strongly suggest that you submit your work with plenty of time to spare if you have a technical issue with the course website, network, and/or your computer. I also suggest you save all your work (answers to homework, quizzes, and exams) in a separate Word document or hand-written notebook as a backup. This way, you will have evidence that you completed the work and will not lose credit. If you are experiencing difficulties submitting your work through the course website, please contact the [UTEP Help Desk](#).

You can email me your backup document as a last resort. You must also have proof of the technical issue with either a screenshot of the WebAssign issue or an email from your internet provider about an outage in your area.

Attendance Policy:

You are expected to work toward the completion of the course assignments daily. Attendance in this course is measured by the completed tasks. Failing to complete tasks in a timely manner is equivalent to being absent. Failure to complete assignments for two or more weeks without appropriate communication may result in you being dropped from the course. You are expected to check Blackboard and your UTEP miner's e-mail regularly for announcements as well as the WebAssign Announcement section.

Academic Integrity Policy:

The University policy is that all suspected cases or acts of alleged scholastic dishonesty must be referred to the Dean of Students for investigation and appropriate disposition. Any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes, but is not limited to cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give an unfair advantage to a student or the attempt to commit such acts.

I strongly discourage the use of sites such as Chegg, CourseHero, etc. in this class. If found to have consulted or contributed any material related to this class, you will be automatically reported to the Office of Student Conduct and Conflict Resolution as this could be considered a violation of the H.O.O.P. The HOOP can be found here [Handbook of Operation Procedures](#)

Each student is responsible for notice of and compliance with the provisions of the Regents' Rules and Regulations, which are available for inspection electronically at [Regents' Rules and Regulations](#)

All students are expected and required to obey the law, comply with the Regents' Rules and Regulations, with System and University rules, with directives issued by an administrative official during his or her authorized duties, and observe standards of conduct appropriate for the university. A student who enrolls at the university is charged with the obligation to conduct himself/herself in a manner compatible with the university's function as an educational institution.

Any student who engages in conduct that is prohibited by Regents' Rules and Regulations, U. T. System or University rules, specific instructions issued by an administrative official, or by federal, state, or local laws is subject to discipline, whether such conduct takes place on or off-campus or whether civil or criminal penalties are also imposed for such conduct.

As you will be taking online exams this semester, please take a moment to review this list of activities considered cheating by the Office of Student Conduct and Conflict Resolution (OSCCR). [Ways to Cheat](#)

Chat GPT and other AI platforms

Artificial Intelligence (AI) has become more easily accessible recently. We recognize there are useful functions of this technology and encourage you to use it ethically and responsibly for your academic endeavors. For example, it is fine to use AI to generate practice problems or examples to help you learn a concept (be cautious assuming everything you get is correct – sometimes it isn't!). However, it would be inappropriate and academically dishonest to submit work to be graded that was written or assisted by an AI program (e.g. Chat GPT). Just like the other tools you have available to help you through this course, you'll need to consider when and how to use them to help you meet your learning goals. If you are in doubt, please consult the instructor or any guidance UTEP may issue.

Course Netiquette Policy:

All correspondence with your instructor, TA, and other students should be conducted in an appropriate and professional manner. Please be considerate of your tone and word choice when conducting correspondence.

Accommodation Policy:

The University is committed to providing reasonable accommodations and auxiliary services to students, staff, faculty, job applicants, applicants for admissions, and other beneficiaries of University programs, services, and activities with documented disabilities in order to provide them with equal opportunities to participate in programs, services, and activities in compliance with sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act (ADA) of 1990 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Reasonable accommodations will be made unless it is determined that doing so would cause undue hardship for the University. Students requesting an accommodation based on a disability must register with the UTEP Center for Accommodations and Support Services (CASS). Contact the Center for Accommodations and Support Services at 915-747- 5148, or email them at cass@utep.edu , or apply for accommodations online via the CASS portal.

COVID-19 Precautions

To reduce the spread of COVID-19, any person who is sick feels ill, or experiences symptoms consistent with COVID-19 should stay home and should get tested for COVID-19. If anyone tests positive, they must self-isolate and report their results to COVIDAction@utep.edu where an Environmental Health and Safety representative will contact the individual and offer additional guidance and instructions.

Testing options at UTEP can be found via the link. [Covid Testing Website](#)

Please contact me immediately if you fall ill during the semester so that we can work together to formulate a strategy to help you get caught up as soon as you are physically able.

Military Statement:

If you are a military student with the potential of being called to military service or training during the semester, you are encouraged to contact me as soon as you receive your orders.

Copyright Statement:

Course Materials

All materials used in this course are protected by copyright law. The course materials are only for the use of students currently enrolled in this course and only for the purpose of this course. They may not be further disseminated.

Class Recordings

The use of recordings will enable you to have access to class lectures, group discussions, and so on in the event, you miss a synchronous or in-person class meeting due to illness or other extenuating circumstances. Our use of such technology is governed by the Federal Educational Rights and Privacy Act (FERPA) and UTEP's acceptable-use policy. A recording of class sessions will be kept and stored by UTEP, in accordance with FERPA and UTEP policies. Your instructor will not share the recordings of your class activities outside of course participants, which include your fellow students, teaching assistants, or graduate assistants, and any guest faculty or community-based learning partners with whom we may engage during a class session. You may not share recordings outside of this course. Doing so may result in disciplinary action.

COURSE RESOURCES

Where you can go for assistance UTEP provides a variety of student services and support:

Academic and Technology Resources

- **Math Tutoring Center (MaRCS)**: Ask a tutor for help and explore other available math resources. Tutoring is provided on a walk-in basis; appointments are not needed. Please visit their website, MaRCS Tutoring Center, for online tutoring. Their website has more information: <https://www.utep.edu/science/math/marcs/>
- **Help Desk**: Students experiencing technological challenges (email, Blackboard, software, etc.) can submit a ticket to the UTEP Helpdesk for assistance. Contact the Helpdesk via phone, email, chat, website, or in person if on campus, Academic Resources.
- **UTEP Library**: Access a wide range of resources including online, full-text access to thousands of journals and eBooks plus reference service and librarian assistance for enrolled students.

Individual Resources

- **Military Student Success Center**: Assists personnel in any branch of service to reach their educational goals.
- **Center for Accommodations and Support Services**: Assists students with ADA-related accommodations for coursework, housing, and internships.
- **Counseling and Psychological Services**: Provides a variety of counseling services including individual, couples, and group sessions as well as career and disability assessments.

Health

- UTEP counseling center, Student Health and Wellness Center
- El Paso coronavirus hotline (915) 212-6843, El Paso COVID-19 information,
- El Paso's 24-hour Mental Health Crisis Line (915) 779-1800
- National Suicide Prevention Hotline or Veterans Crisis Line 1-800-273-8255
- NAMI (National Alliance Against Mental Illness) of El Paso (915) 534-5478

RESOURCE REFERENCE GUIDE

Resource/Feature	Role	Location	Counts toward Grade?	Extensions?	Timed?
Homework	Practice concepts covered in the course	WebAssign (My Assignments list)	yes	yes - Request on WebAssign (automatic extension) within 48 hrs from due date to get an additional 3 days; no penalty	no
Prepare to Learn (PTL) Homework	brush up skills just in time for when you need them; if you already have the skills, think of this as just an easy way to get a good HW grade	WebAssign (My Assignments list)	yes	yes - same as homework (above)	no
Chapter Quizzes	Intermediate skills assessment. These are similar to homework questions but are timed!	WebAssign (My Assignments list)	yes	yes - Request on WebAssign (automatic extension) within 48 hrs for an additional 1 day (still timed); 80% credit	yes - 60 minutes
Reflection Quizzes	Writing assignments to expand on topics covered in the unit	WebAssign (My Assignments list)	yes	yes - same as chapter quizzes (above)	no
Unit Exams	Summative assessment to demonstrate skills. These are similar to homework and quiz problems, but require you to work under timed conditions	WebAssign (My Assignments list)	yes	considered only for timely requests (no more than 24 hours after the exam) with documented strong reason	yes - 120 minutes
ORES	Opportunity to Raise Exam Score (it replaces a regular exam's first attempt only if that helps your grade; can be taken even if you missed the first attempt)	WebAssign (My Assignments List)	yes (it replaces a regular exam's first attempt, but only if that helps your grade)	same as the unit exam (above)	yes - 120 minutes

Resource/Feature	Role	Location	Counts toward Grade?	Extensions?	Timed?
Final Exam	Summative assessment to demonstrate skills. These are similar to homework and quiz problems, but require you to work under timed conditions. Covers all topics from the semester	WebAssign (My Assignments List)	yes	considered only for timely requests (no more than 12 hours after the exam) with documented strong reason	yes - 165 minutes
My Class Insights	Gives data on how you are doing in the class based on the topics covered in homework and quizzes	WebAssign (Class Dashboard, upper right)	no	n/a	n/a
Practice quizzes (Personal Study Plan)	Lets you work on what you need more practice with	WebAssign (Class Dashboard, lower left)	no	n/a	n/a
Math Mindset	supports your success in the course by addressing habits relating to mind	WebAssign (My Assignments list)	no	n/a	n/a
Watch It videos	demonstrates how to solve selected homework problems	WebAssign with select questions - will be available on homework not exams	no	n/a	n/a
Ask My Teacher	Lets you ask questions where TA/instructor sees the exercise and your submissions	WebAssign in homework assignments	no	n/a	n/a
Full-Length Lecture Videos	Covers material in a traditional manner by section	WebAssign, under Resources	no	n/a	n/a

Resource/Feature	Role	Location	Counts toward Grade?	Extensions?	Timed?
10-15 min. videos by Tuesday Johnson (UTEP Distinguished Lecturer)	Explains concepts and procedures for each topic (especially useful for asynchronous class)	Blackboard (within each chapter's materials) and YouTube links	no	n/a	
Lecture outline worksheets	Notes and practice problems for each section	Blackboard (within each chapter's materials)	no	n/a	
Tech Guides	Explanations (with screenshots) of how to use technology with each chapter's tasks	Blackboard (within each chapter's materials)	no	n/a	
Games	An interactive fun alternative way to engage with concepts	Blackboard (resource for chapter 3)	no	n/a	
Songs	A memorable, alternative way to engage with concepts	Blackboard (resource for chapters 4 and 7)	no	n/a	
Concept Maps	Quick view of connections among chapter sections	Blackboard (resource for chapters 3 and 4)	no	n/a	

Assignment	Due Date	Notes
	<u>All assignments due @ 11:59 PM Mountain Time*</u> (WebAssign will display due date/time in your local time. Be sure to keep an eye on the date and time of due dates if you are not in the Mountain Time zone)	
Getting Started with WebAssign	Tuesday, September 5, 2023	We recommend you complete these week 1
PTL 1 Homework	Tuesday, September 5, 2023	
Section 7.1 and 7.2 Homework	Thursday, September 7, 2023	
Section 7.3 and 7.4 Homework	Tuesday, September 12, 2023	All quizzes have the password: ready
Section 8.1 and 8.2 Homework	Thursday, September 14, 2023	
Chapter 7 Quiz	Friday, September 15, 2023	
Section 8.3 and 8.4 Homework	Tuesday, September 19, 2023	Free Access to WebAssign ends at 11:59 PM 9/18. Make sure you purchase access before then!
Section 8.5 Homework	Thursday, September 21, 2023	
Chapter 8 Quiz	Sunday, September 24, 2023	
Sections 9.1 and 9.3 Homework	Tuesday, September 26, 2023
