**“[The philosopher] wishes to be everywhere at once, at the risk of never being completely anywhere.”**

- Maurice Merleau-Ponty, *In Praise of Philosophy*

**COURSE DESCRIPTION:**

What is philosophy? Philosophy is a field of study dedicated to understanding ourselves and the world around us. Philosophy involves careful reflection and examination of life’s most difficult questions: “Does God exist?”, “What is the *good* life?”, “What is *knowledge*?”, “What is *mind*?”, and “What is *life* and *death*?” Dealing with these complex questions in a philosophical manner allows us to consider the different responses and arguments offered to these sorts of questions. In this regard, a philosophical approach puts us in a position to better understand what we do not know. The goal of this course is to introduce students to philosophy and the academic value it offers as a field of study.

**COURSE POLICIES:**

This is a college level course and the amount of assigned work reflects that fact. *It is up to each student to maintain their responsibilities to this course.* This is an ‘asynchronous’ online course which allows students the opportunity to move through the material at their own pace, but also means students must remain disciplined throughout the semester to ensure they stay on track and do not fall

behind. For this reason, it is important that students understand all course policies, deadlines, and expectations to ensure this course offers an environment where everyone can be successful.

*Discussion Board Etiquette* – Students are always expected to be courteous and respectful towards one another. Any inappropriate or offensive behavior will not be tolerated. Should this become an issue with any student during the semester, the student will not be allowed to participate in discussion boards with others and will not merit credit for those missed. Any offenses that violate university policy will be documented and reported to the appropriate authority. For more information, visit UTEP’s Student Code of Conduct: <https://www.utep.edu/hoop/section-2/student-conduct-and-discipline.html>

*Late Work & Make-up Policy* – Students are responsible for keeping up with all deadlines. Students will have 48-hours to submit late for half-credit after a deadline has passed. Once this final deadline for submission has passed, additional or retroactive arrangements for credit are no longer possible. Failure to submit assignments and meet course requirements will negatively impact the final grade for the course.

*Extra Credit* – Students are responsible for their overall success in this course. Please understand there is no obligation to provide extra credit opportunities. Additional arrangements beyond what is detailed here will not be made. There will be one opportunity for extra credit to count toward the midterm exam, and a second opportunity for extra credit toward the final exam. More information about these assignments will be provided on Blackboard.

*Course Drop* – Students are responsible for initiating and completing any course drops. Faculty drops for this course will not be offered. For more information: <https://www.utep.edu/student-affairs/registrar/students/registration.html>

*Course Repeat* – As per policy, a course may only be repeated if the instructor/course content varies. Students who have previously been exposed to the content of this course—and received a letter grade, audited, or withdrawn—may not repeat this course for credit.

Proven violations of the detailed regulations, as printed in the *Handbook of Operating*

*Procedures (HOP)*, and available in the Office of the Dean of Students and on the homepage of the Dean of Students at [www.utep.edu/dos](http://www.utep.edu/dos), may result in sanctions ranging from disciplinary probation to a failing grade on the work in question, to a failing grade in the course, to suspension or dismissal, among others.” For more information: <https://www.utep.edu/student-affairs/osccr/>
