Class Structure:

You are responsible for keeping up with the assigned readings and being prepared for class discussion. Students please make sure that your UTEP email account is active and working properly any special announcements will be given via UTEP email and it is your responsibility to check your email daily. Also, I will be covering certain topics pertaining to each chapter so be advised that even though I may not cover a certain topic it does not exclude it from your exam so be sure to read your chapters entirely. **Please note that any work that may be assigned for whatever the circumstance may be must be in APA format ONLY.** I encourage you to visit the writing center and familiarize yourself with APA format. Please note that if you have an assignment due "by next class period" that means that it is due at 8:30 a.m. and anything that is handed in after 8:30 a.m. will not be accepted.

- Owl Purdue- This website helps with APA format and you will be required to know and write in this format. **No other format will be accepted!** (we will cover this in class)

Simple rules for class:

Please be in class on time. Class begins at 8:30 and I will begin promptly at 8:30.

Repeated tardiness, cell phone ringing, texting, sleeping, reading material unrelated to class, will not be tolerated and I will ask you to leave the classroom if you are conducting this type of behavior.

Laptops are not necessary in my class. However, the use of laptops will be allowed in my class for note taking only. If I see that you are looking at material unrelated to class on your laptop I will ask you to put your laptop away and you will no longer be allowed to use it in my class. I ask that you put all electronic devices away in your purse/backpack. Text messaging via cell phone or any other device will not be allowed in my class. I also ask that you silence your cell phones for class.

- Electronic devices = tape recorders; you are not allowed to tape record my lectures and if I suspect that you are conducting this behavior I will ask you to leave the classroom.

The first ten minutes of class will be used to go over any questions you may have on readings. I will randomly call on you to answer questions pertaining to chapter. It is crucial that you have read the assigned chapter for that day so that you are prepared for if I call on you.

Attendance:

Attendance is not required in this class as an official portion of your overall grade. Given the rather specialized subject matter of the course, those who do attend class regularly will be more likely to understand the material and will therefore be in a better position to do well in the class. **If you miss class, obtain the lecture notes from one of your fellow classmates. I will not provide you with copies of my notes nor will I discuss with you what information was missed.** If in the event you have missed class due to a death of an immediate family member, I will provide you with the necessary information. An immediate family member includes the following: mother, father, brother, sister, grandmother, grandfather. The note or informing me of a death in the family must be brought to my attention by the next class lecture.

***** Please note that while attendance is not a requirement for this course I will be withdrawing any student who misses the first 2 weeks of the course. This will allow room for other students to be added to the course.***

Exam Structure:

**** The instructor reserves the right to override any disagreement over right answers.**

Exams will be comprehensive and may include several multiple-choice questions and essay style questions. The exams will be given in class and you will have the entire class time to take your exam. **If you are late (any time after 8:30) on the day of the exam you will be penalized 20 points automatically.**

I will not be conducting review sessions. However, we will have class meetings to discuss any questions that you may have or did not have the chance to ask during lecture.

For your final, you will be required to take a comprehensive exam. Save your exams from previous tests to help you study. Your previous exams can serve as a good study sheet.

Unannounced Quizzes:

I will be conducting unannounced quizzes throughout the summer session. Unannounced means that you will not know when you will have a quiz. The quiz can be given in the beginning of class, during lecture, or after lecture, no specific time. There are a total of 5 quizzes.

We will discuss other topic ideas in class and I will be available to help you.

Your research paper is worth a possible **100 points**.

You will also be required to turn in an Outline regarding topic (we will cover in class) and an Annotated Bibliography (refer to APA Manual).
