COURSE ALIGNMENT WITH COLLEGE MISSION AND VISION  
This course aligns with the University’s and College of Education’s mission and vision in addressing the preparation of educators with a special emphasis on and support for student learning and development within linguistically and culturally diverse border region settings. It provides students with opportunities to apply knowledge of bilingual/EL education as they develop and deliver presentations and teaching activities that are aligned to the state standards for educators. In line with the College of Education’s Roadmap to the Future (2017), the course prepares students to address and advocate for diverse learners by understanding how linguistic issues are part of social justice.

POLICIES AND PROCEDURES

**Inclusiveness, equity, and language policy for this course**
This seminar course is designed to develop ways to ensure students (your K-12 students and yourRee, ethnicities, economic statuses, immigration statuses, parenthoods, veteran statuses, ages, abilities and disabilities, etc. Your knowledge of and appreciation diversity in your future students, in yourselves, and in our community is essential for the development of safe learning environments. Please know that all the characteristics of your identity are welcome in our learning community. We will show respect for each other at all times and make sure our whole self is valued.

As a way to integrate our backgrounds in this course, you are encouraged to use and develop your own biliteracy skills. You may submit any formal assignment in English or in Spanish. For discussions, the most important criterion is that everyone has the opportunity to understand and to be understood—thus, any form of discussion group may use any variet(ies) of Spanish, English, both, or any other language, as long as the members of the group agree.
Food insecurity, mental health, and access to support services
Learning happens only when our bodies and minds are well—and all of us occasionally face challenges to wellness that interfere with our learning. I want you to be aware of a variety of support services on campus that can help you navigate these challenges and obstacles. The UTEP Food Pantry is available to help address students’ basic food needs, as well as needs for personal hygiene items and access to additional support programs for students and their families. It is located at Memorial Gym Room 105, hours and more information posted online at https://www.utep.edu/student-affairs/foodpantry/. The office of Counseling and Psychological Services offers mental health counseling, crisis counseling, and many workshops on wellness topics—all of which are free to UTEP students. Their hours and services are posted online at https://www.utep.edu/student-affairs/counsel/resources/services-students.html. Additional support services and resources are listed at https://www.utep.edu/student-affairs/resources/index.html. If you are facing an obstacle to your learning, I encourage you to check out these resources, or let me know, and I will be happy to help you find the supports you need. You are not alone.

Changes to the syllabus
I strive to respond in my teaching to the shifting conditions of our class community: current events, our discussions, our interests, our extant experiences, and needs for growth. Some changes may be made to the syllabus along the way. I will always notify you or ask you to participate in the decision to make changes. If there are significant changes, the updated syllabus will be made available on Blackboard.

COURSE ASSIGNMENTS/REQUIREMENTS

POP Cycles
Completion of POP Cycles involves several steps with deadlines. The Resident is expected to complete each step and provide the Site Coordinator with the necessary deliverables (e.g., lesson plan) by the due dates. Residents will schedule 2 POP Cycles with the Site Coordinator early in the semester.

- Pre-Conference
  - Student will submit lesson plans to Mentor Teachers and Site Coordinators 48 hours prior to the scheduled Pre-Conference.
    1. Prepare necessary documents for the conference:
      1. Lesson plan with aligned state standards
      2. Assessment sample
      3. Student Achievement Chart (SAC) with proficiency levels
      4. Lesson Materials (i.e. texts, manipulatives, links to websites, videos, etc.)
      5. Student Perception Survey (SPS) for POP Cycles 2 – 4 only
  - Observation
    a. Residents will implement the lesson with the suggestions made by the MT and SC.
    b. Capture the instructional event using the Swivl app
    c. Upload the video within 24 hours of the observation
d. Review the lesson and gather evidence for reinforcement and refinement based on domains in the Miner Assessment Tool
   1. Post Conference
      a. Within 48 hours of the observation, attend post conference with SC.
      b. Prepare necessary documents for the conference
         1. Student Achievement Chart (SAC)
         2. Student Assessment Samples
         3. Analysis of video – lesson delivery – reinforcement and refinement areas based on the Miner Assessment Tool domains.

Walk-throughs
In addition to the two formal POP Cycles, the Site Coordinator will conduct four informal observations per semester. Walkthroughs are meant to serve as opportunities for reflection and growth as you progress through your Miner Residency experience and well into your teaching career.
   ● Walkthroughs will not be scheduled, but the Residents will be provided a two-week window of when they may expect a 10-15-minute observation by their Site Coordinator.
   ● Residents do not need to prepare for the visit. The Site Coordinator will capture whatever is happening at the time in the classroom and will give the Teacher Candidate feedback and an opportunity to reflect.
   ● The Site Coordinator will complete the Walkthrough Form and upload it online to make it accessible to the Resident. The Resident is expected to meet with the Site Coordinator after each walkthrough to receive feedback, coaching, and support.
   ● The Walkthrough Form will have a Reflection portion for the Resident to complete after each of the four observations. The completion and quality of these reflections will be factored into the overall final grade for the course. (Miner Assessment Tool: Domain 4, Criteria 4.2.3: Reflection)

Student Perception Survey
Residents will administer a Student Perception Survey (pre/post-test format) in their field placement, with the pre-survey happening the first weeks of October-November, and the post-survey by the end of April. Based on data gleaned from this survey, Residents will develop an intervention to be implemented during the semester.

Mentor Teacher Evaluation

Your Mentor Teacher, will periodically complete an assessment of your progress and professionalism (as per the UTEP MAT-Domain 4). This evaluation will be focused on the resident’s ability to exhibit professional behavior in all actions, settings, interactions, and communications. *Mentor Teacher will complete this form during formal mentor teacher trainings, twice per semester and as scheduled by your Site Coordinator.*

EPOP Assignments/Forms

On EPOP/Google forms, you will have forms to fill out after observations. Please refer to the MTR schedule/calendar for observation dates.

PERFORMANCE GATES AND FINAL GRADE

*S – Satisfactory*
*U – Unsatisfactory*

You are preparing to be an elementary or middle school teacher, so you must work at the level and with the integrity you would intend your future students to demonstrate! At the end of your Student Teaching Residency II course, Residents are assigned a grade of Satisfactory ‘S’ or Unsatisfactory ‘U’. No letter grade is assigned, and this course grade does not impact your overall GPA. In order to pass Student Teaching Residency II and be recommended for certification, the resident must meet the following criteria:

- All excused and unexcused absences have been made up by the end of the semester.
- By POP Cycle #2, Teacher Candidates must have scored at least a 2 (“Developing”) on each of the Miner Assessment Tool indicators.

Resident who fails to achieve or maintain ratings in this manner may have the option to complete one additional POP cycle to reach the standard, at the discretion of their Site Coordinator and in collaboration with program leadership.

If a Resident does not meet this performance standard (“2- Developing” on all indicators), s/he will not advance to the second semester.

Residents must also meet the criteria for all other course assignments, including online discussions and Walkthrough reflections to pass this course.

**TExES: Texas Examinations of Educator Standards**

**TExES Standards Incorporation:** Class activities and assignments use the best practice methods that support the competencies from the TExES Standards. Discussions will focus on how the lesson/activity/assignment addresses the competencies that support best practice while also providing pre-service teachers insight into questions that may appear on TExES.

**TExES Elementary Professional Development Standards** *(Pedagogy and Professional Responsibilities Standards, EC Grade-12)*

* **Standard I:** The teacher designed instruction appropriate for all students that reflects an understanding of relevant content and is based on continuous and appropriate assessment. Students, Content and Pedagogy, Selection of Instructional Goals and Objectives Resources, Designing Coherent Instruction, Assessment of Student Learning
* **Standard II**. The teacher creates a classroom environment of respect and rapport that fosters a positive climate for learning, equity, and excellence. Creating an Environment of respect and Rapport, Establishing an Environment for Learning and Excellence, Managing Classroom Procedures, Managing Student Behavior, Maintaining a Physical and Emotional Environment that is Safe and Productive

* **Standard III**. The teacher promotes student learning by providing responsive instruction that makes use of effective communication techniques, instructional strategies that actively engage students in the learning process, and timely, high-quality feedback. Communication, Engaging Students in Learning, Providing Feedback to Students, Demonstrating Flexibility and Responsiveness

* **Standard IV**. The teacher fulfills professional roles and responsibilities and adheres to legal and ethical requirements of the profession. Interacting and Communicating with Families, Interacting with Other Educators and Contributing to the School and District, Continuing Professional Development, Legal and Ethical Requirements and the Structure of Education in Texas

To demonstrate the incorporation of standards student will be practicing teaching using a constructivist and a multicultural curriculum designed to provide successful learning experiences for all the children. Through actual classroom teaching experience, student will be practicing concepts from all four standards listed above.
