Students (resident teacher) complete their second semester of teaching residency in an assigned classroom in a local elementary, middle, or high school. Fieldwork consists of assisting in student-centered classroom instruction and seminars designed to relate the classroom instructional situation to corresponding instructional theory. Students are in their assigned classroom four full days a week for 15 weeks.

PREREQUISITE
Successful completion of Student Teaching Residency I course and Miner Teacher Residency program requirements for Spring 2022: BED 4380, ELED 4380, SPED 4350.

COURSE ALIGNMENT WITH COLLEGE MISSION AND VISION
This course aligns with the University’s and College of Education’s mission and vision in addressing the preparation of educators with a special emphasis on and support for student learning and development within linguistically and culturally diverse border region settings. It provides students with opportunities to apply knowledge of bilingual/EL education as they develop and deliver presentations and teaching activities that are aligned to the state standards for educators. In line with the College of Education’s Roadmap to the Future (2017), the course prepares students to address and advocate for diverse learners by understanding how linguistic issues are part of social justice.
COURSE LEARNING OBJECTIVES
The objective of this course is for students to develop an understanding of the following topics and the ability to begin applying this understanding in all areas of teaching.

- Demonstrate completion of 75 school/classroom field hours;
- Demonstrate knowledge of the policies and procedures in compliance with Code of Ethics and Standards Practices for Texas Educators as adopted by the State Board for Educator Certification;
- Critically examine their own beliefs and values and how these could affect attitudes towards students, families, and the community, as well as the organization and practices of instruction in bilingual elementary classroom;
- Identify the components of dual language learning environments, classroom interactions and educational activities in which children’s diversity, cultural and first language assets and individual differences are respected;
- Apply empowering approaches to bilingual teaching by selecting, planning, providing and evaluating educational experiences for culturally and linguistically diverse elementary children.

COVID-19 INFORMATION AND ACCOMMODATIONS
During this difficult time filled with uncertainty, your health and well-being is very important. I want to support you in ensuring that you remain safe. If you feel you may need accommodations as you deal with COVID-19, please let me know by emailing me at csantillano@utep.edu. My main focus is to assist and be a resource for you to ensure your overall well-being and the successful completion of this course. *The UTEP Health Services Center does offer Covid-19 testing for UTEP students. COVID-19 Vaccinations are offered in many places throughout our community and may be required by the district where you are completing your residency.

The school district in which you are completing your residency will have their own Covid-19 procedures and protocols. These were presented during PD Week. Be sure to follow these procedures and keep your Mentor Teacher and Site Coordinator informed of any concerns.
SCHOLASTIC INTEGRITY
Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as ones' own. Collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the Office of Student Conduct and Conflict Resolution (OSCCR) for possible disciplinary action. To learn more HOOP: Student Conduct and Discipline.

POLICIES AND PROCEDURES

*Inclusiveness, equity, and language policy for this course*
This seminar course is designed to develop ways to ensure students (your K-12 students and yourselves as students in this course) are in a safe learning environment where everyone feels valued and accepted. We will focus on learning to value students’ (and each other’s) diverse backgrounds, including language, culture, perspectives, experiences, challenges, resources, gender identities, sexual orientations, religions, race, ethnicities, economic statuses, immigration statuses, parenthoods, veteran statuses, ages, abilities, and disabilities, etc. Your knowledge of and appreciation of diversity in your future students, in yourselves, and in our
community is essential for the development of safe learning environments. Please know that all the characteristics of your identity are welcome in our learning community. We will show respect for each other at all times and make sure our whole self is valued.

As a way to integrate our backgrounds in this course, you are encouraged to use and develop your own biliteracy skills. You may submit any formal assignment in English or in Spanish. For discussions, the most important criterion is that everyone has the opportunity to understand and to be understood—thus, any form of discussion group may use any variet(ies) of Spanish, English, both, or any other language, as long as the members of the group agree.

**Food insecurity, mental health, and access to support services**
Learning happens only when our bodies and minds are well—and all of us occasionally face challenges to wellness that interfere with our learning. I want you to be aware of a variety of support services on campus that can help you navigate these challenges and obstacles. The **UTEP Food Pantry** is available to help address students’ basic food needs, as well as needs for personal hygiene items and access to additional support programs for students and their families. It is located at Memorial Gym Room 105, hours and more information posted online at [https://www.utep.edu/student-affairs/foodpantry/](https://www.utep.edu/student-affairs/foodpantry/). The office of **Counseling and Psychological Services** offers mental health counseling, crisis counseling, and many workshops on wellness topics—all of which are free to UTEP students. Their hours and services are posted online at [https://www.utep.edu/student-affairs/counsel/resources/services-students.html](https://www.utep.edu/student-affairs/counsel/resources/services-students.html). Additional support services and resources are listed at [https://www.utep.edu/student-affairs/resources/index.html](https://www.utep.edu/student-affairs/resources/index.html). If you are facing an obstacle to your learning, I encourage you to check out these resources, or let me know, and I will be happy to help you find the supports you need. You are not alone.

**Changes to the syllabus**
I strive to respond in my teaching to the shifting conditions of our class community: current events, our discussions, our interests, our extant experiences, and needs for growth. Some changes may be made to the syllabus along the way. I will always notify you or ask you to participate in the decision to make changes. If there are significant changes, the updated syllabus will be made available on Blackboard.

**COURSE ASSIGNMENTS/REQUIREMENTS**

**POP Cycles**
Completion of POP Cycles involves several steps with deadlines. The Resident is expected to complete each step and provide the Site Coordinator with the necessary deliverables (e.g., lesson plan) by the due dates. Residents will schedule 2 POP Cycles with the Site Coordinator early in the semester.

- **Pre-Conference**
Student will submit lesson plans to Mentor Teachers and Site Coordinators 48 hours prior to the scheduled Pre-Conference.

1. Prepare necessary documents for the conference:
   1. Lesson plan with aligned state standards
   2. Assessment sample
   3. Student Achievement Chart (SAC) with proficiency levels
   4. Lesson Materials (i.e. texts, manipulatives, links to websites, videos, etc.)
   5. Student Perception Survey (SPS) for POP Cycles 2 – 4 only

Observation
   a. Residents will implement the lesson with the suggestions made by the MT and SC.
   b. Capture the instructional event using the Swivl app
   c. Upload the video within 24 hours of the observation
   d. Review the lesson and gather evidence for reinforcement and refinement based on domains in the Miner Assessment Tool

Post Conference
   a. Within 48 hours of the observation, attend post conference with SC.
   b. Prepare necessary documents for the conference
      1. Student Achievement Chart (SAC)
      2. Student Assessment Samples
      3. Analysis of video – lesson delivery – reinforcement and refinement areas based on the Miner Assessment Tool domains,
      4. Complete a detailed script of your lesson observation.

Walk-throughs

In addition to the two formal POP Cycles, the Site Coordinator will conduct four informal observations per semester. Walkthroughs are meant to serve as opportunities for reflection and growth as you progress through your Miner Residency experience and well into your teaching career.

- Walkthroughs will not be scheduled, but the Residents will be provided a two-week window of when they may expect a 10-15-minute observation by their Site Coordinator.
- Residents do not need to prepare for the visit. The Site Coordinator will capture whatever is happening at the time in the classroom and will give the Teacher Candidate feedback and an opportunity to reflect.
- The Site Coordinator will complete the Walkthrough Form and upload it online to make it accessible to the Resident. The Resident is expected to meet with the Site Coordinator after each walkthrough to receive feedback, coaching, and support.
- The Walkthrough Form will have a Reflection portion for the Resident to complete after each of the four observations. The completion and quality of these reflections will be factored into the overall final grade for the course. (Miner Assessment Tool: Domain 4, Criteria 4.2.3: Reflection)
Student Perception Survey

Residents will administer a Student Perception Survey (pre/post-test format) in their field placement, with the pre-survey happening the first weeks of October-November, and the post-survey by the end of April. Based on data gleaned from this survey, Residents will develop an intervention to be implemented during the semester.

Mentor Teacher Evaluation

Your Mentor Teacher, will periodically complete an assessment of your progress and professionalism (as per the UTEP MAT-Domain 4). This evaluation will be focused on the resident’s ability to exhibit professional behavior in all actions, settings, interactions, and communications. Mentor Teacher will complete this form during formal mentor teacher trainings, twice per semester and as scheduled by your Site Coordinator.

EPOP Assignments/Forms

On EPOP/Goggle forms, you will have forms to fill out after observations. Please refer to the MTR schedule/calendar for observation dates.

PERFORMANCE GATES AND FINAL GRADE

S – Satisfactory
U – Unsatisfactory

You are preparing to be an elementary, middle, or high school teacher, so you must work at the level and with the integrity you would intend your future students to demonstrate! At the end of your Student Teaching Residency II course, Residents are assigned a grade of Satisfactory ‘S’ or Unsatisfactory ‘U’. No letter grade is assigned, and this course grade does not impact your overall GPA. In order to pass Student Teaching Residency II and be recommended for certification, the resident must meet the following criteria:

- All excused and unexcused absences have been made up by the end of the semester.
By POP Cycle #4, Teacher Resident must have scored at least a 3 (“Proficient”) on each Miner Assessment Tool indicator.

A resident who fails to achieve or maintain ratings in this manner may have the option to complete one additional POP cycle to reach the standard, at the discretion of their Site Coordinator and in collaboration with program leadership.

If a Resident does not meet this performance standard (“3- Proficient” on all indicators) by POP #4, s/he will not be recommended for certification. Students who do not meet program requirements may still graduate with a non-certified undergraduate degree and will need to meet with their academic advisor to determine the next steps.

**240 Tutoring Hours/ State Certification exams**

Residents Teachers who do not meet program certification requirements, will be placed on a Professional Improvement Plan-PIP by their Site Coordinator to assist with timelines for testing. If Content and PPR certification exams are not passed before Job Fairs, SC, District, and UTEP administration may decide on their participation in any UTEP and/or District Job Fair.

**Summary of components of course grade**

Residents must also meet the criteria for all other course assignments, including online discussions and Walkthrough reflections to pass this course.

**TEExES: Texas Examinations of Educator Standards**

**TEExES Standards Incorporation:** Class activities and assignments use the best practice methods that support the competencies from the TEExES Standards. Discussions will focus on how the lesson/activity/assignment addresses the competencies that support best practice while also providing pre-service teachers insight into questions that may appear on TEExES.

**TEExES Elementary Professional Development Standards**  
(*Pedagogy and Professional Responsibilities Standards, EC Grade-12*)

* **Standard I:** The teacher designed instruction appropriate for all students that reflects an understanding of relevant content and is based on continuous and appropriate assessment. Students, Content and Pedagogy, Selection of Instructional Goals and Objectives Resources, Designing Coherent Instruction, Assessment of Student Learning
* **Standard II.** The teacher creates a classroom environment of respect and rapport that fosters a positive climate for learning, equity, and excellence. Creating an Environment of respect and Rapport, Establishing an Environment for Learning and Excellence, Managing Classroom Procedures, Managing Student Behavior, Maintaining a Physical and Emotional Environment that is Safe and Productive

* **Standard III.** The teacher promotes student learning by providing responsive instruction that makes use of effective communication techniques, instructional strategies that actively engage students in the learning process, and timely, high-quality feedback. Communication, Engaging Students in Learning, Providing Feedback to Students, Demonstrating Flexibility and Responsiveness

* **Standard IV.** The teacher fulfills professional roles and responsibilities and adheres to legal and ethical requirements of the profession. Interacting and Communicating with Families, Interacting with Other Educators and Contributing to the School and District, Continuing Professional Development, Legal and Ethical Requirements and the Structure of Education in Texas

To demonstrate the incorporation of standards student will be practicing teaching using a constructivist and a multicultural curriculum designed to provide successful learning experiences for all the children. Through actual classroom teaching experience, student will be practicing concepts from all four standards listed above.
