

This is how the *UTEP Graduate Catalog* describes our course:

Diversity in Educational Settings (3-0) Exploration of the social contexts of education and teaching in a pluralistic society. Examination of schools and society in relation to historical and contemporary issues of diversity.

Building on the catalog description for TED 5313 Diversity in Educational Settings: Culturally Sustaining Pedagogies, this course explores how to sustain “linguistic, literate, and cultural pluralism as part of schooling for positive social transformation” (Paris and Alim, 2017, p. 1).

Student Learning Objectives

By the end of this course, you should be able to:

1. **Analyze** the ways social structures of race, class, gender, (dis)ability, and sexual orientation work to both privilege and deny opportunities.
2. **Evaluate** and interpret the ways in which schooling influences and is influenced by equity issues.
3. **Understand** and **use** the major theories related to the nature and role of culture and language development and in academic achievement that support individual students' learning.
4. **Understand** how cultural groups and students' cultural identities affect language learning and school achievement.
5. **Develop** curriculum and teaching strategies that challenge unjust social structures and allow all learners to learn and grow into citizens who will be actively involved in democracy.

Being Successful in an Online Course

1. Use the Firefox browser for everything you do in this course.
2. On-line learning is not a spectator sport. It is everyone's responsibility to participate as fully as they can so everyone can get the most from the experience.
3. Ask questions: If you don't know the answer, someone else will. The ASK-ME area of the discussion board is the forum for asking questions related to content OR any problems you are having. Make sure that you have clearly indicated the subject of your message. Reach out to others: Offer an idea, an article, a link or another item that can help others learn something.
4. Be appropriate: The online classroom is not the place for insulting or insensitive comments, attacks, or venting. Inappropriate behavior will usually be subject to disciplinary action.

5. Be diplomatic: When sending messages on emotionally charged topics, make sure you write the message and then walk away for at least an hour before re-reading the message and then sending it. Re-reading emotionally charged messages ensures that they are constructive instead of destructive. Think of the person on the other end.
6. Stay focused: Stay on topic to increase the efficiency of your learning. Students often like to converse socially: To do this, you are strongly encouraged to go to Rosa's Cantina and socialize with your classmates online. While this is not a graded area, please remember I occasionally do drop in and socialize myself.
7. Take advantage of web resources available to you, such as the Owl at Purdue.
8. For this course, you should plan to spend **3 hours of class time + 9 hours of study and prep time, which equals 12 hours per week**. There will be variation.
9. Your initial posting should be as early in the week as possible (Monday-Tuesday), so that people will have time to read and respond to your contribution. Post additional messages throughout the week that are either new contributions or replies to someone else. Keep your messages concise. Your initial posts should be about two paragraphs, although longer messages may be needed, and that is fine. Keep in mind that people are more apt to read and digest shorter messages than long ones.
10. **Be respectful of other's ideas, opinions, and beliefs.** It's fine to disagree with someone, but please respect everyone's right to think differently.
11. Be an active group member, contributing substance and support to group work. The course has a collaborative learning component, in which each of you plays a role in a group activity. You must shoulder your fair share of responsibility.
12. Excellent messages contribute to the understanding and application of ideas by doing one or more of the following:
 - a.) Reflection about meaning: Describe thoughtfully what something means or new insights it provides, or raise a question as a seed for clarification or further discussion.
 - b.) Analysis: Discuss relevant themes, concepts, main ideas, components, or relationships among ideas. Or, identify hidden assumptions or fallacies in reasoning.
 - c.) Elaboration: Build on ideas of others or ideas found in the readings by adding details, examples, a different viewpoint, or other relevant information.
 - d.) Application: Provide examples of how principles or concepts can be applied to actual situations, or discuss the implications of theory for practice.
 - e.) Synthesis: Integrate multiple views to provide a summary, a new perspective, or a creative refashioning of ideas.
 - f.) Evaluation: Assess the accuracy, reasonableness, or quality of ideas.
13. Avoid using all caps. IT SEEMS LIKE SHOUTING!

14. Abide by Family Educational Rights and Privacy Act rules which find academic information is confidential and forbids disclosure of academic information without the participant's consent.
15. Use emoticons (smiley faces) if you wish to convey emotion, especially if you want people to know that you are using humor or joking.

Figure 1: Emoticons

16. Please note that you will receive more detailed comments for your discussion posts and the Paper #1 earlier in the course, if warranted. These comments and feedback should act as a guide to help you improve future work. If you continue to make the same mistakes over and over again, apparently my comments addressing the same issue have not been effective. As such, either you are not reading and using my comments to improve your work, or you need additional guidance on how to improve your work. If the latter is the case, then let me know by contacting me, and I will provide you further, individual assistance either through a chat, Skype, or via email. Future work returned to you will have fewer comments and mostly consist of a score.

Class Policies

- a.) This course involves intensive reading, writing, and discussion. You have to dive right in. There's no time to wait. If you don't participate and turn in assignments within the first two weeks of the semester, you will be dropped from the course.
- b.) On-time submission of course assignments is a requirement.
No late assignments will be accepted.
- c.) Notify me as far in advance as possible of any time exceeding 4 days in which participation will not be possible during an online course, for whatever reason.
- d.) As the instructor, I have the right to make changes in the syllabus, calendar, and/or course material as I determine is necessary. I will give you plenty of notice if/when that happens.

Help with Writing

Virtually everyone needs help with writing academic English. **There's no shame in it.** The University Writing Center (UWC) – Library Building, Rm. 227, 747-5112 provides online consultations to all UTEP students at no cost. They also have walk-in services, if you are local. It is a terrific resource. If I suggest you attend the Writing Center, it's because I think you will benefit from it. It's not a punishment – it's intended to help you. Check the website for more information: <http://uwc.utep.edu>

Academic Honesty

Everything you turn in for this course must be your own work. I want to know what *you* think, not how clever you are at getting around the rules. Use your brilliance in a productive way. Any act of academic dishonesty attempted by a UTEP student is unacceptable. Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Collusion is making plans with other people, in order to cheat. Violations will be taken seriously and will be referred to the Dean of Students Office for disciplinary action. Students may be suspended or expelled from UTEP for such actions. It's serious! Don't do it.

Different Abilities

If you have or believe you are differently abled, you may wish to self-identify it. You can do so by providing documentation to the Office of Disabled Student Services located in Union E, Room 203. Students who have been designated as disabled must reactivate their standing with the Office of Disabled Student Services on a yearly basis. Failure to report to this office will place a student on the inactive list and nullify benefits received. If you have a condition which may affect your ability to exit safely from the premises in an emergency or which may cause an emergency during class, you are encouraged to discuss this in confidence with the professor and/or director of Disabled Student Services. You may call (915) 747-5148 for general information about the Individuals with Disabilities Act (IDA).

Note: I know that entering the disability system requires money and some people who need these services cannot afford to be designated as such. If you think you might have a learning difference, but don't have the funds to obtain a diagnosis, email me about it. We can make individual arrangements.

Appendix 1 Discussion Boards

Why Do We Have Discussions?

The goal of online discussion is for us to co-construct understandings of particular ideas, concepts, or topics, based on the interweaving of the readings, videos/ audios.

It is EXTREMELY important that you participate in on-line discussions and debates based on the weekly readings, videos, and audios in an analytical, and critical manner. You must carefully engage in dialogue to develop a discourse on the theory and pedagogy that emerges.

Your Discussion Board participation shows me what and how you are thinking about the readings and the topics presented. Who should you discuss the ideas with? It's entirely up to you. You can engage in conversation with anyone enrolled in our course.

That said, I would like you to have a discussion with at least one different person from the class each week. You are welcome to discuss with 2-3 different people each week, but just be sure that you have a discussion with a different person each week.

What Are the Guidelines for Class Discussions?

I want the discussions on the readings, videos, and audios to be just that – *discussion*.

The guidelines for your discussion activities are:

- Make connections between the readings and other media that have been provided for you.
- Name every topic, concept, theory, idea, or pedagogical approach you refer to.
- Include a particular quote from any of the readings reflecting the essence of the what you have named as your topic(s) in your discussion. Use APA style for everything you write (well, not emails).
- What are the connections you are making between your chosen topic, etc. from the readings and other media that you want to analyze? These connections reflect your ability to analyze and go “beyond the surface” of what is already obvious. What are you trying to reveal through your analysis?
- As you make a connection through your discussion and analysis, what does this connection mean to you as a current and/or future educator, or someone interested in multicultural education and human diversity?
- How can the final understanding and learning based on these connections among the readings and other media help you to more effectively address the needs of learners from diverse backgrounds?
- Respond and engage in discussion that is substantive, and goes beyond simply stating, “I like what you said”, “I agree”, “That’s great!” You must cite a particular idea or thought from what your colleague posted and base your discussion on that. What do you have to say about that idea? Or other ideas that are co-constructed?

Evaluation of Discussion Board Participation

You can potentially earn an OVERALL, holistic, maximum score of 3 points, for each week of discussion board activity. If your posting(s) fall within the parameters of the criteria indicated below, you most likely will achieve that score.

How Will I Be Graded on My Participation in the Discussions?

You will receive comments and feedback on your discussion contributions when you score below a “2”. When you receive a high score (3 points), it means you have fulfilled, for the most part, the criteria needed to earn those points. When you earn high points, it means you are doing your job.

You must post your initial post on the first days of the week (Monday, 12 AM-Tuesday, 11:59 PM). Do not post the entirety of your work in the hours or minutes before the response posting deadline (Sunday, 11:59 PM). This gives the impression that you are only fulfilling the “quantity” aspect of your work, and not the thoughtful, “quality” aspect.

Directions for Discussion Board Posts

Initial Posts

1. Your initial post must be done between Monday, 12 AM and Tuesday, 11:59 PM each week. This allows the conversation to happen between Wednesday 12 AM and Sunday 11:59 PM.
2. Each week you will have two prompts to respond to. Your initial post for each must be 200-300 words. Use the Word Count function in Word to check this quickly.
3. Your initial posts must use APA style for citations and be spellchecked and grammar checked.
4. Cite **two** or more authors appropriately in each initial post. What do I mean by appropriately? The citations cannot be thrown in, so that you are following the letter of the law, not the spirit of the law. The citations must fit with what you are discussing.
5. Your post must be in your own words. Support your arguments. Paraphrase the things you’ve read and use citations. **No quotes.** Period.
6. Your post must be in the correct discussion thread. At the end of each week, you must post your discussion posts and responses in an attachment in that thread.

Directions for Response Posts

1. You must respond to one or two of your colleagues’ posts, between Wednesday 12 AM and Sunday 11:59 PM.
2. You must respond to a different classmate each week. There are more 25 people in the class, so this will not be difficult.
3. Your response posts must be between 200-300 words. Use the word count function in Word to check this quickly.
4. Your response must use APA style for citations and be spellchecked and grammar checked.

5. Cite two or more authors appropriately in your posts. What do I mean by appropriately? The citations cannot be thrown in, so that you are following the letter of the law, not the spirit of the law. The citations must fit with what you are discussing.
6. Your post must be in your own words. Support your arguments. Paraphrase the things you've read and use citations. **No quotes.** Period.
7. Your post must be in the correct discussion thread. At the end of each week, you must post your discussion posts in an attachment in that thread.

Grading Rubric for Discussion and Response Posts

Earning 3 Points Means:

- a.) **Two posts** with excellent analysis and discussion of content and activity for the week, making connections among readings and other media, with references to multiple readings (**two or more in each post**);
- b.) Initial posts are made between Monday at 12:00 AM and Tuesday at 11:59 PM;
- c.) Excellent writing, without any mechanical, grammatical, and/or stylistic writing errors. APA style is used throughout;
- d.) Responding in depth to **two posts** by other students within the discussion board. That means engaging in actual discussion on particular points made by others, building on and/or reacting to the ideas of others, before Sunday at 11:59 PM.

Note: If you do not engage in some thoughtful discussion by posting throughout the week prior to the deadline, there is no chance of achieving a score of 9 or 10 points. I need to see an exchange of ideas among you and others in the course, not just responses to what others have posted with no evidence of further discussion, or posting 10 superficial responses to everyone in your group on the day that the discussion forum closes.

Earning 2 Points Means:

- a.) Writing **one** in-depth, analytical post in response to the guiding question, that involves making connections among readings and other media, with references to **two or more readings**;
- b.) Initial post is made between Monday at 12:00 AM and Tuesday at 11:59 PM;
- c.) Very good writing, with few, if any, mechanical, grammatical, and/or stylistic writing errors. APA style is used throughout;
- d.) Responding in depth to **two posts** within the discussion board, engaging in actual discussion on particular points made by others, building on and/or reacting to the ideas of others, before Sunday at 11:59 PM.

Earning 1 Point Means:

- a.) Writing **one** post that is simply participation and presence on the discussion board, with limited thought or depth. The analysis is average, and appropriate references to the readings are not made.
- b.) Initial post is made between Monday at 12:00 AM and Tuesday at 11:59 PM;
- c.) Writing is fair, with a number of mechanical, grammatical, and/or stylistic writing errors, some of which get in the way of understanding. APA style is used sporadically;
- d.) Responding to **one** other post within the discussion board with limited thought or depth, before Sunday at 11:59 PM.

Earning 0 Points Means:

- a.) One post, with very poor analysis and discussion of content and activity, without references to the readings;
- b.) Initial post is made between Monday at 12:00 AM and Tuesday at 11:59 PM;
- c.) Writing is very poor, with many mechanical, grammatical, and/or stylistic writing errors that get in the way of understanding, and obviously was rushed and done simply to post something, anything, on the threaded discussion. There is no consistent style.
- d.) Responding to **one** other post within the discussion board with limited thought or depth, before Sunday at 11:59 PM.
- e.) No Postings, no discussion board activity no response posted by the weekly deadline.

Note: I will participate from time to time in your weekly discussions, but ideally, I would like to see how you co-construct knowledge and understanding with your classmates/colleagues. My participation in your discussions, of course, does not mean that I will be able to respond to everyone's postings and thoughts. I will respond to postings as often as possible. Some week's there may be more participation on my part, while other weeks there may be little to no activity/participation on my part.

What If BlackBoard Goes Out?

If you find that Blackboard is out or you are unable to log in to Blackboard at the time that you are trying to post your work, you **MUST E-MAIL ME** (through regular e-mail) **IMMEDIATELY WITH AN ATTACHMENT OF YOUR WORK**, or an e-mail indicating that you are trying to post more discussion, but you cannot because of the outage.

When you do this, I will know that you have completed the work in a timely manner and you will receive full credit for your work, even though it was not posted on the discussion thread. I will then check with the Technology staff at UTEP to determine when Blackboard was out. If you email me indicating that Blackboard is out, but you do not send me your work as an attachment, **you will not receive credit for your work.**

Directions and Grading Rubric for Paper #1: Theorizing Multicultural Education

DUE: Oct. 8, 11:59 PM

My Developing Theories of Multicultural Education

This paper is due after the first month of our course. You will have been exposed to a number of philosophical and methodological approaches to multicultural education by this point. It is my intent that the discussions you will have engaged in for this course will be scaffolding to help you to do well on this paper.

You must submit this paper as an attachment in Word. Your assignments will not be accepted if you write them in the submission tab on BB.

You will put all six of the sources below into conversation in this essay. Tell me about the key ideas in each, and weave them together. What do they have in common? What are some of the differences? Your discussion posts have been helping you to develop this essay. You will compare and contrast them, and offer your critiques. Then, you will select two key ideas, and talk about how you might use them in your current or future classroom. Be sure to explain what that grade level and content area you are thinking of. Select one or a set of TEKS (a link to the TEKS website is on our course website) and connect your ideas of how you might implement these ideas

Your paper will be well argued, and you will be discussing all six works of these sources:

1. Alim, H. S., & Paris, D. (2017). What is Culturally Sustaining Pedagogy and Why Does it Matter?. In D. Paris & H.S. Alim (Eds.), *Culturally Sustaining Pedagogies* (pp. 1-21). New York: Teachers College Press.
2. Bucholtz, M., D.I. Casillas, and J.S. Lee (2017). Language and culture as sustenance. In D. Paris & H.S. Alim (Eds.), *Culturally Sustaining Pedagogies* (pp. 43-61). New York: Teachers College Press.
3. Kumashiro, K. K. (2001). "Posts" perspectives on anti-oppressive education in social studies, English, mathematics, and science classrooms. *Educational Researcher*, 30(3), 3-12.
4. Ladson-Billings, G. (1995). Toward a theory of culturally relevant pedagogy. *American Educational Research Journal*, 32(3), 465-491.
5. Nieto, Sonia *The Village: Sonia Nieto on Culturally Responsive Teaching* https://www.youtube.com/watch?v=MC76X_WyqCk (29:49 minutes)

Paper #2: Group Curriculum Analysis

Directions for Group Curriculum Analysis Paper

DUE Nov. 5, 2018 by 11:59 PM

1. You will work in the groups that I have established for you. As I write these directions, I imagine you will be in groups that are diverse in terms of whether you are a pre-service or in-service teacher, and less diverse in terms of grade level and subject matter. We'll see what we have to work with. I will establish these groups during the third week of class.
2. Your group needs to start meeting by **Oct. 15**. This project has multiple parts, and you will need to come up with a clear work plan, as a group, to have your Group Curriculum Analysis Project ready to turn in by **Nov. 5**.
3. Your group will decide who in your group will take on each role. If for some reason there are only 4 people in your group, combine the role of The Facilitator and The Assessment Discussion Leader into one role:
 - **The Facilitator:** This is the person who facilitates the discussion, making sure everyone expresses themselves and guides people to coming to a group decision about each part of the project. This is the person also makes sure group members are working on their parts of the project by checking in with them about their tasks before the final project is due.
 - **The Curriculum Analysis Leader:** This is a group project in which you produce an analysis of a lesson plan on Texas history for a 6th grade classroom. The Curriculum Analysis Leader will guide this very important discussion, making sure that everyone participates, and keeping track of what the group discusses.
 - **The Delegator:** This is the person who guides the discussion about who will complete which tasks, as the group plan evolves. This person will summarize what each job is, who will do it, and when it will be completed.
 - **The Reviewer:** This is the person who makes sure the key parts of the project are well-written and well thought out. This is the person who makes sure all group members are working on their

parts of the project by checking in with them about their tasks before the final project is due.

- **The Editor:** This is the person who edits the final project for completeness, clarity, and coherence, creating one voice for the project. This person makes sure that APA style is followed.

Group Curriculum Analysis Project

Thinking about all we have discussed thus far in the semester, and with the article by Lomawaima & McCarty fresh in your minds, your group will analyze this lesson plan from the *Curriculum Guide for Teaching Texas History*, **TEKS 6A: Effects of Westward Expansion on American Indians**. This lesson is on pp. 6-1 – 6-12 and is intended to be used in a 6th-grade classroom.

Document Analysis Form

<https://www.facinghistory.org/resource-library/teaching-strategies/document-analysis-templates>

These documents are also on the list of documents on the left-hand side of our course on BB.

1. Discuss the lesson plan as a group.
 - a. Who do you imagine might be in your class? Describe the students.
 - b. What are the strengths of this lesson plan?
 - c. What is missing in this lesson plan?
 - d. How could you adapt this lesson plan to make it culturally sustaining?
 - e. What resources should you use beyond this skeletal plan to make this a more robust plan?

Your group will produce an essay together, in which you will address the following issues:

1. Introduction
This is where you will explain who your students are. You will also explain what the TEK is, what the lesson plan attempts to do, where the lesson plan is from, and what you will do in this paper. What you will do in this paper is your thesis statement.
2. Description of the lesson plan
 - a. Strengths
 - b. Limitations
3. Critique of the lesson plan
 - a. List of three or more things you would change and explain why.
4. Conclusion
 - a. Remind us what you argued.
5. References

Culturally Sustaining Pedagogies Lesson Plan and Assessments

Directions for Cultural Sustaining Lesson Plan and Assessments

1. You will create a culturally sustaining lesson plan along with three kinds of assessments at the grade level and subject area of your choice.
2. You will think carefully about this lesson plan and the assessments, and you will use ideas you have learned about throughout the course.
3. You will do this by copying the form below into a Word document and completing it.
4. You will make sure the final project is proofread and is turned in under the correct tab.
