<b>TECHNOLOGY REQUIREMENTS</b>	Course content is delivered via the Internet through the Blackboard learning management system. Ensure your UTEP e-mail account is working and that you have access to the Web and a stable web browser. Google Chrome and Mozilla Firefox are the best browsers for Blackboard; other browsers may cause complications. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

	<p><b>You will need to have access to a computer/laptop, scanner, a webcam, and a microphone.</b> You will need to download or update the following software: Microsoft Office, Adobe Acrobat Reader, Windows Media Player, QuickTime, and Java. Check that your computer hardware and software are up-to-date and able to access all parts of the course.</p> <p>If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) for free via UTEP's Microsoft Office Portal. Click the following link for more information about <a href="#">Microsoft Office 365</a> and follow the instructions.</p> <p><b>IMPORTANT:</b> If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP <a href="#">Help Desk as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. The Help Desk is much better equipped than I am to assist you!</a></p>
<p><b>Course Communication: How will we stay in contact with each other</b></p>	<p>Because this is an online class, we won't see each other in the ways you may be accustomed to: during class time, small group meetings, and office hours. However, there are a number of ways we can keep the communication channels open:</p> <ul style="list-style-type: none"> <li>• <b>Office Hours:</b> We will not be able to meet on campus, but I will still have office hours for your questions and comments about the course. My office hours will be held on ZOOM using this link: <a href="https://utep-edu.zoom.us/my/cwittenburgzoommetings">https://utep-edu.zoom.us/my/cwittenburgzoommetings</a></li> <li>• <b>Email:</b> UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24-48 hours of receipt. When e-mailing me, be sure to email from your UTEP student account and please put the course number in the subject line. In the body of your e-mail, clearly state your question. <b>At the end of your e-mail, be sure to put your first and last name, and your university identification number.</b></li> <li>• <b>Discussion Board:</b> If you have a question that you believe other students may also have, please post it in the Help Board of the discussion boards inside of Blackboard. Please respond to other students' questions if you have a helpful response.</li> <li>• <b>Announcements:</b> Check the Blackboard announcements frequently for any updates, deadlines, or other important messages.</li> </ul>
<p><b>Netiquette</b></p>	<p>As we know, sometimes communication online can be challenging. It's possible to miscommunicate what we mean or to misunderstand what our classmates mean given the lack of body language and immediate feedback. Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.</p> <ul style="list-style-type: none"> <li>○ Always consider audience. This is a college-level course; therefore, all communication should reflect polite consideration of other's ideas.</li> </ul>

- Respect and courtesy must be provided to classmates and to the instructor at all times. No harassment or inappropriate postings will be tolerated.
- When reacting to someone else’s message, address the ideas, not the person. Post only what anyone would comfortably state in a face-to-face situation.
- Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.

**Course Policies: what do you need to do to be successful in the course**

**ATTENDANCE AND PARTICIPATION**

Attendance in the course is determined by participation in the learning activities of the course. Your participation in the course is important not only for your learning and success but also to create a community of learners. Participation is determined by completion of the following activities:

- Reading/Viewing all course materials to ensure understanding of assignment requirements
- Participating in engaging discussion with your peers on the discussion boards (grading rubric provided in the “grading information” area of each forum)
- Participating in scheduled group/class ZOOM sessions
- Other activities as indicated in the weekly modules

Because these activities are designed to contribute to your learning each week add up to the total point participation grade, **they cannot be made up after their due date has passed.**

**EXCUSED ABSENCES AND/OR COURSE DROP POLICY**

According to UTEP Curriculum and Classroom Policies, “When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor may drop the student from the class with a grade of “W” before the course drop deadline and with a grade of “F” after the course drop deadline.” See academic regulations in the UTEP Undergraduate Catalog for a list of excuse absences. Therefore, if I find that, due to non-performance in the course, you are at risk of failing, I will drop you from the course. I will provide 24 hours advance notice via email.

**OR**

I will not drop you from the course. However, if you feel that you are unable to complete the course successfully, please let me know and then contact the [Registrar’s Office](#) to initiate the drop process. If you do not, you are at risk of receiving an “F” for the course.

<p><b>BLACKBOARD COLLABORATE SESSIONS/ZOOM</b></p>	<p>This class requires that you participate in scheduled Blackboard Collaborate sessions/zoom meetings. The purpose of these sessions are for you to view live demonstrations of the course material and/or to participate in small discussion groups with your classmates. These sessions will be held at the agreed team scheduled dates to be announced at a later time.</p> <p>Students are expected to participate in these sessions with a webcam and microphone.</p> <p>Students must download the ZOOM app on their phones or laptops, computers.  <a href="https://support.zoom.us/hc/en-us/articles/206618765-Zoom-Video-Tutorials">https://support.zoom.us/hc/en-us/articles/206618765-Zoom-Video-Tutorials</a></p>
