Therefore, please keep these netiquette (network etiquette) guidelines in mind. Failure to observe them may result in disciplinary action.</p>

	<ul style="list-style-type: none"> ○ Always consider audience. This is a college-level course; therefore, all communication should reflect polite consideration of other’s ideas. ○ Respect and courtesy must be provided to classmates and to the instructor at all times. No harassment or inappropriate postings will be tolerated. ○ When reacting to someone else’s message, address the ideas, not the person. Post only what anyone would comfortably state in a face-to-face situation. ○ Blackboard is not a public internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space.
