Participation

Participation will be based on the activities we do in class. Attendance is very important to get the participation points.

Most assignments in this course are graded pass/fail. To earn a "pass," your assignment must 1) be completed in full and 2) meet minimum standards for college-level work. If you have any questions about

the graded feedback you receive from your instructor or peer leader, email your instructor to set up an appointment to discuss your concerns.

Course Management System

Blackboard Ultra is the online course management system we will use throughout the semester. You can access Blackboard through my.utep.edu. In Blackboard, you can view the syllabus, course calendar, and other supplemental materials related to the course. You must check Blackboard daily for course announcements, assignments, and updates.

The Blackboard app is great for course announcements, emails, and discussions. However, a desktop or laptop computer is recommended for downloading and/or reading course materials, uploading documents or submitting assignments. Call the Help Desk, 747-5257, if you need help with access. Should Blackboard go down for maintenance or other interruptions, email your instructor for assistance.

Required Technology

Students in this class must be able to regularly access to the following:

- ✓ **A computer with internet access.** This course cannot be completed without access to a computer and the Internet. Inability to complete an assignment due to the limitations of the Blackboard app on phones or tablets is not an acceptable reason to miss an assignment or to not follow deadlines or directions.
- ✓ **A web browser** that supports Blackboard, YouTube, TED Talks, Yuja, Kanopy, and other forms of media as needed throughout the course.
- ✓ **Microsoft Office365.** Assignments must be submitted as a Word document (doc or docx) or PDF. Attachments in any other format will not be graded. You can download a free copy of Microsoft Office [here](#).

Course Policies

Absence Policy

This is a discussion/workshop class, not a lecture class. You are expected to attend each class period and to participate in discussions, group projects, and in-class activities. You are allowed a total of four class absences. Unless arrangements are made with your instructor, you will be dropped on the 5th class absences. Five late appearances equate to an absence.

Late Work

I do not want to accept late work, but I might. If I do it will automatically be one letter grade. We will have plenty of time to get the assignments done.

Course Drop/Withdrawal

You may be dropped from this course if you exceed the required amount of absences and/or fail to keep current with assignments unless arrangements are made with your instructor.

COVID-19

Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you are feeling unwell, please let your professors know as soon as possible so we can provide appropriate accommodations. If you have tested positive for COVID-19, you are encouraged to report your results to covidaction@utep.edu, so that the Dean of Students Office can provide you with support and help with communication with your professors. The Student Health Center is equipped to provide COVID-19 testing.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area and is frequently offered on campus. For more information about the current COVID-19 rates, testing, and vaccinations, please visit epstrong.org.

Syllabus Change

Except for changes that substantially affect the grading statement, this syllabus is a guide for the course and is subject to change. Any changes to the syllabus will be announced in class and/or on Blackboard. It is your responsibility to stay updated.

Communication with the instructor.

-Remind App for quick responses or emergencies.

This is a private text message service that keeps the phone numbers hidden. You are only texting the instructor. Use the software for emergencies, or when you need a quick and fast answer. i.e. Can I do my assignment as voice over? Or to let me know something important. i.e. I have resubmitted the assignment you asked me for. Questions about the content or the assignments can be also posted here.

Do not use Remind to ask me about a due date or if I have your assignment grade. Access the Tentative Course Calendar or My Grades on Blackboard instead.

Please keep in mind that I teach other classes and have other responsibilities. If I am in those activities, I may not get to text back immediately. Please have patience. I will try to get back to you as soon as possible. I will be available M-F from 1:00-9:00 pm. Sporadically during the weekends and college holidays. (I will answer if I'm available). If you text me after 9:00 pm, I will respond the next day. Unless I consider that your matter is really urgent.

To access the service: Remind can be downloaded free from the Google Play Store or the Apple App Store. Instructions for other options to join are on Blackboard under the Welcome Folder.

Remind Code: @uni1301

-Blackboard Messages (email)

Do not send me emails through the regular UTEP email. It is usually very crowded with College information and is easy to miss emails send from the students. Please only use the message system provided by Blackboard. That will assure a prompt response. Sometimes it may take me up to 48 hours to answer you back, so please prepare with time. If you need a faster answer, please text me instead.

This is also a private channel. Here you can ask me questions that are not urgent, make appointments to talk to me, and send me images or comments if you like.

Instructor Response Time:

- Bb Messages: <48 hours
- Remind Texts: <24 hours
- Grading and Feedback on Assignments in Blackboard: <before the beginning of the week after the due date of the assignment. Most of the time, if there is delay I will keep you informed.)

University Policies

Accommodations

Copyright and Fair Use

The university requires all members of its community to follow copyright and fair use requirements. Students are individually and solely responsible for violations of copyright and fair use laws. The university will neither protect nor defend students nor assume any responsibility for student violations. Violations of copyright laws could subject students to federal and state civil penalties and criminal liability as well as disciplinary action under university policies
