FINAL EXAMINATION: (COVERS TOPICS 3 – 4)

Thursday, May 12, 2022 at 10:00 a.m. – 12:45 p.m.

Extra credit assignment: Biographical essay on your socio-educational trajectory

For students electing to submit this (OPTIONAL) assignment for extra credit, the following conditions apply: A successful essay will earn you 10 points that will be added to your average of the three exams, effectively boosting your course grade by one letter, e.g., if you had a B average, your final course grade will become an A. If your essay is not acceptable, you will NOT receive points.

The following requirements apply to the essay:

Length: 12-15 pages, double-spaced, normal margins

Structure: Five sections that cover 1) your early childhood up until the end of Kindergarten, 2) elementary school, 3) middle school, 4) high school and 5) university/adult employment and plans for your future. These sections correspond to key developmental stages of your education and maturation. The sections should include your family life, personal growth experiences, and key interventions by role models and institutions in your life. All five sections should encompass content from the readings, films and lectures/slide presentations that you find relevant to your life experience.

Approach: The objective is for you to introspectively examine your educational trajectory in the context of the topics covered in class, school and out-of-school experiences and personal interactions. You want to concentrate your narrative on experiences, persons and institutions that you feel have shaped your success and influenced your professional direction. It is also important to include those experiences and interactions that you have identified as detracting from your success.

Due date: Friday, April 29, 2022. Please e-mail document by attachment to dbixlerm@utep.edu
