Credit Hours: 4 Credit Hours

Student Learning Outcomes:

Upon successful completion of this course students should be able to:

- Comprehend and participate in simple conversations in Portuguese with proper pronunciation and the use of vocabulary and grammar (specially use of present and past tense) on topics related to the daily life such as the classroom, weather, clothes, and time, the family, daily activities, work, etc.

Computer Readiness:

This Portuguese course requires you to watch and record videos, make voice recordings, and complete other assignments that require an updated computer. To avoid frustration with technological issues, please make sure you do the following before beginning this course:

- Update all your browsers (Firefox, Safari, and Chrome).
- Make sure that you have access to your UTEP email address and Blackboard so that you receive all my emails and announcements.

Communication with the Instructor:

Communication between you and your instructor is crucial. You must check your UTEP e-mail, [MyPortuguese Lab](#) and the [Blackboard](#) announcements regularly. All communication from your instructor will go to your UTEP e-mail address/BB messages. I strongly recommend that you use your [Blackboard](#) account for all e-mails regarding the course. If you use another email service or non-UTEP account, there is a risk that your email will be blocked or end up in a spam filter and not be received by your instructor.

You should also save copies of any messages you send to your instructor via e-mail (or cc yourself). If your instructor does not receive your message, you must have a copy of the e-mail (with any attached file), indicating the date sent, to prove that you sent the message.

About *MyPortuguese Lab*:

My Portuguese Lab is a nationally hosted online learning and assessment system for Portuguese courses. This convenient, easily navigable site offers a wide array of language-learning tools and resources, including powerful voice tools, a flexible grade book, an interactive version of the ***Ponto de Encontro*** Student Activities Manual, an

interactive version of the ***Ponto de Encontro*** student text, and all materials from the ***Ponto de Encontro*** audio and video programs.

In ***MyPortugueseLab***, students are recognized as individuals with individual learning needs. For example:

- **Readiness Checks:** At the beginning of each chapter, students may answer questions covering several grammar concepts necessary for understanding the grammar in that chapter. If the Readiness Check indicates they need help on a specific topic, they are referred to appropriate grammar tutorials for the instruction they need.
- **Grammar Tutorials:** Animated tutorials teach students the grammar they need in order to understand the material covered in the text. Other grammar tutorials teach or review the Portuguese grammar topics covered in the course.
- **"Need Help" Feature:** When enabled by the instructor, a "Need Help" box appears as students are doing online homework activities, providing links to grammar tutorials, e-book sections, and additional practice activities—all of which are directly relevant to the task at hand.

Oral Practice

With ***MyPortugueseLab***, students are able to increase their oral proficiency without leaving the online environment. For example:

- **Audio Recording:** Students can record their voices in response to oral activities from the Student Activities Manual.
- **Audio Feedback:** Instructors can access any or all of the students' recorded audio directly from the course gradebook, then listen, enter a grade, make comments in writing, or record a response in return.
- **Online Oral Communication Tools:** Students can engage in online communication with their classmates, either synchronously or asynchronously through WIMBA.

Class Attendance and Participation:

To expand your proficiency in a language, you must be present in class to engage in active practice. Good attendance is a course requirement. Therefore, if you are absent an excessive number of times during the drop period—from the first day after the end of late registration through the last day for faculty to drop students—your instructor will drop you from the course. Here are the rules:

1. You will be dropped from a class after you've been absent two classes in a row or after you have accumulated a total of six hours of sporadic absences during the semester (equivalent to four absences).
2. Once the last day for faculty to drop students has passed, your instructor cannot drop you, but can and will lower your grade in the course as per the following absence-based table:

<u>Total unexcused absences</u>	<u>Points by which your course grade will be lowered</u>
4 absences	2 points
5 absences	4 points
6 absences	6 points
7 absences	8 points

3. Late arrivals and early departures also carry penalties. Two late arrivals equal one absence, two early departures equal one absence, and one late arrival plus one early departure equal one absence. If you arrive late to class, it is your responsibility to tell your instructor at the end of the class period that you arrived late but that you were indeed present, for if you do not, it is possible he or she will mark you absent.
4. Exceptions to the above-stated policies are only made under these circumstances: (1) a medical emergency requiring hospitalization, (2) jury duty or (3) official UTEP business such as athletics, debating team, or band. Documentary proof of official UTEP business or jury duty must be provided ten calendar days before the fact; documentary proof of hospitalization must be provided on the day you return to class. Babysitting, work schedule changes, personal problems, unexpected events, or workload are not exceptions for this attendance policy.

Individual Performance Components:

Here are some of the activities you must do during the semester in order to learn the language. You must do this consistently:

- Log in regularly on both platforms [Blackboard](#) and [MyPortuguese Lab](#)
- Complete the homework from the MyPortuguese Lab or any other assignments given by your instructor.
- Use the Pearson textbook and the online exercises to review material covered and prepare for the next class.
- Complete all assignments, module assessments, etc. on time. Do not wait until the day before but rather start assignments with sufficient time.
- Make good use of writing assignments (in compositions and online exercises)—these are opportunities when you can challenge yourself to express complex ideas, write complex sentences, and utilize a diverse range of vocabulary.
- Have a good knowledge of the vocabulary studied in the course; review past vocabulary as much as necessary to master it.
- When in class, do your best to work effectively and productively with other students. You should make every effort to only communicate in Portuguese. Excessive use of English or Spanish in class will lower your participation grade.
- When outside of class, look for opportunities to speak, listen and write the language every day, including with family or friends. Take advantage of the Brazilian Cultural Center!
- Have confidence in your ability to use the language to express your ideas on a subject.

*** Keep in mind that as your instructor, I am here to help. If you have questions or feel like you might need extra help with any material or skills, talk to me first about the best thing to do. ***

About Late Work:

Due dates for every assignment are provided on the course calendar located in MyPortuguese Lab. Unless otherwise stated, assignments are due on those days. Be sure to **record the dates on your own calendar and make it a top priority to adhere to them as no late work is accepted.**

Because *Proyectos* are a key component which serve to demonstrate your understanding of the Portuguese language (60% of your grade) know that **without successful completion of all the assigned**

MyPortuguese Lab activities per unit, no *Proyectos* will be accepted. Completion of assigned activities with a passing grade (of at least a 70) per unit is required before submitting a *proyecto*.

Note: If you experience extenuating circumstances (e.g., you are hospitalized) that prohibit you from submitting your work on time, please let me know as soon as possible. I will evaluate these instances on a case-by-case basis.

Grading Scale and Distribution:

The following scale will be used to calculate your final grade:

A	90.0 – 100%	D	65.0 - 69.9%
B	80.0 - 89.9%	F	64.9% or less
C	70.0 - 79.9%		

Attendance and Participation.....	15%
MyPortuguese Lab activities.....	25%
Proyectos (4).....	60%
Total.....	100%
