Welcome to Spanish 2304!

Hello Class, my name is Daniel Ríos-Lopera. I will be your instructor for Spanish 2304. I am looking forward to a fun and interactive 14 weeks of Spanish. If you have any questions about the Syllabus, please feel free to ask me.

I. Required texts:
   2. My Spanish Lab access code (included in the package)

   This volume can be purchased at the UTEP Bookstore. You cannot buy a used edition of the book because you will need the access code for My Spanish Lab. Please do not try to buy a used book because you will end up paying more for your materials. You must have the book ASAP.

II. Description: Online Spanish for Spanish Speakers is a course for students—typically north-of-the-border bilinguals—who speak Spanish at home and/or in the community but who have never seriously studied it and who are therefore not fluent readers or writers of it. SPAN 2304 is not designed for students who have been raised and (largely) educated in countries where Spanish is an official language; it is also not designed for north-of-the-border bilinguals who already read and write Spanish proficiently thanks to high-school coursework, K-8 dual-language programs, and the like.

III. Prerequisites for Spanish 2304: Spanish for Spanish Speakers Two is the second semester of the two-semester Spanish for Spanish Speakers sequence. To qualify for SPAN 2304 you must have done one of the following two things: (1) passed SPAN 2303 at UTEP or its equivalent elsewhere (which must have been transferred to your UTEP records), or (2) passed into SPAN 2304 by virtue of having gotten the
appropriate score on the UTEP Spanish Placement Test. The Department of Languages and Linguistics
reserves the right to rectify errors in placement caused by a student’s failure to observe these guidelines,
including the option to drop a student enrolled in an inappropriate course

IV. My Spanish Lab. After buying your book and obtained your access code, go directly to the link below
and follow the instructions:

http://www.myspanishlab.com

MySpanishLab is a nationally hosted online learning and assessment system for elementary Spanish
courses. This convenient, easily navigable site offers a wide array of language-learning tools and resources,
including powerful voice tools, a flexible grade book, and an interactive version of the Español Escrito
Student Activities Manual.

In MySpanishLab, students are recognized as individuals with individual learning needs. For example:

- Readiness Checks: At the beginning of each chapter, students may answer questions covering
  several grammar concepts necessary for understanding the grammar in that chapter. If the
  Readiness Check indicates they need help on a specific topic, they are referred to appropriate
  grammar tutorials for the instruction they need.
- English and Spanish Grammar Tutorials: 90 short, animated tutorials teach students the English
  grammar they need in order to understand the Spanish grammar covered in the text. Other grammar
  tutorials teach or review the Spanish grammar topics covered in the course.
- "Need Help" Feature: When enabled by the instructor, a "Need Help" box appears as students are
  doing online homework activities, providing links to grammar tutorials, e-book sections, and
  additional practice activities—all of which are directly relevant to the task at hand.

V. Determining the course grade:

Exams _________ 55%
You will have three Chapter Exams (55%) Each exam will consist of a multiple-choice graded section.
To each midterm you must have 2 hour period to answer it and you must access you exam thru your
Blackboard shell. You will have only one opportunity to answer each question and you cannot come back
to the question once you have answered or skipped. The exams will be on release on Thursdays and
closed on Sundays so you can access each exam during any time during these days. Your grade will be
released when you finish the exam. See the course calendar for dates of administration. Please note: There
are NO “make-ups.”

Compositions _________ 15%
You are expected to write six compositions during the semester. All compositions must be typed and must
be turned in by the scheduled date thru your Blackboard shell. Your instructor will check your composition
and you must correct it and put it as an attachment in the next composition. It means that each composition
will be graded and returned to you so that you may improve your score. You must re-write each
composition and the combined average of the two versions will be the grade given for each
composition. For example, on composition #1 you receive an 80% and then when you revise your
composition you receive a 100% the average will be 90%. Failure to revise the composition will result
in a zero. Compositions will be graded based on:
1. Organization of content (Introduction, development, and conclusion) (clarity and coherence)
2. Range (grammatical structures/sentence structure and vocabulary)
3. Accuracy of grammar (tenses, agreements, etc.), of sentence structure (word order, connectives), of spelling, of punctuation
4. Fluency (appropriateness, use of vocabulary/idioms).

Please read your composition to someone else because it will help you to minimize mistakes. Every time you turn in a late work your instructor will give you partial credit for that. Compositions must be written every Tuesday as you can see on the calendar. Your instructor will make annotations and corrections, please correct these mistakes ruled by the rubrics. In order to avoid too many corrections, please install any check speller or word corrector in Spanish on your computer. These programs can be obtained online. Rubrics will be used to evaluate your written compositions. Please submit your compositions as attachment as Word document. Compositions must be written double space, MLA format/style, and the size of letter 12 and exceed more than two pages. Please do not turn in composition unless you have checked this with the spell checker in Spanish.

Discussions __________ 15%
You are expected to participate in some discussions during the semester. All discussions must be typed and must be turned in by the scheduled date thru your Blackboard shell. Every time you turn in a late work your instructor will give you partial credit for that. Discussions must be written every week as you can see on the calendar in Spanish. Your instructor will revise and make annotations, please correct these mistakes. In
order to avoid too many corrections on your discussions use the Spanish spell corrector in Blackboard, or please install any check speller or word corrector in Spanish on your computer. These programs can be obtained online or do the set up in your Word program. Copy this link to learn about that:

Discussion board ground rules:
1. Always consider audience. Remember that members of the class and the instructor will be reading any postings.
2. Respect and courtesy must be provided to classmates and to instructor at all times. No harassment, flaming, or inappropriate postings will be tolerated.
3. Do not use inappropriate language, all capital letters, or language short cuts. Online entries should be written in Standard Spanish with edited spelling, grammar, and punctuation.
4. When reacting to someone else's message, address the ideas, not the person. Post only what anyone would comfortably state in a face to face situation.
5. Be sure to read everyone's responses before posting. Avoid repetition of what someone else has already said. Add something new to the discussion!
6. No credit will be received for yes/no answers. Students must demonstrate that they have read the assignment and their classmates' comments carefully and thoughtfully.
7. Be sure to post in a timely fashion to receive credit for attendance and for the discussion. Pay close attention to the posted deadlines.

Grading scale: The following decimal scale applies to all graded components of this course:

- A: 100-90.00
- B: 89.99-80.00
- C: 79.99-70.00
- D: 69.99-65.00
- F: 64.99-0.00

VI. Individual performance components:
Here are some of the activities you must do during the semester in order to learn the language. You must do this consistently:

- Have a good knowledge of the vocabulary studied in the course.
- Prepare daily preparation for class: both from the book and on line exercises.
- Spend time working outside class.
- Speak and listen the language every day.
• Do your regular homework from the textbook, workbook or any other assignments given by your instructor.
• Take exams or quizzes on time.
• Write a lot: writing assignments that include sentences and online workbook exercises.
• Log in regularly on both platforms Blackboard and MySpanishLab
• Have confidence in your ability to use the language expressing your ideas on a subject.
• Work effectively and productively with other students.

VII. Textbook and Online Language Lab:
To register, please go to MySpanishLab
Enter your access code (included in your textbook)and then enter the following Course ID
You can see the following videos to learn more about MSL:

http://www.youtube.com/watch?v=bcO1_FqESaA&list=PLkjl7bvgoAlhtq13WQYz0RI9OoeDxJXy5

All your materials will be online—the interactive language lab—and you will have access to them for the semester. As soon as possible, enroll in this class at MySpanishLab. Be sure to start with Step 1, performing the “Browser Tune-Up.” When you perform the “Browser Tune-Up” on MySpanishLab, you may be required to download and install some free software on your computer that MySpanishLab needs to function. If so, the Tune-Up will provide complete instructions.

Although you may go to MySpanishLab directly on the web, I suggest you go to it through the Blackboard site. Go to your Blackboard page, click on Web Links. There you will find the link to the Español Escrito site. By doing it this way, you will always check your Blackboard assignments and announcements before you log in to the textbook website. There WILL be assignments on both sites so make sure to check them every day.

If you need help registering for the MySpanishLab course/section, go to Pearson Customer Help. Click CHAT on the top toolbar. Fill in the form and click, SUBMIT. An instant messaging box will open and a technical support assistant will be able to help you with your specific issue.

Explore MySpanishLab and Blackboard. If you have questions about how the lab works, contact your instructor as soon as possible. Not understanding how MySpanishLab and Blackboard work is not an excuse for late work.

Login requirements: You will need to log in a minimum of three times per week during the semester on MySpanishLab and Blackboard.

VIII. Module Components:
Each module contains:

1. Learning Goals for the week.
2. An Activity Plan, which lists the assignments you need to complete to master that module’s topic. The Activity Plan will assign exercises in MySpanishLab. Each exercise is assigned points. The final grade for these exercises will be determined by adding all points received for each activity completed. Not all chapter exercises will be assigned—only those listed in MySpanishLab assignment will be graded. You are encouraged to complete additional exercises for further practice
and review, but they will not be counted toward this portion of the grade. MySpanishLab is designed to provide immediate feedback and exercises can be completed multiple times. Therefore you can (and should) practice an activity before submitting it for credit. The due dates are at 11:59 pm, unless otherwise indicated. For submission of exercises reflect the latest possible time the assigned work will be accepted for credit. I suggest that you begin the assignments well before the due date.

IX. Course Policies:
1. Only work submitted by the deadlines will receive credit. No late work of any kind will be accepted. You must complete all the assignments for each module on time. The best way to prepare yourself for the next level of Spanish study is to complete all assignments in a timely manner. Using unauthorized help or methods in completing the activities is not a good idea. Not only is it unethical, you will be putting yourself at a great disadvantage in upper-level courses if you have not mastered the material in SPAN 2303 and/or 2304.
2. No extra-credit assignments will be made.
3. No make-up exams will be given without a prompt, valid excuse. If approved, the make-up exam must be scheduled immediately.
4. Due to the nature of the course, communication between you and your instructor is crucial. You must check your e-mail, MySpanishLab and the Blackboard announcements regularly.
5. If you have special circumstances, bring them to the attention of your instructor immediately.

All communication from me will go to your Blackboard address. I strongly recommend that you use your Blackboard account for all e-mails regarding your course. Hotmail users should be aware that Hotmail will block messages sent from within Blackboard because Blackboard uses “blind carbon copy” to protect privacy. If you forward your mail to a commercial e-mail service provider (yahoo.com or msn.com, for example), messages from me or other students may be delayed because these service providers sometimes place temporary blocks on messages originating from universities.

It is extremely important for you to save copies of any messages you send to your instructor via e-mail. If your instructor doesn't receive your message, you must have a copy of the e-mail (with any attached file), indicating the date sent, to prove that you sent the message. It is your responsibility to maintain copies of your sent e-mails, as there is no way to guarantee that any e-mail message will be delivered. Please check your e-mail software to see how it manages sent and saved messages. Some software automatically deletes messages one month after they have been sent; others only save messages if they are filed in folders; others save messages received but not those sent. You may need to send yourself a copy of your e-mailed assignment at the same time you send it to your instructor, or you may need to print a copy of the e-mail message and any attachments to keep in your paper files. No matter how your system works, make sure you know how to save copies of all messages that you send to your instructor and that you save the copies for several months beyond the end of the course.

X. Technical knowledge:
It is expected that you have basic Internet skills if you are in this course. Those skills include the ability to login to the course web site and send and receive email with attachments. Also, you must be familiar with MS Word to complete the course and know how to save all assignments in RTF (rich text format). If you need to review any of the Internet basics, please go to the Microsoft site and brush up.

XI. Student Commitment:
You should allocate adequate time each week for reading the textbook and completing all online assignments. You are responsible for keeping up to date with all lessons and assignments. Online courses take as much time (and sometimes more) to complete successfully as traditional courses, so please plan accordingly. Our traditional courses meet on-campus 3 hours per week with an additional 2 to 3 hours of
outside work per week. Therefore, you need to be able to commit at least 6 hours per week to this online course in order to be successful.

**XII. Preparation for Computer Emergencies:**

**Computer Crash:** Not having a working computer or a crashed computer during the semester will NOT be considered as an acceptable reason for not completing course activities at a scheduled time. **NOTE:** Identify a second computer that you can use when/if your personal computer crashes.

**Server problems:** When the [Blackboard](https://blackboard.com) or [MySpanishLab](https://myspanishlab.com) server needs downtime for maintenance, the [Blackboard](https://blackboard.com) or [MySpanishLab](https://myspanishlab.com) administrator will post an announcement in your course informing the time and the date. If the server experiences unforeseen problems your course instructor will send an email.

**Complete Loss of Contact:** If you lose contact with me completely (i.e. you cannot contact me via [Blackboard](https://blackboard.com) or email), please contact me at my telephone 915-383-7458 and explain the reason you cannot contact me and leave me a way to contact you.

**Lost/Corrupt/Disappeared files:** You must keep/save a copy of every project/assignment on an external disk or personal computer. In the event of any kind of failure (e.g., [Blackboard](https://blackboard.com) server crash or virus infection, students own computer crashes, loss of files in cyberspace, etc.) or any contradictions/problems, I may/will request you to resubmit the files. In other words, if you submit a document to me, and I either do not receive it (lost in cyberspace) or it is corrupted when I open it, it is incumbent upon you to resend it to me, corrected, with little or no “downtime” in regard to the timeline for submission.

**XIII. Time Management:**
The tentative schedule contains all assignments and deadlines in details so you can plan ahead. Expect to spend three hours on preparation and learning assignments for every semester credit hour. Expect to spend about 5-6 on assignments per week to obtain a good grade in class. Please, combine the course schedules of all your classes, create your own study schedule and stick to it.

**XIV. Course Policies:**

**Cheating, Plagiarism, Scholastic Dishonesty, and Student Discipline:** Any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

**Cheating:**
“Copying from the test paper of another student, engaging in written, oral, or any other means of communication with another student during a test, or giving aid to or seeking aid from another student during a test; possession and/or use during a test of materials which are not authorized by the person giving the test, such as class notes, books, or specifically designed “crib notes”; using, obtaining, or attempting to obtain by any means the whole or any part of non-administered test, test key, homework solution, or computer program; using a test that has been administered in prior classes or semesters but which will be used again either in whole or in part without permission of the instructor; or accessing a test bank without instructor permission; collaborating with or seeking aid from another student for an assignment without authority; substituting for another person, or permitting another person to substitute for one's self, to take a test; and falsifying research data, laboratory reports, and/or other records or academic work offered for credit”
Plagiarism:
“means the appropriation, buying, receiving as a gift, or obtaining by any means another's work and the unacknowledged submission or incorporation of it in one's own academic work offered for credit, or using work in a paper or assignment for which the student had received credit in another course without direct permission of all involved instructors”

Collusion:
“means the unauthorized collaboration with another person in preparing academic assignments offered for credit or collaboration with another person to commit a violation of any provision of the rules on scholastic dishonesty”

XV. Attendance Policy: Policy on Tardiness and Missing Class Sessions:
To expand your proficiency in a language, you must be consistent in the course so as to engage in active practice. Good consistency is a course requirement. Therefore, if you are not consistent, your instructor will drop you from the course. Here are the rules:

1. **If you miss to complete the exercises, quizzes, test, assignments or discussions for a period longer than two days in a week you will be immediately dropped from the class.**

Exceptions to the above-stated policies are only made under these circumstances:
(1) a medical emergency requiring hospitalization,
(2) jury duty or
(3) official UTEP business such as athletics, debating team, or band.
Documentary proof of official UTEP business or jury duty must be provided ten calendar days before the fact; documentary proof of hospitalization must be provided on the day you return to class.

XVI. Students with any type of disabilities:
The University of Texas at El Paso (UTEP) is committed to providing for the needs of enrolled or admitted students who have disabilities under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA). Therefore, it is the policy of UTEP that the campus makes services available for any student who, through a recent assessment, can document a disability.
