RWS 6321: Rhetoric and Technology

Fall 2022
Wednesday 6pm-8:50pm
Hudspeth Hall 313

Dr. Elias Adanu
eadanu@utep.edu
Office hours: Fridays, 1:30pm-3:30pm

Course Description
This course is situated at the intersection of discourses about rhetoric and technology, that is, the dependence of contemporary rhetoric on modern technologies, and the rhetoricity of these technologies. The platform architecture and affordances of today’s hardware and software technologies such as mobile phones, computers, and social media have an outsized influence in how we communicate, persuade, and act. Consequently, we will interrogate how some of the pillars of modern rhetoric, writing, persuasion, communication, and culture are influenced by modern technologies. We will also be interested in how racial and gender disparities are enabled, exacerbated, and reconfigured by technological transformation even as technology itself mitigates some of these social problems.

Required Texts:
- *Race, Rhetoric, and Technology* by Adam Banks. ISBN: 9780805853131

Free pdfs of the following books will be provided on Blackboard:
- *Track Changes: A Literary History of Word Processing* by Matthew Kirschenbaum (free pdf provided on Blackboard; purchase hard copy if you prefer that).
- *Digital Rhetoric: Theory, Method, Practice* by Douglas Eyman
- *Digital Samaritans: Rhetorical Delivery and Engagement in the Digital Humanities* by Jim Ridolfo
- *Theory of the Hashtag* by Andreas Bernard
- *On Bullshit* by Harry Frankfurt

Assignment Descriptions:

**Weekly Responses: Wednesdays at 12pm**
You will submit a total of ten weekly response papers. Ideally, each response should provide a summary of the day’s readings, and advance one argument that connects the
readings to each other, to a previous reading, or to personal experience. These papers will serve as discussion starters in class.

**Class Facilitation: Rotating basis; see sign-up sheet.**
Each student will lead one class session in the course of the semester. This is intended as a pedagogical exercise during which the facilitator will provide discussion questions, practical application exercises, and a take-away document in the form of a PowerPoint, handout, or other resource. The facilitator will demonstrate mastery over the readings for the day and creatively nudge students to contribute meaningfully to the day’s readings. Each facilitator will have 50-60 minutes.

**Journal and Article Review:**
This assignment gives you the opportunity to explore and analyze an academic journal related to some aspect of rhetoric and technology. Each student will examine a different journal (available online or through the library). I will provide a worksheet which you will fill in details about the journal. Additionally, you will analyze one article in the journal. This assignment will expose you to publications within the field of rhetoric and to journals which publish issues related to what we will be discussing in this class.

**Paper Proposal and Annotated Bibliography**
For this assignment, you will write a short (~500 words) abstract for your proposed final paper. This abstract should state what you are proposing to argue, and how it advances or contributes to scholarship surrounding your topic. The proposal should also explain your method, objects of study, and thesis. This abstract will be accompanied by an annotated bibliography that stipulates which texts you will be using and why. The annotated bibliography should have at least 5 reputable sources.

**Final Paper:**
The final paper should be a substantial analytical document (about 4000 words) on a topic of your choice that engages some of the issues raised in the class. The paper should have a thesis, be supported by rigorous argumentation and textual or photographic evidence, and cite at least 10 scholarly sources.

Alternatively, instead of a traditional seminar paper, you may propose a multimedia project that deploys any of the theories and tools we have discussed in class. This may be a digital edition, multimedia or experimental project. This project will be accompanied by a 1500-word creator’s statement that explains the work along with a minimum of 5 scholarly sources. This creator’s statement needs to be both technical (“how I made this”) and critical (“how my work contributes to our understanding of my topic”).

University of Texas at El Paso
Grade Distribution | % | Numerical Grade Equivalents
---|---|---
Attendance & Participation | 10 | A 100-90
Reading Responses | 25 | B 89-80
Facilitation | 15 | C 79-70
Journal & Article Review | 15 | D 69-60
Paper Proposal | 5 | F 59-0
Final Paper | 30 |

Course Policies

Class Meetings, Attendance and Participation
This class will meet once a week, in person, on Wednesdays from 6:00-8:50pm at Hudspeth Hall 313. Due to the length and time of day, I will build in frequent breaks to manage fatigue. Class attendance is mandatory. If for any reason, you cannot make it to class, email me ahead of class to inform me. More than two unexcused absences will result in one letter grade dropped from your final grade.

Attendance is different from participation. Attendance constitutes your physical presence; participation entails your preparatory and contributory presence. So, to receive a good participation grade, you must come to class having read the material, completed assignments, and ready to engage in discussion and other in-class activities. Because this is a discussion-based course, I expect that we will engage each other with utmost respect, tact, and decorum even when we disagree with each other – especially when we disagree.

Office Hours and Availability
I will hold office hours in my office (HUD 316) on Fridays 1:30-3:30pm. If you prefer Zoom, simply alert me so I keep my Zoom on during office hours; the Zoom details are available through our Blackboard home page. Aside office hours, you can reach me via email. I respond to emails within 36 hours. For non-urgent requests, it might be more efficient to simply linger after class and ask.

Assignment Submission and Late Work Policy
Unless otherwise indicated, all assignments will have upload links on Blackboard. Although I give frequent reminders about upcoming deadlines, it is ultimately your responsibility to keep up with due dates. Late work is not accepted for the weekly response paper since these demonstrate your preparedness for each class. For other assignments, life happens, I know (especially in the middle of a pandemic), so let me know in advance if you’re facing any challenges which will impede your ability to meet a deadline and I’ll be happy to make accommodations.

Diversity Statement

University of Texas at El Paso
It is my intent that students from all backgrounds and perspectives be well-served by this course, that students’ learning needs be addressed, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. I expect same from you.

**Required and Recommended Online Programs**
If any of the tools below are new to you, you should begin familiarizing yourself with them as soon as possible – from the Help Desk at UTEP or YouTube.

- **Blackboard**: Blackboard will be the main interface for our course. This is where you’ll find all documents, course materials, resources, and instructions; participate in online discussion groups; submit all assignments; check your grades; and much more. For training or information regarding its use, please refer to the UTEP Connect Online Support Center.

- **Zoom**: If we need to communicate virtually in real time, such as office hours or occasionally when the class goes online, we will use Zoom. The meeting ID and password will be available in Blackboard.

- **OneDrive**: I recommend that you back up all your work in this class on OneDrive, for future use, but also in case your computer fails. Some of our class assignments and collaborative work will be done on the online version of MS Word via OneDrive.

**University Policies**

**University Writing Center**
The University Writing Center (UWC) is located on the second floor of the UTEP library in Room 227 and offers free one-on-one online and in-person writing assistance for both graduate and undergraduate students. Their website is [http://uwc.utep.edu](http://uwc.utep.edu).

**COVID-19 Precautions**
You must STAY AT HOME and REPORT if you have been diagnosed with COVID-19, are experience symptoms, or have had recent contact with a person who has received a positive coronavirus test. Reports should be made at screening.utep.edu. If you know anyone who should report any of these three criteria, encourage them to. If the individual cannot report, you can report on their behalf by sending an email to COVIDaction@utep.edu. Review university emails frequently for COVID-19 safety updates.

**ADA Accommodations**
The Americans with Disabilities Act (ADA) requires that reasonable accommodations be provided for students with physical, sensory, cognitive, learning, and psychiatric disabilities. If you suspect that you have a disability and need accommodation, please contact the Center for Accommodations & Support Services (CASS) at 915 747 5148 or at cass@utep.edu. The CASS office is located in Room 106, Union East. Students are
responsible for presenting the instructor with any CASS accommodation letters and instructions.
