Use Blackboard (the delivery system) built-in e-mail to contact me. It is easier for me to keep organized and to respond in a timely manner. Thank you.

To set up an appointment email me via Blackboard. Appointments are available online, and if available in some cases face-to-face, and by email correspondence. If you have any questions throughout the semester, please contact me.

Writing is developed by an abundance of practice, patience, and perseverance, and is a big part of this course. I know that every single one of you will succeed in this endeavor.

Course Description
The primary goal of RWS 1302 is to develop students’ critical thinking skills in order to facilitate effective communication in all educational, professional, and social contexts. This effective communication is based on an awareness of and appreciation for discourse communities as well as knowledge specific to subject matter, genre, rhetorical strategy, and writing process.

The class presents an approach to communication that helps students determine the most effective strategies, arrangements, and media to use in different rhetorical contexts. It teaches students a systematic approach for analyzing rhetorical situations and then producing a variety of documents and presentations while gaining more confidence and fluency in visual, oral, and written communication. In addition, because communication is
central to being an active and engaged member of society, the course also provides a space for informed advocacy.

This course is taught as an ONLINE course with lectures, and discussions, and utilizing the management system Blackboard. I will provide students with permanent access to the syllabus, supplemental reading materials, e-mail, and discussion groups. It is vital that students check and participate in the online environment consistently as it is an integral part of the course. It is the student’s responsibility to conduct library research, technology workshops, (such as how to create a documentary or be comfortable using Blackboard, UTEP’s databases, and Microsoft Word), or other activities that you might need to be physically present for. Please make time for these training opportunities. If you are not on campus send me an email, so that I may provide you with additional resources. Keep in mind the technology component and requirements for this class; otherwise, you may miss out on important information.

**Learning Outcomes:**

At the end of this course, students will be able to:

- Understand a theory of discourse communities;
- Engage as a community of writers who dialogue across texts, argue, and build on each other’s work;
- Draw on existing knowledge bases to create “new” or “transformed” knowledge;
- Develop a knowledge of genres as they are defined and within discourse communities;
- Address the specific, immediate rhetorical situations of individual communicative acts;
- Develop procedural knowledge of the writing task in its various phases; and,
- Engage reflection about [student’s] own learning.

Students will also have the opportunity to strengthen skills sets in the following areas:

- Think, read, and write critically;
- Formulate research questions and perform primary and secondary research to answer those questions;
- Become familiar with the contents of the UTEP Library, in a variety of forms and areas of professional study (e.g. the arts, humanities, sciences, nursing, social sciences, business, engineering, and education);
- Analyze and synthesize material from outside sources;
- Develop a sensitivity to the significance of data and how it can be rhetorically applied to various genres;
- Apply research to various genres;
- Master documentation within a discipline (APA);
- Learn writing strategies for integrating source material into [student’s] own prose (quoted, paraphrased, and summarized material); and,
- Write analytical and argumentative papers appropriate to genres and larger discourse communities.
This course is also designed to promote [students’] overall success, inside and outside the classroom. [The RWS 1302] coursework will help [students] to improve in key areas such as Communication, Confidence, Critical Thinking, Leadership, Problem Solving, Social Responsibility and Teamwork. To find out more about the university’s plan to improve student engagement and learning, visit the UTEP Edge.

It can be local, national, or global. All assignments build upon each other and are components of the final products that will be used as a means to communicate your advocacy for your topic. Choose your topic/issue. All the mini-assignments should be part of the bigger project report. The small assignments provide the scaffolding layout for the components of the bigger projects.

The weeks contain what is due that week; however, refer to the syllabus and calendar on what is ahead in the upcoming weeks. Also, review Blackboard’s “Course Content” for submission information and more detailed instructions. Also, all guidelines and student samples are available any time for your review. During some weeks, there will be a heavier workload. However, you are more than welcome to work ahead. All weeks are open and you may begin creating your final projects early on.

The Advocacy Website will allow you to design a webpage to persuade a public audience on your topic. Using the template provided on Wix, Weebly or other web authoring software, create a website that represents how you understand and appreciate the topic or subject you have chosen. Students will create, design, and maintain an academic profile in the form of a reflection discussion that includes their semester’s work for the topic. Make sure to review the RWS e-book for specific guidelines. Detailed guidelines will be provided in Blackboard. **(100 points)**

---

**Assignment #2: Genre Analysis**

**Assignment Two: Genre Analysis:** Students will identify two texts on the same subject, but in different genres, to write a comparative analysis. Make sure to review the RWS e-book for specific guidelines. Detailed guidelines will be provided in Blackboard. **100 pts.**

There is a peer-review session for this assignment. **(10 points)**

Detailed guidelines will be provided in Blackboard. **200 points.**

There is a peer-review session for this assignment. **(10 points)**

This online presentation has three components. First: Write an executive summary (no more than one page single-spaced or 500 words) on your issue/topic and include the research questions investigated in your literature review/primary research report. Then post the executive summary under the discussion forum (or as your instructor assigns). Second: Every student in the class will post one question to every author’s executive summary. Make sure to post in a timely manner. This will allow the author ample time to provide answers to all the questions (or as your instructor assigns). Third: The author will answer and respond to all questions and debrief the class on the issue/topic. You may use a PowerPoint presentation for this portion or post the information online. (Make to include the initial question with its answer). Detailed guidelines will be provided in Blackboard. Students will provide a short answer to each question. 50 points.

**Administrative Components of the Course: University and Instructor Policies**

**Course Delivery:** This course is taught as an online course utilizing the Blackboard management system. It is vital for you to regularly check your Blackboard on a daily basis. Students should allocate sufficient time for the class projects and work. The general rule for all classes is that students spend two hours working outside of class for each class credit. Because this is a 3-hour class, expect to spend 6 – 7.5 hours doing researching and writing each week. **Since the class meets 100% online, include additional time for the online environment.**

**Participation/Attendance:** Because this is an online course, attendance is determined by the online environment. Students must be prepared, participate in online discussions consistently to understand and incorporate the rhetorical strategies and processes used to complete the projects.

**Technology and RWS 1302:** This course makes heavy use of technology and multimedia. It is strongly recommended that students have access to the Internet from home and are comfortable using a computer. If home access is not possible, arrangements can be made to use a computer regularly on campus in order to complete the work. Student computer labs such as ATLAS (http://issweb.utep.edu/) are often available until midnight, but schedules do vary.

A great deal of work will be done online, and not having access to a computer will not be an excuse for incomplete or late assignments. Technology problems are also not an excuse for work that is late or missing. Students need to get into the habit of completing assignments
for this course well before the due date to allow time for dealing with technology problems. Expect that at some time, the network will be down, computers will go on the fritz, or some other small catastrophe will occur. If students are prepared ahead of time, they can go to plan B.

**Instructions for Accessing Your Course Online:** Students must have a UTEP email ID and password before they can access Blackboard. UTEP automatically generates an e-mail ID for students when they are officially admitted to the university. Any questions or problems can be directed to the Helpdesk at 747-5257.

**Course Delivery of Course:**
All the course content will be delivered via Blackboard. To access Blackboard from UTEP homepage, students can access Blackboard by the steps outlined below:

➢ Go to [http://my.utep.edu](http://my.utep.edu)
➢ Login is e-mail ID. Password is e-mail password.
➢ Click on the link to Blackboard

➢ Once logged into Blackboard, all the courses a student is registered for are listed under the appropriate semester.
➢ Click on the course title to access the course.

**Submitting Work:** All work will be submitted through our Blackboard course shell. Since Blackboard comment and grade function works best with Microsoft Word, please submit all assignments in Microsoft Word following APA format unless directed otherwise. Microsoft Word is available to students at all campus computers and through the Office 365 Cloud.

**Due Dates for Major Assignments:** All major assignments will be due on **Sundays** at midnight.

**Late Work:** It is important to submit work before deadlines for full credit and feedback. All assignments are due on the due dates posted. Assignments uploaded late will be penalized a letter grade for each class day that the work is late. If for some reason, you cannot turn in your assignment because of scheduling problem, e.g., going out of town, no Internet access, you may turn the assignment in early.

**Group Assignments:** Group work is a common practice for academic and workplace projects. Group assignments are valuable because they help students work together for a common goal. Students who are not doing their group work can be voted off of their groups and will have to complete the project on their own. Blackboard assignments are to be posted when due. Upload your work in a timely manner.

I suggest you do not wait until the last hour to upload your work because you may encounter technical difficulties. This is not an acceptable excuse. However, if it is system or
there is a platform error that no one foresees there, extensions are granted. Major projects for final grading will be submitted to Blackboard and due on Sunday at midnight.

Peer-Review Rough Drafts: Part of the participation grade will include the submission of rough drafts. In order to get the most useful feedback, rough drafts should be completed projects. They must also be submitted before or on the due date.

Peer-Review Rough Draft Feedback: On the rough drafts, students will receive marginal comments as well as comments at the end of the project. The purpose of this feedback is: To be sure that the project is on the right track: that it meets the requirements of the assignment. To comment on the “big issues.” Students will receive comments based on the most important elements of the assignment. Addressing these concerns should help students write a more effective project. The comments will NOT focus on grammar and such—so it is a good idea to get additional help from the Writing Center for this.

Project Format: Use APA styl: All projects must be word-processed and saved as a (doc. or docx.) file. They should be in 12 pt. font-- have one-inch margins, and be double-spaced. Use a font style that is easily readable like Times New Roman, Arial, or Georgia. (Do not use Courier style)

Classroom Etiquette and Online “Netiquette”

- Electronic devices can be very helpful in the classroom whether a smartphone, tablet, or computer. However, if their use does not contribute to the conversation or tasks in the classroom then I have the right to ask you to put it away or turn it off, even if it is a personal device.
- Debate, critical inquiry, and intellectual diversity are essential elements to higher education and a process of learning. There is the potential during this course for controversial and sensitive topics to be discussed during small group or whole class interaction, and to surface through our social media activity. You are expected to demonstrate the utmost respect and courtesy for your peers with differing arguments, viewpoints, and/or experiences. Sexist, racist, homophobic, or other hateful speech will not be tolerated.
- As a general rule, always consider audience, in class and online. Remember that members of the class and the instructor will be reading any postings. When reacting to someone else’s message (verbal or written), address the ideas, not the person.
- Respect and courtesy must be provided to classmates and to instructor at all times. No harassment or inappropriate postings will be tolerated.
- When reacting to someone else’s message, address the ideas, not the person. Post only what anyone would comfortably state in a f2f situation.
- Blackboard is not a public Internet venue; all postings to it should be considered private and confidential. Whatever is posted on in these online spaces is intended for classmates and professor only. Please do not copy documents and paste them to a publicly accessible website, blog, or other space. If students wish to do so, they have the ethical obligation to first request the permission of the writer(s).
• As a courtesy to the class when in a face-to-face environment, turn off or place on silent mode all cell phones. Do not take pictures/photos/video footage of classmates or instructor. Treat others, as you would like to be treated.
• Treat each other with respect. I will not tolerate obscenities and disrespect to fellow classmates, guest speakers or to me. I will ask you to leave my classroom if this occurs. I also reserve the right to drop you from the course if you are preventing others from learning because of your face to face and online classroom disruptions.

Attendance: According to The University of Texas at El Paso's catalog: “The student is expected to attend all classes and laboratory sessions and attendance is mandatory for all freshman-level courses (1XXX). It is the responsibility of the student to inform each instructor of extended absences. (For further information regarding excused absences refer to UTEP’s Catalog Curriculum and Classroom Policies. Students are expected to attend all class meetings and to participate in discussions and workshops. The class discussions will help you learn to improve your writing, often through the discussion of a sample student project (sometimes yours, sometimes one written by a classmate).

Students are expected to attend all online class meetings and to participate in discussions and workshops. The class discussions will help you learn to improve your writing, often through the discussion of a sample student project (sometimes yours, sometimes one written by a classmate). This is part of the work of the course.

Please also be aware of the six-course drop limit. According to the Texas Education Code, "all first-year students enrolled for the first time at any Texas public college or university are limited to six drops during their academic career. This includes student and faculty initiated drops and courses dropped at other Texas public institutions. This policy does not apply to courses dropped prior to census day or to complete withdrawals." So, be sure to start your college experience on the right track by attending class regularly.

Academic Integrity: The University of Texas at El Paso prides itself on its standards of academic excellence. In the classroom and in all other academic activities, students are expected to uphold the highest standards of academic integrity. Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts. Visit the Office of Dean of Students. Instructors are required to report the suspected academic dishonesty to the Office of Student Affairs.

Academic Dishonesty: Any student who commits an act of academic dishonesty is subject to discipline. Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP), and available in the Office of the Dean of Students and on the homepage of the Dean
of Students at www.utep.edu/dos, may result in sanctions ranging from disciplinary probation, to a failing grade on the work in question, to a failing grade in the course, to suspension or dismissal, among others. (http://academics.utep.edu/Default.aspx?tabid=54418)

**Copyright and Fair Use:** The University requires all members of its community to follow copyright and fair use requirements. You are individually and solely responsible for violations of copyright and fair use laws. The University will neither protect nor defend you nor assume any responsibility for student violations of fair use laws. Violations of copyright laws could subject you to federal and state civil penalties and criminal liability, as well as disciplinary action under University policies.

**ADA:** The Americans with Disabilities Act requires that reasonable accommodations be provided for students with physical, sensory, cognitive, systemic, learning, and psychiatric disabilities. If you suspect that you have a disability and need an accommodation, please contact the Center for Accommodations and Support Services (CASS) at 747-5148 or cass@utep.edu. The CASS is located in Room 106, Union East Bldg. Students are responsible for presenting the instructor any CASS accommodation letters and instructions.

Your success in this class is important to me. We will all need accommodations because we all learn differently. If there are aspects of this course that prevent you from learning or exclude you, please let me know as soon as possible. Together we'll develop strategies to meet both your needs and the requirements of the course. I also encourage you to visit the Center for Accommodations and Support Services (CASS) in room 106, Union East Building or contact them at 747-5148 or cass@utep.edu. If you need official accommodations, you have a right to have these met. There are also a range of resources on campus, including the Writing Center, Counseling Center, Military Student Success Center and Academic Advising Center.

**University Writing Center:** UTEP's University Writing Center (UWC) offers free writing tutoring assistance for all UTEP students. The tutors are undergraduate and graduate students who can help with all parts of a writing assignment, including prewriting, organizing, revising, and editing. They can also help to understand any writing assignment and help work on comprehending difficult textbook material. Note: To facilitate revision, I encourage you to visit the writing center at least 12 hours before the assignment is due.

**Military Students:** If you are a military student (veteran, dependent, active) please visit the Military Student Success Center. I also recognize the complexities of being a student veteran. If you are a student veteran, please inform me if you need special accommodations. Drill schedules, calls to active duty, complications with GI Bill disbursement, and other unforeseen military and veteran-related developments can complicate your academic life. If you make me aware of a complication, I will do everything I can to assist you or put you in contact with university staff who are trained to assist you.

Calendar material and due dates are subject to change. Be aware of this, and check calendar updates, which will be listed in the "Course Announcements" section of Blackboard. More detailed rubrics and specific guidelines will be available in the modules. This is a Fifteen Week Course, with the Sixteen Week for Finals. It is very important not get behind in assignments. Every week there will be several lectures, discussions, and assignments to be completed. Below is an overview of each week. A more detailed calendar will be in Blackboard under each week in “Course Content.”

Each week begins on Monday and ends on Sunday
All major assignments will be submitted to Blackboard. Major projects for final grading will be submitted to Blackboard and due on Sunday at midnight. Other scaffolding assignments, peer-reviews, and discussions will be spread out through the week and due at midnight.

All Assignments reflect the following: Think of the coursework as an Internship:
Course Focus: Become a Global Citizen in the 21st Century—
Review the following websites to select your topic:
The Global Poverty Project
http://www.globalpovertyproject.com/
Global Citizen: Extreme Poverty The Global Poverty Project
http://www.globalpovertyproject.com/advocacy/

Select a 21st issue in which you advocate, argue, and provide solutions to the issue you have selected from “Become a Global Citizen” websites.

It can be local, national, or global. All assignments build upon each other and are components of the final assignments to communicate your advocacy for your topic as well as demonstrate and showcase your semester’s work. Choose your topic/issue. All the mini-assignments should be part of the bigger project report. The small assignments provide the scaffolding layout for the components of the bigger projects and the e-portfolio. The weeks contain what is due that week; however, refer to the syllabus and calendar on what is ahead in the upcoming weeks.

Also, all guidelines and student samples are available any time for your review. Make sure to use the RWS e-book. During some weeks, there will be a heavier workload. However, you are more than welcome to work ahead. All weeks are open and you may begin creating early on and add to it during the semester. Please do not submit assignments ahead of the due dates because many have peer-review sessions that must be completed before submission of the final product. Thanks.
