The student is expected to keep a consistent presence for this online course by logging into the course every week to access lecture and reading material and to complete and submit assignments. The student is expected to take part in all course discussions and activities. It is the responsibility of the student to inform

each instructor of extended absences. When the student does not turn in more than 3 assignments, the instructor may drop the student from the class with a grade of “W” before the course drop deadline and with a grade of “F” after the course drop deadline.

Class Requirements

To pass this course, you must:

1. complete all assignments.
2. maintain satisfactory attendance as described above.
3. participate actively in forums and critiques.
4. upload all assignments to Blackboard on time.

Assignment Procedures

Grading rubrics will be provided on Blackboard for assignments. It is the student’s responsibility to read them in their entirety. They will supply details on how assignments should be turned in and how they will be graded. **All assignments must be turned in through Blackboard (see course calendar for specific deadline dates).**

Deadline Policy

Deadline for most assignments is 11:00 PM (MST) on the due date; CHECK COURSE CALENDAR for all due dates and deadlines as late submissions will not be graded. Please ensure that you carefully read all instructions. Reading the instructions is your responsibility and you should not assume due dates or times. Work can be turned in before the deadline time/date.

Discussion Forum and Response

Discussion forum will be based on readings, films, and lectures therefore you should read and watch all material before completing the assignment.

Initial post is due Saturday before 11 PM. Responses to at least (2) classmates are due before the following Wednesday before 11 PM.

Click on the Discussion Forum title.

To post your first response, click on create a new thread. To respond to your classmate, click on their post and then click on reply. Click on “submit” to post your response.

Discussion Forums will open by Monday.

Your grade is dependent on your first post and responses to at least 2 classmates (who have 1 or zero responses) as well as on the quality of your post and word count. Your first post needs to be at least 150 words. Each response to a classmate needs to be at least 75 words.

You will receive full credit for your posts that are quality and consist of critical analysis and contribute to the discussion. Answer the response guide questions.

Journal

You will write one journal in response to the readings and films. You will need to do the readings, view the videos, and go over the lecture notes to be effective in your responses. A rubric with specific instructions and grading criteria will be provided on Blackboard.

Upload Instructions

Upload assignment as a **PDF** or **Word** file only. Name them as follows: last name (no spaces)_essay_date(mmddyy)

example: lopez_essay_091222

Quizzes

Your very first quiz is based on the Syllabus and Class Policies and Procedures. Be sure that you read the material thoroughly and carefully. You will have 40 minutes to complete it. Quiz 2 will be based on readings and films and will consist of multiple choice, true/false, and/or short answer. It may be a combination of all three and is intended to assess your ability to keep up with the course materials. Quizzes will be available until the due date.

Final Video Project

The Final Video Project is a video Film Review by you and consists of 1) Film Review Proposal with Three Annotated Primary References from the required course readings; 2) Typed 5-8 page Film Review; 3) hyperlink to your final Film Review video; 4) Two Peer Reviews. Grading Rubrics with specific instructions for each part will be provided on Blackboard.

Note: It is understood that students registered for this course may not have any prior experience making a video. In this course, you will be asked to **try to the best of your ability** to create one (even if it is the only time you will ever do this in your life). You will be graded based on your typed film review and video, time, effort, and understanding of Chicana filmmaking elements, techniques, and ideologies.

If you run into technical issues, please contact me. My background is in filmmaking and I may help you problem-solve.

First, you will submit a Film Review Proposal that discusses the Chicana film picked by you that you plan to review. The proposal must be approved by the instructor before you submit the final assignment.

In brief, for your final video project, you will need to use any electronic device (such as your cell phone or iPad) and/or video camera and software or free apps available to you to write and video record a 5-8 minute video film review that discusses essential Chicana filmmaking elements, techniques, and ideologies.

Free video editing apps such as [FilmoraGo](#) are easy to use on your computer or cellphone. **The most important guideline is to film the project in landscape composition so that there are no bars on the sides of your video.** This project should include related images to your film review, such as the movie poster and scenes from the film. You must video record yourself discussing your film review. You are required to incorporate at least (3) references/citations from at least (3) scholarly articles assigned in this course. You will need to upload your final video to your own YouTube or Vimeo account. Then create and post a hyperlink to your video in the Final Video Film Review Discussion Forum during final exam week. Be sure to include a 2-3 sentence logline/short summary of your film in your post along with a link to your video.

These are instructions for creating a hyperlink:

Open two windows on your web browser. One window can be the website you are copying and pasting (YouTube or Vimeo). The other browser window should be the Blackboard Final Video Project Discussion Forum. In the text box, type the title of your project.

- Highlight the text (the title of your project), then click the Hyperlink button in the second row of buttons. It looks like a chain link. 
- Leave the type set to HTTP.
- Paste the entire URL (or web address) into the URL box. Be sure to remove the extra http://
- Check the box next to Open link in new window.
- Click Submit
- The Insert Link page will disappear. Click to publish your post.
- When users view your post, they will be able to click on the link and go directly to the website you specified (make sure your video is set to public or supply a password, which Vimeo allows you to share a password).

You must then post Peer Review #2 in at least 150-word responses to at least (2) classmates (who have 1 or zero responses) by the deadline. Once grades are posted, you may remove your Final Video from YouTube or Vimeo if you choose. This is entirely up to you.

Prior to turning in your Final Film Review Video Project, you must turn in a Film Review Video Proposal of at least 500 words and at least 3 **annotated** references (assigned articles from the course) that inform your film review. The following week, you will submit a draft of your typed Film Review script for your video. Peer Review #1 asks you to reply to at least (1) classmate and provide feedback on their film review. Answer the feedback guiding questions.

Upload assignments as either a **PDF or Word** file. You can also enter that content directly or copy and paste from your word processor. For uploaded files name them as follows:

last name (no spaces)_proposal_date(mmddyy)
 example: lopez_proposal_091922

Grades

Your final grade will reflect the instructor's evaluation of

1. the consistency of your effort and dedication to the learning process.
2. your contributions to online discussion and critiques.
3. your ongoing presence in online discussion and critiques.
4. your active participation in the learning process.
5. the quality of and approach to your work on all assignments.
6. how well assignments show and incorporate the formal elements of course topics.

Blackboard may give you a ballpark score, however, **the final grade is given by the instructor** and reflects some of the non-tangible items listed above.

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures (HOP). It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or supplying information to another student, having unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another person's as ones' own. And, collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty tried by a UTEP student is unacceptable and will not be tolerated. Violations will be taken seriously and will be referred to the Dean of Students Office for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions. Please consult the Handbook of Operating Procedures at <http://hoop.utep.edu> for the complete University policy on academic dishonesty. You may also consult with the Assistant Dean of Students at the Student Union Building West, Room 102, or by calling (915) 747-5648.

Student agrees to treat fellow students, UTEP faculty and staff, with respect and collaborate with all class members in a professional manner.

Student understands that copyright laws protect the course material and film media used in this class. Unless student is credited as the owner of the original creative work; and unless student has written permission from the copyright holder, student will refrain from any public or private distribution of the course material, films, footage, images, or audio recordings.

Student understands that any superimposed copyright on media may not be "letterboxed" or covered over in any way. Student will not upload the said media to internet sites, whether public or private, such as YouTube, Facebook, or any

COVID-19 PRECAUTIONS

Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, so that we can work on appropriate accommodations. If you have tested positive for COVID-19, you are encouraged to report your results to covidaction@utep.edu, so that the Dean of Students Office can provide you with support and help with communication with your professors. The Student Health Center is equipped to provide COVID 19 testing.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area, and will be available at no charge on campus during the first week of classes. For more information about the current rates, testing, and vaccinations, please visit epstrong.org

Course Resources: Where you can go for assistance

UTEP provides a variety of student services and support:

Technology Resources

- [Help Desk](#): Students experiencing technological challenges (email, Blackboard, software, etc.) can submit a ticket to the UTEP Helpdesk for assistance. Contact the Helpdesk via phone, email, chat, website, or in person if on campus.

Student responsibility

Student is responsible for seeing that all your equipment and software are up to date or that you get yourself to a lab, library, etc. where you can meet the requirements of the class. Please always follow COVID19 campus safety rules.

Blackboard works best with Mozilla Firefox, Google Chrome, and Safari. Stay away from Internet Explorer. For some reason Blackboard does not communicate well with Internet Explorer so avoid it. Additionally, it is especially important that your Adobe Reader and Java software be up to date. All your readings, lectures, and assignment sheets are (.pdf) files and require the latest version of Adobe Reader.

It is especially important that you follow directions carefully. You must turn in your work correctly. If you do not properly turn in your work, you will not receive credit for the assignment. Here is an example of improperly turning in work: Student opens assignment link, copies/pastes their critical response then does not click the submit button. They then move into another part of Blackboard and the assignment is never sent. Simple human error, but please be sure to double-check that your work is turned in correctly.

You must check Blackboard for announcements and course messages. Announcements also get sent to your UTEP email address. If you do not check Blackboard and you miss an important announcement or email your grade may be deducted points for being absent from this 100% online course.

You are provided with a course calendar that clearly defines all due dates and deadlines. Online learning is independent learning and you must be responsible enough to turn in all work on time. I will not accept late work. Please communicate with me about any absences.

The only time that I will accept a late quiz or assignment is if the Blackboard System goes down or other extreme circumstances. Please communicate with me to let me know if this is the case.

Your work schedule, military deployment, athletic events, travel, vacations, sick children, broken computer, lack of access to internet, employment at UTEP, etc.

are not valid excuses for missing any work in this class. If you are unable to submit an assignment you will need to communicate with me as soon as possible.

You will be penalized for poor writing skills. If your work is riddled with spelling, grammar, and punctuation errors you will lose a considerable number of points for that assignment. This could be the difference between a passing and failing grade, so I strongly suggest that you use the spell check available to you.
