Course Policies and Procedures

Blackboard

This course is 100% online. We will never meet face to face. Some class members may be out of town and it would be unfair for some students and not others to have access to the professor. Therefore, you must familiarize yourself with Blackboard.

Blackboard is a tool that allows faculty to add resources for students to access online. Powerpoint, Captivate, video, audio, animation, and other applications are created outside of Blackboard and added into Blackboard courses for students to enhance teaching and learning efforts. Assignment and schedule details as well as assignment grading can be found on Blackboard. If you need a hard copy of this syllabus, print it.

Uploading and downloading assignments, syllabus and readings will be on **Blackboard**.

How to Login to Blackboard

Blackboard is tied to my.utep.edu. If you are properly registered for the class, you are enrolled in Blackboard as well.

Go to: <https://my.utep.edu>

Log in with your UTEP Username and password. If you have trouble, email me as soon as possible. Blackboard Student Services provides 24/7 help desk and technical support to faculty and students in online courses.

- Standards and proportions used: SEE BELOW

GRADUATE CREDIT FOR THIS COURSE: In order to obtain graduate credit for this course, you must satisfactorily complete a graduate level project with a topic and parameters approved beforehand by the course instructor.

ADDITIONAL CONSIDERATIONS

This course requires online participation. Individual projects will present a number of creative problems. The originality with which you solve these problems and participate in this collective online learning experience will also be a factor in your grade. It is your responsibility to learn and improve each day. Additionally, it is your responsibility to help others in online discussion forums to learn and improve.

Please note: absolutely no grades of “I” (incomplete) will be given. Your final grade will be based on work completed during the semester, unless plagiarism is an issue with work submitted and evaluation is pending from the Office of Student Conduct and Conflict Resolution.

Class Attendance

<http://academics.utep.edu/Default.aspx?tabid=54418>

The student is expected to maintain a consistent online presence for this online course. The student is expected to participate in all course discussions and activities. It is the responsibility of the student to inform each instructor of extended absences. When the student fails to submit more than 3 assignments, the instructor may drop the student from the class with a grade of “W” before the course drop deadline and with a grade of “F” after the course drop deadline.

Class Requirements

In order to pass this course, you must:

1. complete all assignments;
2. maintain satisfactory attendance as described above;
3. participate actively in forums and critiques,
4. upload all assignments to Blackboard on time.

Assignment Procedures

Grading rubrics will be provided on Blackboard for assignments. It is the student’s responsibility to read them. They will provide details on how assignments should be submitted and how they will be graded. **All assignments must be submitted through Blackboard (see course calendar for specific deadline dates).**

Deadline Policy

Deadline for most assignments is 11:00 PM (MST) on the due date; CHECK COURSE CALENDAR for all due dates and deadlines as late submissions will not be graded. Please ensure that you carefully read all instructions. Reading the instructions is your responsibility and you should not assume due dates or times. Work can be submitted before the deadline time/date.

Exams

There will be no formal exams, but there will be an individual Journal assignment, quizzes, discussion boards, a final project, and peer reviews the quality of which will determine your final grade.

Quizzes

Your very first quiz is based on the Syllabus and Class Policies and Procedures. Be sure that you read the material thoroughly and carefully. This quiz is worth 5 points with a total of twenty questions. You will have 30 minutes to complete it. Quiz 2 is worth 20 points. It will be based on readings and films and will consist of multiple choice, true/false, and/or short answer. It may be a combination of all three and is intended to assess your ability to keep up with the course materials. Quizzes will be available Saturdays until the due date.

Essay and Journal

You will submit one individual critical analysis essay, (not a summary and not an opinion piece) and one journal in response to the readings and films. You will need to do the readings, view the videos, and go over the lecture notes to be effective in your responses. A rubric with specific instructions and grading criteria will be provided on Blackboard.

Upload Instructions

Upload essay as a **PDF** or **Word** file only. Name them as follows: last name (no spaces)_essay_date(mmddyy)

example: lopez_essay_041520

Discussion Forums and Responses

Discussion forum assignments will be based on readings, films, and lectures therefore you should read and watch all material before completing the assignment.

Initial post is due Saturday before 11 PM. Responses to at least (2) classmates are due before the following Wednesday before 11 PM.

Click on the Discussion Forum title.

To post your initial response, click on create a new thread. To respond to your classmate, click on their post and then click on reply. Click on “submit” to post your response.

Discussion Forums will open on Mondays.

Your grade is dependent on your initial post and responses to at least 2 classmates (who have 1 or zero responses) as well as on the quality of your post and word count. Your initial post needs to be at least 150 words. Each response to a classmate needs to be at least 75 words.

You will receive full credit for your posts that are quality and consist of critical analysis and contribute to the discussion. I do not want a summary (recap of the material) of the readings/films. Answer the response guide questions.

BEWARE: Simply responding to a blog with “I agree” or “wow that’s interesting” is not considered quality. The word “quality” carries a lot of weight.

Final Project

The Final Project consists of a Short Video Proposal and (3) Annotated Reference(s), a Short Video, and (2) Peer Reviews. Grading Rubrics with specific instructions for each component will be provided on Blackboard.

Note: It is understood that students registered for this course may not have any prior experience making a video. In this course, you will be required to **try to the best of your ability** to create one (even if it’s the only time you’ll ever do this in your life). You will be graded based on your original idea, time, effort, and understanding of Chicana/o and neorealist filmmaking elements and techniques.

In brief, for your video project, you will be required to use any electronic device (such as your cell phone or iPad) and/or video camera and software to write, direct, and video record a short 2-3 minute film using essential Chicana/o/x and neorealist filmmaking elements and techniques. If you do not have editing capabilities, you can make the entire film in one shot or use in-camera editing (shoot your scenes back to back so that your story is continuous). This project may not be a montage of still photography. You must record characters in action and their voices. Videos may be fiction or nonfiction, however, they must be based on the (3) references provided in the proposal. You will need to upload your final video to your own YouTube or Vimeo account. Then create a hyperlink to your video in the Short Video Project Discussion Forum.

For videos, you must create a hyperlink.

These are instructions for creating a hyperlink:

It’s always a good idea to have two browser windows open when posting hyperlinks to Blackboard. One window can be the website you are copying and pasting (YouTube or Vimeo). The other browser window should be your Blackboard course. In the text box, type the title of your project.

- Highlight the text (the title of your project), then click the Hyperlink button in the second row of buttons. It looks like a chain link. 
- Leave the type set to HTTP.
- Paste the entire URL (or web address) into the URL box. Be sure to remove the extra http://
- Check the box next to Open link in new window.
- Click Submit
- The Insert Link page will disappear. Click to publish your post.
- When users view your post, they will be able to click on the link and go directly to the website you specified (make sure your video is set to public or provide a password, which Vimeo allows you to share a password).

You must post your Final Video Project hyperlink to the Short Video Project Discussion Forum along with annotated references.

You must then submit Short Film Peer Reviews in at least 150 word responses to at least (2) classmates (who have 1 or zero responses) by the deadline. Once grades are posted, you may remove your Short Video Project from YouTube or Vimeo if you choose. This is entirely up to you.

Prior to submitting your Short Video Project and Peer Reviews, you must submit a Short Video Proposal of at least 500 words and provide at least 3 annotated references. Upload assignment as either a **PDF or Word** file only. You can also enter that content directly or copy and paste from your word processor. For uploaded files name them as follows:

last name (no spaces)_proposal_date(mmddyy)
example: lopez_proposal_050120

Grades

Your final grade will reflect the instructor's evaluation of

1. the consistency of your effort and dedication to the learning process;
2. your contributions to online discussion and critiques;
3. your ongoing presence in online discussion and critiques;
4. your active participation in the learning process;
5. the quality of and approach to your work on all assignments;
6. how well assignments identify and incorporate the formal elements of course topics.

Blackboard may give you a ballpark score, however, **the final grade is given by the instructor** and reflects some of the non-tangible items listed above.

The Center for Accommodations and Support Services

If you have or believe you have a disability, you may wish to self-identify. You can do so by providing documentation to The Center for Accommodations and Support Services located at Union Building East Room 106 by phone (915) 747-5148 or email cass@utep.edu. If you have a condition that may affect your ability to exit safely from the premises in an emergency or that may cause an emergency during class, you are encouraged to discuss this in confidence with the instructor and/or the director of The Center for Accommodations and Support Services.

Academic Integrity Statement

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures (HOP). It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another person's as ones' own. And, collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Violations will be taken seriously and will be referred to the Dean of Students Office for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions. Please consult the Handbook of Operating Procedures at <http://hoop.utep.edu> for the complete University policy on academic dishonesty. You may also consult with the Assistant Dean of Students at the Student Union Building West, Room 102, or by calling (915) 747-5648.

Student Agreements

Student agrees to treat fellow students, UTEP faculty and staff, with respect and collaborate with all class members in a professional manner.

Student understands that copyright laws protect the course material and film media used in this class. Unless Student is credited as the owner of the original creative work; and unless Student has written permission from the copyright holder, Student will refrain from any public or private distribution of the course material, films, footage, images or audio recordings.

Student understands that any superimposed copyright on media may not be "letterboxed" or covered over in any way. Student will not upload the aforementioned media to Internet sites, whether public or private, such as YouTube, FaceBook, or any other Web Publishing System, and Student will not exhibit any of the course material, films, footage, audio or edited exercises in any public venue, at any film festival or include the footage in any compilation or "demo reel" of Student's work without express and written permission of the

copyright holder.

Student responsibility

You are responsible for seeing that all of your equipment and software are up to date or that you get yourself to a lab, library, etc. where you can meet the requirements of the class.

Blackboard works best with Mozilla Firefox, Google Chrome, and Safari. Stay away from Internet Explorer. For some reason Blackboard does not communicate well with Internet Explorer so avoid it. Additionally, it is very important that your Adobe Reader and Java software be up to date. All of your readings, lectures, and assignment sheets are (.pdf) files and require the latest version of Adobe Reader.

It is very important that you follow directions carefully. You must submit all of your work correctly. If you fail to properly submit your work you will not receive credit for the assignment. Here is an example of improperly submitting work: Student opens assignment link, copies/pastes their critical response then fails to click the submit button. They then move into another part of Blackboard and the assignment is never submitted. Simple human error, but it will cost you a grade.

You must check Blackboard daily for announcements and emails. If you fail to check Blackboard and you miss an important announcement or email you are responsible for the consequences.

You are provided with a course calendar that clearly defines all due dates and deadlines. Online learning is independent learning and you must be responsible enough to submit all work on time. I will not accept late work.

The only time that I will accept a late quiz or assignment is if the Blackboard System goes down. I have the ability to enter the system as both an administrator and as a student and I will know if there was a system failure. If there was a failure I am provided with a report stating so and then I can extend the deadline.

Your work schedule, military deployment, athletic events, travel, vacations, sick children, broken computer, lack of access to internet, employment at UTEP, etc. are not valid excuses for missing any work in this class. If you are sick and unable to submit an assignment you will be required to provide a doctor's note in order to submit a late assignment.

You will be penalized for poor writing skills. If you submit work that is riddled with spelling, grammar, and punctuation errors you will lose a significant number of points for that assignment. This could be the difference between a passing and failing grade so I strongly suggest that you utilize the spell check that is provided in all of your Blackboard links.
