Students will learn about Chicano cinema theory, aesthetics, genres, and basic cinema criticism. Students will analyze cinema through an examination of story, directing, acting, scenes, and producing to allow students to view cinema critically, to develop a systematic and convincing interpretation of the films they watch, and to acquire the ability to analyze cinema in well-constructed and persuasive essays.

Course Policies and Procedures

Blackboard

This course is 100% online. We will never meet face to face. Some class members may be out of town and it would be unfair for some students and not others to have access to the professor. Therefore, you must familiarize yourself with Blackboard.

Blackboard is a tool that allows faculty to add resources for students to access online. Powerpoint, Captivate, video, audio, animation, and other applications are created outside of Blackboard and added into Blackboard courses for students to enhance teaching and learning efforts. Assignment and schedule details as well as assignment grading can be found on Blackboard. If you need a hard copy of this syllabus, print it.

Your final grade is posted on **BLACKBOARD**.

Uploading and downloading assignments, syllabus and readings will be on **Blackboard**.

How to Login to Blackboard

Blackboard is tied to my.utep.edu. If you are properly registered for the class, you are enrolled in Blackboard as well.

Go to: <https://my.utep.edu>

Log in with your UTEP Username and password. If you have trouble, email me as soon as possible. Blackboard Student Services provides 24/7 help desk and technical support to faculty and students in online courses.

*** IMPORTANT: You must get into the habit of checking Blackboard EVERY DAY to make sure you do not miss any important announcements, which will be posted in the Announcement area.

Required Materials

- Access to computer and internet;
- All readings and videos are posted on the Blackboard site located in the Learning Module for any particular week;

Required Software

You will need the following software on your computer to efficiently work in this course. If you are using a lab on campus, they already have the necessary software. All the needed programs are free downloads and can be downloaded from the URLs I have provided here and on Blackboard, which are located in the Getting Started tab.

- **Adobe Acrobat Reader:** You can get the program by going to <http://www.adobe.com> and then clicking on the icon on the left side of the screen which says “Get Adobe Reader. Follow instructions to install the reader.

- **Microsoft Office:** I recommend buying this if you do not have any word processing software or presentation software. It is available at the UTEP bookstore to students at a discounted price. If you cannot purchase it you can access it at any of the computer labs on campus. All assignment documents must be submitted as Word .doc files. You can save the files as .doc files from most word processing programs. If I cannot open your documents, they WILL NOT be graded.

ADDITIONAL CONSIDERATIONS

This course requires online participation. Individual projects will present a number of creative problems. The originality with which you solve these problems and participate in this collective online learning experience will also be a factor in your grade. It is your responsibility to learn and improve each day. Additionally, it is your responsibility to help others in the group to learn and improve.

Please note: absolutely no grades of “I” (incomplete) will be given. Your final grade will be based on work completed during the semester.

Class Attendance

<http://academics.utep.edu/Default.aspx?tabid=54418>

The student is expected to maintain a consistent online presence for this online course. The student is expected to participate in all class and group discussions and activities. It is the responsibility of the student to inform each instructor of extended absences. When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor may drop the student from the class with a grade of “W” before the course drop deadline and with a grade of “F” after the course drop deadline.

Class Requirements

In order to pass this course, you must:

1. complete all assignments;
2. maintain satisfactory attendance as described above;
3. participate actively in forums and critiques,
4. upload all assignments to Blackboard on time (Thursdays by midnight).

Assignment Procedures

Grading rubrics will be provided on Blackboard for all assignments. **All assignments must be submitted through Blackboard Thursdays by midnight.**

Deadline Policy

Deadline for most assignments is 11:59 PM (MST) on the due date; CHECK COURSE CALENDAR for all due dates and deadlines as late submissions will not be graded. Please ensure that you carefully read all instructions. Reading the instructions is your responsibility and you should not assume due dates or times. Work can be submitted before the deadline time/date.

Exams

There will be no formal exams, but there will be an individual Essay assignment, quizzes, discussion boards, a final project, and peer reviews the quality of which will determine your final grade.

Quizzes

Your very first quiz is based on the Syllabus and Class Policies and Procedures. Be sure that you read the material thoroughly and carefully. This quiz is worth 5 points with a total of twenty questions. You will have 30 minutes to complete it.

Quiz 2 is worth 10 points. It will be based on your readings and videos and they will consist of multiple choice, true/false, and/or short essay. They may be a combination of all three and are intended to assess your ability to keep up with the course materials. Quizzes will be available Mondays at 5:00pm until Thursday at 11:59pm. See course calendar for scheduled quizzes.

Essay

You will submit one individual critical analysis, (not a summary and not an opinion piece) at least 500 words in response to the readings and films. You will need to do the readings, view the videos, and go over the lecture pieces to be effective in your responses. I will give you an essay question for the analysis.

Upload Instructions

Upload essay as either a **DOC** or **PDF** file. **Do not upload Text files**. Name them as follows: your last name_essay1(no spaces)_date(mmddyy)

example: smith_essay1_060914

I give you the name of the assignment. **NOT** following this protocol will lose points for the assignment.

Group Discussions & Forums

Random groups of four to five will be generated after the first week of class. These are permanent groups and no changes will be permitted.

Group Discussion assignments will be based on readings, films, and lectures therefore you should read and watch all material before completing your Group Discussion assignments (initial response due Thursday by Midnight).

Type up your individual response in a Word document (SAVE the file) and upload your response under the Assignment Link located in each Learning Module.

Read and follow instructions in Assignment Link very carefully!!! They may change from week to week. If you do not upload your assignment correctly you will not receive credit for the assignment.

After you submit your individual response as an assignment, copy/paste your response to your group Discussion Board Link. Your Group Discussion Board Links are located under Groups below the Course Content on the left hand side of the Home Page. Click on your group name then click on Group Discussion Boards and locate the appropriate Discussion Board. All Group Discussion

Boards will be located in this manner.

Your Group Discussion Boards are already created for you so please click on the appropriate board and DO NOT create a “new thread.”

Group Discussion Boards are in effect from the moment you post your first response until Sunday evening at 11:59 (MST). Your grade is dependent on your initial post and responses to at least 2 classmates (who have 1 or zero responses) as well as on the quality of your post.

You must submit your initial 100-150 word response to the Assignment link and your group discussion board by **Thursday** by midnight. You must then submit 50-100 word responses to at least (2) classmates (who have 1 or zero responses) by **Sunday** by midnight.

All modules and links are time released. This means that you will see modules and links on the dates that they are scheduled to open according to the course calendar. For example, if you have a discussion board that opens on Monday at 5pm (MST) you will not see the discussion board link until that Monday at 5pm and the link will disappear promptly at 11:59pm (MST) the following Sunday. If you start the discussion board at 11:50pm on Sunday the link will close at 11:59pm and you will not receive credit for any incomplete work. Again, I have the ability to track your participation in Blackboard and I am able to see what date and time you accessed all links. Do not wait until the last minute to do your work! Technology has a way of tripping you up when you are racing against the clock.

You will receive full credit for your posts that are quality and consist of critical analysis and contribute to the discussion. I do not want a summary (recap of the material) of the readings/films. I have read and seen the material; I know what it is about.

BEWARE: Simply responding to a blog with “I agree” or “wow that’s interesting” is not considered quality. The word “quality” carries a lot of weight!

Final Project

The Final Project consists of a Short Film Treatment, Short Film Project, and Short Film Peer Reviews. Grading Rubrics with descriptions and specific instructions for each component will be provided on Blackboard.

In brief, you will be required to use any electronic device and/or camera and software to write, direct, and shoot a short 2-3 minute film using essential neorealist filmmaking elements and techniques. If you do not have editing capabilities, you can shoot the entire film in one shot or use in-camera editing (shoot your scenes back to back so that your story is continuous). You will need to upload your final video to your own YouTube or Vimeo account. Then create a hyperlink to your video in the Final Project Assignment Link.

It's always a good idea to have two browser windows open when posting hyperlinks to Blackboard. One window can be the website you are copying and pasting (YouTube or Vimeo). The other browser window should be your Blackboard course. In the Assignment Link text box, type the title of your project.

- Highlight the text (the title of your project), then click the Hyperlink button in the second row of buttons. It looks like a chain link.
- Leave the type set to HTTP.
- Paste the entire URL (or web address) into the URL box. Be sure to remove the extra http://
- Check the box next to Open link in new window.
- Click Submit
- The Insert Link page will disappear. Click to publish your post.
- When users view your post, they will be able to click on the link and go directly to the website you specified (make sure your video is set to public or provide a password, which Vimeo allows you to share a password).

After you submit your Final Project in the Assignment Link, follow the same instructions for creating a hyperlink and post it to your group Discussion Board Link. Click on your Group Discussion Board and locate the Final Project Discussion Board.

You must then submit Short Film Peer Reviews in 100-150 word responses to at least (2) classmates (who have 1 or zero responses) by **Tuesday (Aug. 5) by midnight**. A grading rubric will be provided for the peer reviews on Blackboard.

Once the semester is over (Aug. 7), you may remove your Short Film Project from YouTube or Vimeo. This is entirely up to you.

Prior to submitting your Short Film Project and Peer Reviews, you must submit a Short Film Treatment to the Assignment Link. Upload assignment as either a **DOC** or **PDF** file. **Do not upload Text files**. You can also enter that content directly or copy and paste from your word processor. For uploaded files name them as follows: your last name_treatment (no spaces)_date(mmddyy)

example: smith_treatment_020514

Grades

Your final grade will reflect the instructor's evaluation of

1. the consistency of your effort and dedication to the learning process;
2. your contributions to online discussion and critiques;
3. your ongoing presence in online discussion and critiques;
4. your active participation in the learning process;
5. the quality of and approach to your work on all assignments;
6. how well assignments identify and incorporate the formal elements of filmmaking.

While Blackboard will give you a ballpark score, the final grade is given by the instructor and reflects some of the non-tangible items listed above.

Letter grade scale

- 100%-90% = A
- 89%-80% = B
- 79%-70% = C
- 69%-60% = D

Disclaimer Statement

This syllabus may be amended as the course proceeds. You will be notified of all changes.

The Center for Accommodations and Support Services

If you have or believe you have a disability, you may wish to self-identify. You can do so by providing documentation to The Center for Accommodations and Support Services located at Union Building East Room 106 by phone (915) 747-5148 or email cass@utep.edu. If you have a condition that may affect your ability to exit safely from the premises in an emergency or that may cause an emergency during class, you are encouraged to discuss this in confidence with the instructor and/or the director of The Center for Accommodations and Support Services.

Academic Integrity Statement

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures (HOP). It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another person's as ones' own. And, collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Violations will be taken seriously and will be referred to the Dean of Students Office for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions. Please consult the Handbook of Operating

Procedures at <http://hoop.utep.edu> for the complete University policy on academic dishonesty. You may also consult with the Assistant Dean of Students at the Student Union Building West, Room 102, or by calling (915) 747-5648.

Student Agreements

Student agrees to treat fellow students, UTEP faculty and staff, with respect and collaborate with all group members in a professional manner.

Student understands that copyright laws protect the film media used in this class. Unless Student is credited as a member of the crew for an original creative work; and unless Student has written permission from the copyright holder, Student will refrain from any public or private distribution of the films, footage, images or audio recordings.

Student understands that any superimposed copyright on media may not be “letterboxed” or covered over in any way. Student will not upload the aforementioned media to Internet sites, whether public or private, such as YouTube, FaceBook, or any other Web Publishing System, and Student will not exhibit any of the films, footage, audio or edited exercises in any public venue, at any film festival or include the footage in any compilation or “demo reel” of Student’s work without express and written permission of the copyright holder.

Student responsibility

You are responsible for seeing that all of your equipment and software are up to date or that you get yourself to a lab, library, etc. where you can meet the requirements of the class.

Blackboard works best with Mozilla Firefox, Google Chrome, and Safari. Stay away from Internet Explorer! For some reason Blackboard does not communicate well with Internet Explorer so avoid it. Additionally, it is very important that your Adobe Reader and Java software be up to date. All of your readings, lectures, and assignment sheets are (.pdf) files and require the latest version of Adobe Reader.

It is very important that you follow directions carefully. You must submit all of your work correctly. If you fail to properly submit your work you will not receive credit for the assignment. Here is an example of improperly submitting work: Student opens assignment link, copies/pastes their critical response then fails to click the submit button. They then move into another part of Blackboard and the assignment is never submitted. Simple human error, but it will cost you a grade.

You must check Blackboard daily for announcements and emails. If you fail to check Blackboard and you miss an important announcement or email you are responsible for the consequences.

You are provided with a course calendar that clearly defines all due dates and

deadlines. Online learning is independent learning and you must be responsible enough to submit all work on time. I will not accept late work.

The only time that I will accept a late quiz or assignment is if the Blackboard System goes down. I have the ability to enter the system as both an administrator and as a student and I will know if there was a system failure. If there was a failure I am provided with a report stating so and then I can extend the deadline.

Your work schedule, military deployment, athletic events, travel, vacations, sick children, broken computer, lack of access to internet, employment at UTEP, etc. are not valid excuses for missing any work in this class. If you are sick and unable to submit an assignment you will be required to provide a doctor's note in order to submit a late assignment.

You will be penalized for poor writing skills. If you submit work that is riddled with spelling, grammar, and punctuation errors you will lose a significant number of points for that assignment. This could be the difference between a passing and failing grade so I strongly suggest that you utilize the spell check that is provided in all of your Blackboard links.
