Required Textbook  

Class Format  
This course is based on weekly modules that open each Monday morning at 12:00am and close the following Friday at midnight (Mountain Standard Time). If students fail to submit any required work (exams or quizzes) before the module closes they will receive a grade of zero (0) for that assignment—no exceptions!

As outlined in the syllabus, each weekly module will focus on one chapter from our textbook. For each of these chapters, I will prepare a brief outline that is intended to provide guidance and structure to students as they read the chapter. Students should read this outline before reading the chapter. Students may wish to print the outline as this information will become inaccessible once a given module closes.

Every fourth week, students will take an exam. Exams are only available to access and complete during the module they are schedule. A failure to submit it before the time the module closes will result in a grade of zero (0) for that exam. Additionally, the exams are timed, meaning that once students begin the exam, they will have ninety minutes (1 hour and 30 minutes) to complete and submit their exam. All exams are “open book and notes,” meaning that students can use any class materials they wish when completing this assignment. However, they cannot “collaborate” in any way with any person (whether they are a fellow student or not) when completing the exams. Doing so constitutes cheating and will be dealt with per the policy on academic dishonesty specified later in the syllabus.

Students will be able to communicate with me and each other to ask questions, share concerns, raise ideas, etc. through “Dr. Z’s Corner.” This is an open forum discussion board where students can post general questions, comments, and ideas
for each other and me. I will access “Dr. Z’s Corner” at least once each business day and post any needed responses. The postings on “Dr. Z’s Corner” will be continuously available to students throughout the semester. Finally, never post exam questions on “Dr. Z’s corner.” Posting exam questions will be considered an act of cheating.

**Requirements**
Students will complete 4 exams consisting of 50 multiple choice questions. All class materials and quizzes can be the basis of test questions. Each exam is worth 100 points for a total of 400 points. In addition, each week students will be given a chapter quiz. This assignment consists of answering a specific question regarding the chapter for that week. There will be 12 quizzes and each is worth 10 points (120 points total). Again, a grade of zero (0) will be assigned to each exam and quiz not submitted by the time the respective weekly module closes. Students will have 10 minutes to complete the quiz once they begin. Exams will be available on Mondays at 12:00 AM of that week and close midnight on Friday (Mountain Standard Time). Quizzes will be available on Mondays at 12:00AM and close midnight on Fridays (Mountain Standard Time).

Please Note: There will be no curve used in grading, no grades will be dropped, and there will be no extra credit. Do not contact me at the end of the semester regarding extra points for a particular letter grade. Your grade is an accomplishment, not a gift! There will be no incompletes (grade of I) offered in this course. I have the right to make any changes to the course syllabus and any changes will be announced in class and/or email.

Important Reminders
The exams are timed, meaning that once you begin the exam you will have a limited amount of time (90 minutes) to complete and submit your work. The exams will automatically close and submit at the end of the time limit if you haven’t already submitted it yourself. Do not wait until the last minute to begin exams. This way, if you do experience any difficulties with submissions, they can be corrected before the module closes.
