Office: EDUC 413A
Office hours: Mondays, 3-5:30pm [virtual]

Mondays, 5:30-8:30pm
Hybrid – EDUC 312/Zoom

Course Overview:

This course will explore key theories and research tied to teacher learning across the profession – from pre-service teacher preparation to induction and to retention and continuous professional development. We will examine theories related to the continuum of professional learning, including (but not limited to) teacher learning and identities, conceptions of teachers and teaching, and the social contexts that shape teacher learning; we will pay particular attention to teacher development in and for culturally and linguistically diverse contexts. We will also examine varying approaches to teacher recruitment, preparation, and induction, and explore the role of teacher learning in educational change efforts. The course will provide an opportunity not only to become familiar with the theory and research on teacher learning, but also to gain experience in qualitative data collection and analysis related to these topics through engagement in a mini-research project focused on teacher learning.

Course Format:

The course will be delivered in a hybrid format, where five class sessions will take place in-person (or virtually, if needed) and the remaining class sessions will take place asynchronously online and via small group meetings with the professor (check course schedule for details).

Student Learning Outcomes:

By the end of this course, students should be able to:

- (1) Identify and explain key theoretical frameworks for understanding and analyzing teacher development and learning;
- (2) Reflect on our own experiences with teacher learning across the continuum (preparation, induction, continued learning);
- (3) Evaluate trends and debates in the research literature over last two decades related to models of teacher preparation, induction, and professional development;
- (4) Document and analyze the teacher preparation landscape in Texas;
- (5) Practice qualitative data collection and analysis in teacher learning;
- (6) Apply theoretical frameworks to analysis of primary data on teacher learning.

Weeks 13-16:

Readings and research tied to your Case Study Research Project

Course Requirements:

Reading Responses (40%) – To facilitate your understanding of and engagement with the research and theories integral to teacher learning, you will be asked to do written responses tied to the required readings. Your reading response should be 500-750 words in length, and should achieve three main things: (1) summarize the main arguments of the readings [summary]; (2) identify common themes/threads across the readings [synthesis]; and (3) pose 2-3 critical questions that connect theory/research with policy and practice or with other course readings [connections]. A rubric, as well as a template for the response, can be found in Blackboard. Throughout the semester, eleven Reading Responses will be assigned; you need to complete ten of the eleven (4 points each).

Texas Teacher Preparation Landscape Project (10%) – This inquiry project is focused on investigating the landscape of teacher preparation in the state of Texas. There are three key

focus areas for the project: state requirements for teacher certification (from both the candidate side and the program side); types of educator preparation programs for initial certification; and details about different program types. The purpose is to learn more about the regulatory requirements that guide/constrain teacher preparation programs, and to learn about variety of programs that exist within Texas. The project will have both individual and group components, and will culminate in an in-class presentation on your findings. More information can be found in Blackboard under Week 3.

Background Questionnaire – Provide background information using the survey link provided in Blackboard under Week 1.

Autobiographical Sketch (10%) - This autobiographical sketch is an opportunity to reflect on and represent (either through writing or visually or both) your own experiences with professional learning across the lifespan -- specifically your own experiences with teacher preparation and induction, where relevant. To that end, the sketch should address the following questions:

- Who and what were your primary influences to go into the field of education (or more specifically, to become an educator)?
- What was your own pathway into education?
- What were your experiences with teacher preparation (if relevant)?
- What were your experiences with teacher induction and new teacher mentoring (if relevant)?
- Include any other relevant information about your pathway into and through education and about your own professional learning.

You may choose to compose a written response as your sketch, or you can visually map out your response (by hand or digitally). There are no word limits. We will share the autobiographical sketch in-class on 1/25.

Case Study Mini-Research Project (40%) – The purpose of the Case Study Mini-Research Project is for you to have the opportunity to practice qualitative data collection and analysis in light of key research and theoretical concepts on professional learning across the profession. You will have the opportunity to select and interview two new teachers. Your analysis of these interviews will serve as the basis for the findings in this project.

Key submissions tied to the Case Study Mini-Research Project include:

- Case Study Interviews and Transcriptions (2)
- Annotated bibliography
- Data analysis
- Research Report that includes context, abbreviated literature review, methodology, findings, and implications

More information can be found in Blackboard.

Grading:

A	90-100 points
B	80-89 points
C	70-79 points
D	60-69 points
F	Below 59 points

Assessment of Student Learning Outcomes:

Assignment	Point Value	Learning Outcomes Assessed
Reading Responses	40 points	#1-4
Autobiographical Sketch	10 points	#2
Texas Teacher Prep Landscape Project	10 points	#4
Case Study Research Project	40 points	#1-6

Technology Requirements:

Course content is delivered via the internet through the Blackboard learning management system. Ensure your UTEP e-mail account is working and that you have access to the Web and a stable web browser. Google Chrome and Mozilla Firefox are the best browsers for Blackboard; other browsers may cause complications. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

For the online live (Zoom) sessions of this course, you will need to have access to a computer/laptop and webcam/microphone. For our online live (Zoom) sessions, I ask that you keep your camera on for interaction and engagement purposes.

Please also check that your computer hardware and software are up-to-date and able to access all parts of the course. If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) for free via UTEP's Microsoft Office Portal. Click the following [link](#) for more information about Microsoft Office 365 and follow the instructions.

IMPORTANT: If you encounter technical difficulties beyond your scope of troubleshooting, please contact the [UTEP Help Desk](#), as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. The Help Desk is much better equipped than I am to assist you!

Course Communication:

Communication is a critical part of learning and course delivery. In this class, we will see each other roughly every other week via Zoom. In addition to those class meetings, these additional channels of communication are also available:

- **Email:** UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24-48 hours of receipt. When e-mailing me, be sure to email from your UTEP student account and please put the course number in the subject line. In the body of your e-mail, clearly state your question.
- **Discussion Board:** If you have a question that you believe other students may also have, please post it in the "General Questions/Queries" thread on the discussion boards inside of Blackboard. Please respond to other students' questions if you have a helpful response.
- **Announcements:** Check the Blackboard announcements frequently for any updates, deadlines, or other important messages.
- **Online Office Hours:** We will not be able to meet on campus, but I will still have office hours for your questions and comments about the course. My office hours will be held via email on Mondays from 3-5:30pm.

A Note on Research/Inquiry:

The purpose of this course is to prepare and engage doctoral students in research related to the teacher learning continuum, with a focus on literacy/biliteracy contexts. As part of this preparation, you will have the opportunity to engage in hands-on data collection and analysis through the Case Study Research Project. Unless you have approval from the Institutional Review Board (IRB), no data collected as part of these projects should under any conditions be presented in any public outlet, for example, in a conference presentation, research colloquium, or publication. All participants shall remain anonymous.

Attendance Policy:

Attendance in the course is determined by participation in the learning activities of the course, including virtual sessions conducted via Zoom and face-to-face sessions held on campus. Your participation in the course is important not only for your learning and success but also to create a community of learners. Absences in virtual/face-to-face meetings for any reason are discouraged. According to UTEP Curriculum and Classroom Policies, "When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor may drop the student from the class with a grade of "W" before the course drop deadline and with a grade of "F" after the course drop deadline." See academic regulations in the UTEP Undergraduate Catalog for a list of excuse absences. Therefore, if I find that, due to non-performance in the course, you are at risk of failing, I will drop you from the course. I will provide 24 hours advance notice via email.

COVID-19 Precautions:

You must **stay at home** and **report** if you: (1) have been diagnosed with COVID-19; (2) are experiencing COVID-19 symptoms; or (3) have had recent contact with a person who has received a positive coronavirus test. Reports should be made at screening.utep.edu. If you know of anyone who should report any of these three criteria, you should encourage them to report. If the individual cannot report, you can report on their behalf by sending an email to COVIDaction@utep.edu.

For each day that you attend campus—for any reason (including for face-to-face sessions of this course)—you must complete the questions on the UTEP screening website (screening.utep.edu) prior to arriving on campus. The website will verify if you are permitted to come to campus. Under no circumstances should anyone come to class when feeling ill or exhibiting any of the known COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, and alternative instruction will be provided. Students are advised to minimize the number of encounters with others to avoid infection.

Wear face coverings when in common areas of campus or when others are present. You must wear a face covering over your nose and mouth at all times in this class. If you choose not to wear a face covering, you may not enter the classroom. If you remove your face covering, you will be asked to put it on or leave the classroom. Students who refuse to wear a face covering and follow preventive COVID-19 guidelines will be dismissed from the class and will be subject to disciplinary action according to Section 1.2.3 *Health and Safety* and Section 1.2.2.5 *Disruptions* in the UTEP Handbook of Operating Procedures.

Please note that if COVID-19 conditions deteriorate in the City of El Paso, all course and lab activities may be transitioned to remote delivery.

Disability Policy:

If you have or believe you have a disability, you may wish to self-identify. You can do so by providing documentation to the Center for Accommodations and Support (CASS) located in Union E Room 106. Students who have been designated as disabled must reactivate their standing with CASS on a yearly basis. Failure to report to this office will place a student on the inactive list and nullify benefits received. If you have a condition which may affect your ability to exit safely from the premises in an emergency or which may cause an emergency during class, you are encouraged to discuss this in confidence with the instructor and/or the director of Disabled Student Services. You may call 747-5148 for general information about the Americans with Disabilities Act (ADA).

Equal Educational Opportunity:

In order to create equal educational opportunities in the class, all students are expected to demonstrate respect for the diverse voices and individual differences in the class. Particularly, no person shall be excluded from participation in, denied benefits of, or be subject to discrimination under any program or activity sponsored or conducted by the University of Texas at El Paso on the basis of race, color, national origin, religion, sex, age, veteran status, disability, or sexual orientation. Any member of the University community who engages in discrimination or other conduct in violation of University policy is subject to the full range of disciplinary action, up to and including separation from the University. Complaints regarding discrimination should be reported to the University's Equal Opportunity Office. Inquiries regarding applicable policies should be addressed to the University's Equal Opportunity Office, Kelly Hall, 3rd Floor, 915.747.5662 or eoaa@utep.edu.

Academic Integrity:

Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another as ones' own. Collusion involves collaborating with another person to commit any academically dishonest act.

Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. All suspected violations of academic integrity at The University of Texas at El Paso must be reported to the [Office of Student Conduct and Conflict Resolution \(OSCCR\)](#) for possible disciplinary action. To learn more, please visit [HOOP: Student Conduct and Discipline](#).

Copyright of Course Materials:

All materials used in this course are protected by copyright law. The course materials are only for the use of students currently enrolled in this course and only for the purpose of this course. They may not be further disseminated.

University Resources:

UTEP provides a variety of student services and support:

Technology Resources

- [Help Desk](#): Students experiencing technological challenges (email, Blackboard, software, etc.) can submit a ticket to the UTEP Helpdesk for assistance. Contact the Helpdesk via phone, email, chat, website, or in person if on campus.

Academic Resources

- [UTEP Library](#): Access a wide range of resources including online, full-text access to thousands of journals and eBooks plus reference service and librarian assistance for enrolled students.
- [University Writing Center \(UWC\)](#): Submit papers here for assistance with writing style and formatting, ask a tutor for help and explore other writing resources.
- [RefWorks](#): A bibliographic citation tool; check out the RefWorks tutorial and Fact Sheet and Quick-Start Guide.

Additional Course-Specific Resources:

Journals

The following journals can assist you in your practicum and inquiry project. These are just some examples. Most of them can be found electronically using the UTEP Library website:
