CLASSROOM POLICIES

- All students are expected to be prepared and check Black Board on a daily basis for emails and to post assignments, discussions, blogs, quizzes/tests etc. You will be dropped for failure to log in and/or participate or random posting of assignments. I answer all emails first thing in the morning, throughout the day and no later than 9 PM every evening. Emails in the course are expected to be professional with a greeting and with a polite good bye. Do not email me in CAPS as I will not respond. The way you email is equivalent to the way you speak to someone in class. Please be polite at all times in this course and all others that you take on line – it really does go a long way! You are also responsible for dropping the course if you choose to do so, and not the instructor.

- Participation in discussions, blogs, and group activities is required on time. Late work will be accepted but points will be deducted. In addition, do not use the last week of the course to post your missing assignments as they will not be graded.

- All responses in discussions, blogs, reflections, and writing assignments must be well thought out and appropriate for each topic that is discussed. All writing needs to be organized, clear, grammatical, and must include correct forms for citations and references. ALWAYS use your best English and remember this is a college course and not a chat room or social media blog. Use scholarly and professional language at all times. Use the following link as your resource: http://owl.english.purdue.edu/owl/resource/560/01/. If you are asked to rewrite an assignment do not take this personally. I expect you to write as future professionals would in the classroom.

- Students are responsible for working with their classmates and maintaining a high level of professionalism and respect for one another as we engage in discussions and group work.

- Quizzes: All quizzes are 20 multiple choice questions and timed for 50 minutes. All content is taken from your readings. You need to read and study your chapters. Test items require understanding of the content and critical thinking. There are no make ups for quizzes. Pay attention to the due dates. Please note and understand that it is Teacher Education policy not to release any part of a quiz. A complete review will be provided for you well before your final exam which consists of 100 questions which come from your quizzes.

- Let's Talk: A DISCUSSION BOARD RESOURCE will be open at the beginning of each chapter for us to use to ask/answer any questions on anything that you are reading from that specific chapter ONLY. This is available if you need it for you all to interact with one another. Class participation is crucial in this course at all times! Negative comments and remarks that are more complaints than questions about the chapters will be removed by the instructor.

- Assigned Court Cases: You will select a court case that significantly impacted bilingual education in the past. You must post a power point to the appropriate thread when the assignment is due. You will also post professional comments to at least two of your classmates' court cases as well.
