- (a) Application of integration.
 - (b) Integration Techniques, L'Hopital's Rule, and Improper Integrals.
 - (c) Infinite Series.
-

TOPICS

In this class you should be able to apply integrations techniques to a variety of problems related to areas and volumes. Additionally, the student must interpret symbolically integrals and to understand the appropriate technique to perform computations. The student should be able to use Taylor series to approximate functions and perform computation of values for infinite series.

GRADING POLICY

The course grade will be distributed as follows:

Homework	15%
Three Partial Exams	20%
Final Exam	25%
Total	100%

- (1) **HOMEWORK:** Homework is essential for the successful completion of the course. At the end of each session, there will be assignments of problems and exercises with the purpose of reinforcing the material just covered in class. These assignments must be completed and turned back by the preassigned due dates, no late assignments will be accepted after the due date.
- (2) **Grading System:**

(90,100)	A
(80,90)	B
(70,80)	C
(60,70)	D
(0,60)	F

- (3) **MISSED WORK:** It is expected that you attend all classes. There will be no makeup for missed quizzes unless you are excused as an official participant in a University sponsored event and have followed the required procedure. Makeup for missed exams will only be considered if the circumstances are exceptional and unavoidable, and if they can be documented.
- (4) **EXTRA CREDIT:** There will be extra credit assignments. You may earn to 10 extra points in each partial exam under the following conditions:
- You must turn in all assignments by the next class. Late due assignments will not be considered under any circumstance, unless you have a written and proper excuse (medical, death in family, accident, etc).
 - You must score in the corresponding partial exam at least 60 points.
 - You must have less than two absences during the corresponding month. For this purpose, there will be a roll list every class. Be sure to sign this sheet.
- (5) **ACCOMODATIONS UNDER THE ADA:** If you have or suspect a disability and need accommodations you should contact Disabled Student Services Office (DSSO) at 747-5148 or at dss@utep.edu or come by Room 106 Union East Building.
- (6) **ACADEMIC DISHONESTY :** Academic dishonesty is an assault upon the basic integrity and meaning of a University. Cheating, plagiarism, and collusion in dishonest activities are serious acts which erode the University's educational and research roles and cheapen the learning experience not only for the perpetrators, but also for the entire community. It is expected that UTEP students will understand and subscribe to the ideal of academic integrity and that they will be willing to bear individual responsibility for their work. Materials (written or otherwise) submitted to fulfill academic requirements must represent a student's own efforts. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Violations will be referred to the Dean of Students Office for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions.
