Course Description:

This course presents the techniques of effective personal selling, the function and duties of the sales representative, and the task of sales management in staffing, training, and motivating a sales force.

Course Objectives:

This course will introduce the student to professional sales and sales management. It will focus on the fundamentals of building and maintaining mutually beneficial business relationships. Emphasis will be placed on sales skills, such as prospecting, making the sales call, developing compelling presentations, responding to objections, and closing the deal. Additionally, the course will provide insight into how to develop and motivate an effective sales team.

Course Prerequisites: Mkt. 3300 or graduate standing

Requirements:

1. Read the text and any additional assignments before class.
2. Participate in group project.
3. Actively participate in class discussions and exercises.

Course Grading:

Students' understanding of the course material will be assessed with four (4) exams, class participation, and a team project. All exams will carry equal weight. Do not miss an exam. If you cannot be here for any of the scheduled exams, do not enroll in the course.

If you are hospitalized and cannot take an exam, a make-up will be offered on May 5th from 12 pm to 1:45 pm. Also, if you are hospitalized, have someone contact me while you are in the hospital. I **will not** accept an after the fact excuse.

Meaningful class participation is expected. This means that you must prepare for class ahead of time. In addition, please, make sure to have read the required chapters and any other materials that I may provide before class.

The final grade will be determined as follows. Please, note that I do not negotiate or round-up grades.

Exams:	400 pts.	A = 540 pts. – 600 pts.
Project:	100 pts.	B = 480 pts. – 539.99 pts.
Class Participation:	<u>100 pts.</u>	C = 420 pts. – 479.99 pts.
Total Points:	600 pts.	D = 360 pts. – 419.99 pts.

Sales Project:

Students will be assigned to a team to work on the class project. More information on the project is forthcoming. Each student is expected to contribute equally to the team effort. You will be asked to make a formal presentation in front of the class as part of the project.

Laptop Usage: Laptop usage is permitted **for note taking** only during class.

Attendance and Punctuality:

Class attendance is required and expected. Exam material will be partially based on lectures; therefore, you are responsible for any material covered in class. Also, we will have several unannounced in-class exercises that will allow me to gauge your selling skills. If you are not here for these activities, your participation grade will suffer.

Please, arrive early and take your seat quickly and quietly. Arriving late hinders all students and is considered disruptive to everyone in the class.

Academic Dishonesty:

“Any student who commits an act of scholastic dishonesty is subject to discipline. Scholastic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part in another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP)

and available in the Office of the Dean of Students, may result in sanctions ranging from disciplinary probation, to failing grades on the work in question, to failing grades in the course, to suspension or dismissal, among others.”

“It is a violation of copyright laws to copy any portion of the textbook.”
