Course Description

HIST 1301 is a historical survey of the history of the United States from pre-Columbian America to American Civil War. Touching on different aspects of social, political, economic and cultural history, the course is presented in chronological order with the first half focusing on indigenous America, European colonialism and the American Revolution and second half devoted to the creation of the American Republic, the Market Revolution, Westward expansion and the American Civil War. Some of the recurring themes in the class include indigenous relations, justifications for conquest and domination, economic and technological change, and the role of slavery in bringing about the Civil War. This course presents the history of the United States in a global context and encourages students to think critically by considering perspectives beyond those of the founding fathers while challenging historical narratives based on what historian James Loewen has referred to as the “ignorance of ethnocentrism” and the “arrogance of American exceptionalism.”

Course Organization

Weekly Modules

Course material is presented in weekly modules on the Blackboard website. This semester is 16 weeks long so there are correspondingly 16 modules. In each module students will find links to readings, videos, quizzes and assignments. All readings and assignments presented within the module are due at the end of the associated week. After that time incomplete assignments are considered late and are no longer accepted. For more information on assignments and due dates see the Assignment Schedule below.

Grading Information

Final Grades will be determined by points earned in the following areas:

8 Quizzes (50 points each, lowest score dropped)	350 points
6 In-class activities (50 pts each, lowest score dropped)	250 points
Participation (activities, quizzes attendance)	50 points
1 mid-term exam	150 points
<u>1 final exam</u>	<u>200 points</u>
Total Points	1000 points

Grading Scale

900-1000 points	A
800-899 points	B
700-799 points	C
600-699 points	D
Below 600	F

Exams (35% of final grade): There will be two exams: one mid-term and one final. The mid-term is worth 150 points and the final is worth 200 points for a total of 350 points. Exams consist of a combination of multiple-choice questions and an essay question. Exams draw heavily on quizzes and on the in-class activities. **Make-up exams** in cases of unavoidable scheduling conflicts must be arranged prior to exam date. Exceptions for unanticipated medical or family emergencies will require written documentation from the student.

Quizzes (35% of grade): There are a total of 8 online quizzes. Each is worth 50 points. The lowest quiz score is dropped leaving a total of 350 points possible toward the final grade. Quizzes consist of between 10 to 25 multiple choice questions. Quizzes draw largely from the textbook but also from weekly powerpoints. Quizzes are generally open by Wednesday and due on Sundays by midnight. You can take the quiz twice and only the highest score will be counted. Don't forget to take the quizzes by the Sunday night deadline though as quizzes will not be reopened once they are closed.

In-Class Activities (25% of grade): There are six in-class group activities in which students will collaboratively answer questions based on specific readings or other course-related materials. These assignments are meant to promote student engagement and prepare students for the essay portion of the mid-term and final exams. These exercises are meant to be completed in class and are concluded only after the summary wrap up discussion at the end of class.

Participation (5% of grade): Students can ensure full credit in this category by participating in the in-class activities and by turning in various small, unscheduled writing assignments during the course of the semester.

Extra Credit: Extra credit is not offered on an individual basis. Occasionally, however, the instructor may offer extra credit to the class as a whole if there is a need to raise the class average.

Communication

Office Hours: The instructor will hold regular office hours on Mondays, Wednesdays and Fridays, from 11:30 am - 12:30 pm, also on Tuesdays and Thursdays from 10:00 am – 11:00 am. You can also make an appointment or feel free to stop by any time you find me in my office at LART 329. I will do my best to answer email messages within 24 hours. Make sure though that you send your message to the correct address. **My email address** is ermeringer@utep.edu. Please note that it does not include the word “miners.” Only student email addresses include the word “miners.”

Tips for effective student communication: To facilitate prompt and effective email communication, make sure that you have thought out your question before sending a message. Be sure to first check to make sure the answer cannot be conveniently found using other course resources (syllabus, discussion boards or announcements). It is a good idea also to include a word or two in the subject line regarding the matter of concern. In all email exchanges with the instructor, make sure to respond to the instructor’s message in order to confirm that the message was received and either a satisfactory answer was provided or that further information is needed. This is called “closing the loop” and is an important aspect of maintaining effective online communication.

Student Course Evaluations

UTEP values its students' feedback. You will be asked to complete an online evaluation toward the end of the term. The primary purpose of this evaluation process is to assess the effectiveness of classroom instruction in order to provide the best learning experience possible and make continuous improvements to every class. Responses are kept confidential. Please take full advantage of this opportunity to provide your feedback.

COVID-19 Precaution Statement

Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, so that we can work on appropriate accommodations. If you have tested positive for COVID-19, you are encouraged to report your results to covidaction@utep.edu, so that the Dean of Students Office can provide you with support and help with communication with your professors. The Student Health Center is equipped to provide COVID-19 testing.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area, and will be available at no charge on campus during the first week of classes. For more information about the current rates, testing, and vaccinations, please visit epstrong.org.

Course Policies and Information

You are responsible for understanding and abiding by the policies and procedures described below. Any problems that the Instructor encounters in this course may be reported to the Dean of Students.

Course Civility

You must uphold a mature level of interaction with fellow students and with the instructor. Please respect other students, showing courtesy in all interactions.

Disputed grades

If you disagree with a grade, you should consult the instructor.

Dropping the Class

You are entitled to drop this class with a grade of "W" until the official university drop deadline, as described in the Schedule of Classes and the University Catalog. You are responsible for dropping the class. There will be no faculty-initiated drops, except under special circumstances if you request the instructor to drop you.

Academic Honesty and Integrity

As a member of the University of Texas at El Paso academic community that honors integrity and respect for others, you are expected to maintain a high level of personal integrity in your academic work at all times. Your work should be original and must not be reused from other courses.

According to the Merriam Webster Online Dictionary, plagiarism can be defined as “the act of using another person's words or ideas without giving credit to that person” (<http://www.merriam-webster.com/dictionary/plagiarism>). In other words, it is literally a form of theft. You are expected to do your own work on all graded material submitted for all course requirements.

All work submitted must be written for this course during the term in which the course is being completed. Work from other courses or from other academic or non-academic settings, past or present, is not acceptable and will result in failure for that assignment. No opportunities for resubmission or revision will be granted.

The names and student numbers of students suspected of knowingly using, or attempting to use, another person's work as though such work is their own, and of students suspected of permitting, or attempting to permit, another student to use their work, will be given to the Dean of Students for disciplinary action. Such conduct may constitute grounds for sanctions ranging from the assignment of a grade of “F” for the work to expulsion from the University.

If you are uncertain regarding what actions constitute plagiarism, or about the University policy, then you should consult the instructor.

Course Management

I will promptly grade all assignments, and other work submitted for a grade soon after your deadlines.
