Textbook: Elementary Number Theory/ David M. Burton

Course Objectives: Students are expected to build a solid understanding of some basic concepts, principles, theorems in Elementary Number Theory, and to be able to elaborate rigorous proofs

Course Contents: The course will cover sections from the chapters 1 – 7 (11,12) of the textbook (seventh edition)

Exams and Assignments: There will be three unit exams (each worth 100 points) during the semester and a comprehensive final exam (also worth of 100 points). Regularly homework will be assigned. The homework will not be collected, but will be discussed in class. The exams will include problems from homework.

Grading Policy: Each exam including the final represents 25% of the final grade.
The final grade will be determined by the average of all exams scores including the final, respecting the following grading scale:
A 90-100;
B 80-89;
C 70-79;
D 60-69;
F below 60

Extra credit work won't be given for this class.

Make-up Policy: Make-ups/retests will be given only under extraordinary circumstances documented by the student and at the discretion of the instructor.

Attendance & Withdrawal: It is the student's responsibility to attend class, to be in contact with all the information transmitted in the class and to make up the work for the missed class. It is expected that everyone attend every class and arrive on time.

It is the student's responsibility to drop the class. Any student with 4 or more absences from lecture might be automatically dropped from the class by instructor. The deadline to drop or to be dropped with an automatic W is **Nov. 3, 2016.** After the drop deadline the College of Science will not approve any drops (W) and you can be dropped only with an F.

Academic Integrity Policy: Students are required to follow UTEP policy (Academic Dishonesty at UTEP) and to comply with the Regents' Rules and Regulations.
