Course Objectives:  
1.) Students will be able to understand the basic of logic and to write propositions and sentences by emphasizing the correct usage of mathematical symbols.  
2.) Students will be able to construct proofs, thoroughly understanding several important proof techniques including direct proof, proof by contraposition, proof by contradiction, proof using cases, and mathematical induction.  
3.) Students will build a solid understanding of some concepts most useful for advanced courses.  
4.) Students will be able to read and understand mathematical proofs working with definitions and theorems based on the deductive reasoning.  
5.) Students will be able to write clear and concise mathematical proofs using correct logical steps from hypothesis to conclusion.  

Exams and Assignments: There will be three unit exams (each worth 100 points) during the semester and a comprehensive final exam (also worth of 100 points). Regularly homework will be assigned. The homework will not be collected, but will be discussed in class. The exams will include problems from homework.
Grading Policy: Each exam including the final represents 25% of the final grade. The final grade will be determined by the average of all exams scores including the final, respecting the following grading scale:
- A 90-100;
- B 80-89;
- C 70-79;
- D 60-69;
- F below 60
Extra credit work won’t be given for this class.

Make-up Policy: Make-ups/retests will be given only under extraordinary circumstances documented by the student and at the discretion of the instructor.

Attendance & Withdrawal: It is the student’s responsibility to attend class, to be in contact with all the information transmitted in the class and to make up the work for the missed class. It is expected that everyone attend every class and arrive on time.

It is the student’s responsibility to drop the class. Any student with 4 or more absences from lecture might be automatically dropped from the class by instructor. The deadline to drop or to be dropped with an automatic W is Oct. 28th, 2016. After the drop deadline the College of Science will not approve any drops (W) and you can be dropped only with an F.

Academic Integrity Policy: Students are required to follow UTEP policy (Academic Dishonesty at UTEP) available at http://academics.utep.edu/Default.aspx?tabid=23785

Disability Statement: If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to cass@utep.edu, or visit their office located in UTEP Union East, Room 106.
