Course Content

The aim of the course is to get students to **think critically**, yet constructively about the issues facing the countries of North America, especially those related to security and migration. This course will help you learn about and discuss these issues in an intelligent and informed manner and enhance your **global awareness**. You will improve your **leadership, confidence, and communication** skills by understanding the difference between rhetorical opinions and positions on issues that are based upon facts and reasoning. In order to do this, we will look at the individual countries' politics and society, the current and past state of relations among the North American countries, and review theories of regionalization, in order to give us the necessary tools to understand contemporary issues.

After completing this course students can:

- Understand the connection between security and migration;
- Explain the methods Canada, Mexico, and the US use to handle these issues;
- Conduct **problem-solving** by formulate policy recommendations for the North American countries; and
- Know the theories and facts behind regional cooperation.

Course Text

This course does not have textbooks to purchase. Instead, all required readings are on Blackboard (Bb).

Technology Requirements

Course content is delivered via the Internet through the Blackboard learning management system. Ensure your UTEP e-mail account is working and that you have access to the Web and a stable web browser. Google Chrome and Mozilla Firefox are the best browsers for Blackboard; other browsers may cause complications. When having technical difficulties, update your browser, clear your cache, or try switching to another browser.

You will need to have access to a computer/laptop. You will need to download or update the following software: Microsoft Office, Adobe Acrobat Reader, Windows Media Player, QuickTime,

and Java. Check that your computer hardware and software are up-to-date and able to access all parts of the course.

If you do not have a word-processing software, you can download Word and other Microsoft Office programs (including Excel, PowerPoint, Outlook and more) for free via UTEP's Microsoft Office Portal. Click the following link for more information about [Microsoft Office 365](#) and follow the instructions.

If you encounter technical difficulties beyond your scope of troubleshooting, please contact the UTEP Help Desk as they are trained specifically in assisting with technological needs of students. Please do not contact me for this type of assistance. The Help Desk is much better equipped than I am to assist you!

Course Communication

Because this is a remote learning class, we will not see each other in the ways you may be accustomed to: during class time, small group meetings, and office hours. However, there are a number of ways we can keep the communication channels open:

- Office Hours: We will not be able to meet on campus, but I will still have office hours for your questions and comments about the course. My office hours will be held on Blackboard using Zoom. Please see the days and times at the top of this syllabus and send me an email if you wish to meet during normal office hours or we need setup a time and day that fits our schedules.
- Email: UTEP e-mail is the best way to contact me. I will make every attempt to respond to your e-mail within 24 hours of receipt. When e-mailing me, be sure to email from your UTEP student account and please put the course number in the subject line. In the body of your e-mail, clearly state your question. At the end of your e-mail, be sure to put your first and last name, and your university identification number.

UTEP COVID-19 Policies and Precautions

All students must participate in COVID-19 training at [this site](#) before the start of the semester.

You must STAY AT HOME and REPORT if you (1) have been diagnosed with COVID-19, (2) are experiencing COVID-19 symptoms, or (3) have had recent contact with a person who has received a positive coronavirus test. Reports should be made at [screening.utep.edu](#). If you know of anyone who should report any of these three criteria, you should encourage them to report. If the individual cannot report, you can report on their behalf by sending an email to COVIDaction@utep.edu.

For each day that you are on campus—for any reason—you must complete the questions on the UTEP screening website ([screening.utep.edu](#)) prior to arriving on campus. The website will verify if you are permitted to come to campus. Under no circumstances should anyone come to campus when feeling ill or exhibiting any of the known COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, and alternative instruction will be provided. Students are advised to minimize the number of encounters with others to avoid infection.

Wear face coverings when in common areas of campus or when others are present. You must wear a face covering over your nose and mouth at all times when on campus. If you choose not to wear

a face covering, you may not enter the classrooms and buildings. If you remove your face covering, you will be asked to put it on or leave the classroom and building. Students who refuse to wear a face covering and follow preventive COVID-19 guidelines will be dismissed from the class and will be subject to disciplinary action according to Section 1.2.3 Health and Safety and Section 1.2.2.5 Disruptions in the UTEP Handbook of Operating Procedures.

In addition, please follow these hygiene procedures when on campus:

- Wear a face covering at all times (We cannot say this enough!).
- Maintain 6 feet of separation at all times, including when talking with other students.
- Follow signage indicating specific entry and exit doors and pathways.
- Do not cluster in groups and keep hallways open.
- Wash hands and/or apply hand sanitizer prior to entering classroom and after leaving a classroom. Do not touch face until after hands are washed/sanitized.
- Use an alcohol wipe, provided outside of classrooms, to sanitize the desk, chair, or table.
- Follow faculty protocols for leaving and re-entering the classroom.

Course Obligations

There is a mix of obligations the student must meet to fulfill the requirements of the course. This includes 1) two exams; 2) an oral presentation; and 3) a policy paper.

Late assignments will not be accepted unless under well-documented extraordinary circumstances.

Typed assignments must use the following format:

- 1) double spaced,
- 2) New Times Roman font (12 point),
- 3) 1 inch margins,
- 4) title page (title, course, name(s), and date),
- 5) page numbers (page one is the first page of text),
- 6) citations (footnotes, endnotes, or parenthetical) and a bibliography,
- 7) uploaded on Bb as a “.doc” file.

Reading Assignments

The principal reading obligation is to keep up with the assigned chapters within the course study outline contained in this syllabus. It is important that you read the chapters or articles **before** viewing the presentations.

In addition, students need to follow all issues related to the North American countries and their relationship with one another as they develop in the media. Some suggested periodicals include the *New York Times*, *Los Angeles Times*, *Washington Post*, or *Christian Science Monitor*. Students with knowledge of Spanish or French are especially encouraged to read Mexican and Quebecois newspapers on the internet. This reading will be important for developing ideas for your collaborative policy papers.

Oral Presentation and Policy Paper

Your presentation and policy paper are an integrated pair. You will first present your project and then turn in a write-up. Did get you started, you will need to fill-out a form that will serve as your project proposal. The project proposal form needs to be uploaded on Bb and due March 26 by midnight (Mountain Time).

Presentation: Students are required to present their understanding of migration and security as associated with North American relations (i.e., the relations among all three NA countries). Presentations must demonstrate well-organized thoughts on the subject. To this end, students need to organize thoughts based upon the following: 1) clear, yet concise, description of the issue and associated concepts; 2) an explanation as to why the problem exists; 3) evidence to support the explanation; and 4) policy recommendations. In addition, students are expected to use computer aided technology (such as PowerPoint) in order to improve speaking effectiveness. Recordings of presentations will need to be uploaded to Bb by midnight (Mountain Time), April 23 and should be no more than 15 minutes each.

Policy Paper: A policy paper (about 10 pages) will continue the work already performed in your oral presentation. The aim of this paper is to advise politicians and other decision-makers on an

alternative to current policy on migration and security. You can address recommendations to either one of the three NA governments or all three.

The policy paper differs from the oral reports because **the paper is expected to be a full analysis**. This means students are to employ analytical thinking and related concepts taught in the course. Students are also expected to integrate the constructive critiques made by the professor on your presentation. The policy paper needs to be uploaded onto due by midnight (Mountain Time), May 7.

Exams

There are two exams for the course: a mid-term and final. Both exams are open book notes. The midterm requires answering two essay questions regarding the material covered in the first half course. The final also requires answering two essay questions that will assess your ability to connect theory with the issues covered in the latter half of the course. The professor will give students potential exam questions one week prior. Exams are due by March 5 for the mid-term and May 12 for the final. Both exams are to be uploaded onto Bb by midnight (Mountain Time).

Grade Weights

Each assignment and examination will be given a score out of a total 100 points and will be given the following weights in determining students' final grades for the course:

Course Requirement	Due	Weight
Midterm Exam	March 5	20 percent
Project Proposal Form	March 26	10 percent
Oral Presentation	April 23	25 percent
Policy Paper	May 7	25 percent
Final Exam	May 12	20 percent

All grades (including the final grade) are based on the following distribution of points:

Points	Letter
90-100	A

70-79	C
60-69	D
