### **POLICIES AND PROCEDURES**

#### ***Inclusiveness, equity, and language policy for this course***

This seminar course is designed to develop ways to ensure students (your K-12 students and yourselves as students in this course) are in a safe learning environment where everyone feels valued and accepted. We will focus on learning to value students' (and each other's) diverse backgrounds, including

**College of Education, Teacher Education**  
**University of Texas at El Paso**

language, culture, perspectives, experiences, challenges, resources, gender identities, sexual orientations, religions, race, ethnicities, economic statuses, immigration statuses, parenthoods, veteran statuses, ages, abilities and disabilities, etc. Your knowledge of and appreciation of diversity in your future students, in yourselves, and in our community is essential for the development of safe learning environments. Please know that all the characteristics of your identity are welcome in our learning community. We will show respect for each other at all times and make sure our *whole self* is valued.

***Food insecurity, mental health, and access to support services***

Learning happens only when our bodies and minds are well—and all of us occasionally face challenges to wellness that interfere with our learning. I want you to be aware of a variety of support services on campus that can help you navigate these challenges and obstacles. **The UTEP Food Pantry** is available to help address students' basic food needs, as well as needs for personal hygiene items and access to additional support programs for students and their families. It is located at Memorial Gym Room 105, hours and more information posted online at <https://www.utep.edu/student-affairs/foodpantry/>. The office of **Counseling and Psychological Services** offers mental health counseling, crisis counseling, and many workshops on wellness topics—all of which are free to UTEP students. Their hours and services are posted online at <https://www.utep.edu/student-affairs/counsel/resources/services-students.html>. Additional support services and resources are listed at <https://www.utep.edu/student-affairs/resources/index.html>. If you are facing an obstacle to your learning, I encourage you to check out these resources or let me know, and I will be happy to help you find the supports you need. You are not alone.

**Changes to the Syllabus**

I strive to provide responsive teaching in my courses— to adjust to the shifting conditions of our class community: current events, our discussions, our interests, our extant experiences, and needs for growth. I will always notify you or ask you to participate in the decision to make changes. If there are significant changes, the updated syllabus will be made available on Blackboard or by email and Google Classroom.

**COURSE ASSIGNMENTS/REQUIREMENTS**

**POP Cycles**

Completion of POP Cycles involves several steps with deadlines. The Resident is expected to complete each step and provide the Site Coordinator with the necessary deliverables (e.g., lesson plan, SAC, etc.) by the due dates. ***Failure to complete all POP Cycle requirements successfully will result in the initiation of a Professional Improvement Plan.***

### **UTEP Device**

An IPAD can be provided to teacher residents for coursework and POP Cycle video recording purposes.

- Based on availability, the resident may sign out/ sign in an IPAD at the beginning/end of their residency. Please reach out to your site coordinator to sign out.
- Only UTEP credentials should be used when adding an account to the device.
- The teacher resident must upload all video recordings of their POP cycles to Sibme before deleting their UTEP account from the IPAD
- Upon returning the IPAD to the university, the resident should delete all items and reset the device to factory settings.
- The resident will be held accountable for the care of the IPAD and included items. Any damage or missing parts will result in fines. Any fines need to be cleared in order for the university to allow residents' degree and/or certifications to post onto their TEA account.
  - Items include: IPAD, IPAD cover, adapter, and cable

### **Walk-throughs**

In addition to the two formal POP Cycles, the Site Coordinator will conduct four informal observations per semester. Walkthroughs are meant to serve as opportunities for reflection and growth as you progress through your Miner Residency experience and well into your teaching career.

- Walkthroughs will not be scheduled, but a window of time when residents may expect a 10-15-minute observation by their Site Coordinator will be provided.

**College of Education, Teacher Education  
University of Texas at El Paso**

- Residents do not need to prepare for the visit. The site coordinator will capture whatever is happening at the time in the classroom and will give the resident feedback and an opportunity to reflect.
- The site coordinator will complete a walkthrough form and upload it online to make it accessible to the Resident. The resident may be expected to meet with the site coordinator after each walkthrough to receive feedback, coaching, and support.
- The Knowledge of Self-Walkthrough Feedback will have a reflection portion for the resident to complete after each of the four observations. The completion and quality of these reflections will be factored into the overall final grade for the course. (Miner Assessment Tool: Domain 4, Criteria 4.2.3: Reflection)

**Student Perception Survey**

Residents will administer a [Student Perception Survey](#) (pre/post-test format) in their field placement, with the pre-survey happening the first weeks of October-November, and the post-survey by the end of April. Based on data gleaned from this survey, Residents will develop an intervention to be implemented during the semester. This action research project will also be included in your Capstone reflections and writing at the end of Residency II.

Semester long Timeline : POP integration

**Mentor Teacher Evaluation**

**College of Education, Teacher Education  
University of Texas at El Paso**

Your Mentor Teacher will complete quarterly assessments of your pedagogical and professional progress (as per the UTEP [MAT Domains 1-4](#)). This evaluation will be focused on the resident's ability to plan and deliver content-specific lessons with the integration of a positive classroom culture to include professional behavior in all actions, settings, interactions, and communications in and outside the classroom. The Mentor Teacher will complete this form during formal resident observations, twice per semester. **It is your responsibility to remind your Mentor Teacher to complete this form as scheduled by your Site Coordinator.** You will be required to schedule a Domain 4 conference with your mentor teacher. Please discuss your progress reports with your Mentor Teacher since you must be at level 2 for each MAT domain by POP Cycle 2, and by POP Cycle 4 all domains must be at level 3. \*\*Interns will have an alternate progress report from their mentor which includes Domain 4 feedback.

### **Performance Gates for Residency Course**

*S – Satisfactory*

*U – Unsatisfactory*

You are preparing to be a Texas certified teacher, so you must work at the level and with the integrity you would intend your future students to demonstrate! At the end of your Student Teaching Residency I course, Residents are assigned a grade of Satisfactory 'S' or Unsatisfactory 'U'. No letter grade is assigned, and this course grade does not impact your overall GPA. In order to pass Student Teaching Residency I and be recommended for certification, the resident must meet the following criteria:

- All excused and unexcused absences have been made up by the end of the semester for both District and UTEP purposes.
- The resident has administered the Student Perception Survey to their classroom students, analyzed pre and post data, implemented interventions, and provided a complete SPS reflection to Site Coordinator on POP Packet.
- By POP Cycle #4, Teacher Residents must have scored at least a 3 ("Proficient") on each of the Miner Assessment Tool indicators.

***\*\*Residents who fail to achieve or maintain ratings in this manner may have the option to complete one additional POP cycle to reach the standard, at the discretion of their Site Coordinator and in collaboration with program leadership.***

If a resident does not meet this performance standard ("3- Proficient" on all indicators), s/he will not be recommended for certification. Students who do not meet program requirements may still graduate with a non-certified Master's degree (if on that pathway) and will need to meet with Haley Richardson to determine the next steps. Residents must also meet the criteria for all other course assignments, including online discussions and walkthrough reflections, to pass this course.

College of Education, Teacher Education  
University of Texas at El Paso

**240 Tutoring Hours/ State Certification Exams**

Residents are responsible for keeping an active 240 tutoring account. Teacher residents are to set aside time and follow their designed study plan to complete 240 tutoring modules and practice exams before requesting the university to clear them for registration to take any state exams. Residents are required to attend 240 Tutoring Bootcamp one Wednesday per month in lieu of seminar that week, times and dates will be provided by your site coordinator. The Miner Teacher Residency requires teacher residents to take their TExES certification exams while enrolled in the Residency. It is recommended that you follow the timeline provided by the university to prepare for testing. Please contact Haley Richardson, Program Coordinator, for information about assessment and study resources.
