Course Description

Basic Drawing II is a studio course designed to serve the needs of studio-based art majors. Students will explore both traditional and innovative approaches to the description of form and space while experimenting with representational imagery, non-objective subject matter, and color media. Lectures will include examples and influences relative to course work, while critiques will be held for comparative evaluation and critical feedback regarding in-progress and finished drawings.

The assignments in this course will include exercises in direct observation of still life setups, composition, color, abstract imagery, narration, and the human figure. In this course, students will devote more time to thematic development, content and exploration of personal sources of meaning in their work. Students will be expected to develop a complete a series of drawings showing ambition and commitment to an idea. **Students are encouraged to keep a sketchbook as a tool for concept development.**

This course requires additional time to be spent outside of class hours for completion of homework assignments and in class work.

- **Students are responsible for contacting & staying in touch if they need to leave for health risk.**
- Each unexcused absence after 4 will result in the final course grade being lowered 1 full letter grade (i.e. with 4 absences an A becomes B, D becomes F, etc.) **After 5 unexcused absences it is the student's responsibility to consider dropping from the course by contacting the Registrar's Office to initiate the process.**

- **NO video streaming, excessive texting or social media during class time. Deduction of participation points will occur on mid-term and final grades should the instructor notice if this is a recurring habit.** Calls on cell phones can be made for emergencies or during break.
- Guests are not permitted at any time during class. Students are expected to remain in class rather than step-out and visit with guests during class time.
- There will be a 15 min. break in the middle of class for restroom breaks, snacks, and stretching.
- Studio safety- Some aspects of using certain tools can be hazardous if proper precautions are not taken. Safety procedures will be explained throughout the semester.
- Cleanliness - Students are required to clean up after themselves, wipe down their table area, and put tools, materials, etc. away in their lockers after every session.
- Work Removal- Finished works must be removed by the date set by the instructor at the end of the semester.

All "I" grades are at the discretion of the instructor and the approval of the Department Chair.
