Course Description

Advanced Drawing 1: Life Drawing is a studio-based course that introduces students to drawing the human figure. Coursework will include direct observation and daily subsequent drawings from the model, with emphasis on achieving correct form and proportions. Other figurative subjects (students, mannequins, skeletons, etc.) will also be used as reference for drawings. Types of drawings to be done in class will include gestures, short studies, and prolonged drawings. The time devoted to the practice of drawing will also allow the student to develop and refine the drawing skills introduced in Basic Drawing I and II. Power points featuring figurative artworks that relate to coursework will be given throughout the session. Critical assessment of drawings will be offered through individual instruction and group critiques. Students will be expected to draw with concentration and commitment during class time and complete some out of class assignments.

Please note: although we make every effort to schedule a live model for most class sessions, there may be class days when no model is available. In those instances, other figurative source material may be used as subject matter.

Course Prerequisite Information

The prerequisites for Life Drawing I are ARTF 1301 Basic Design I and ARTF 1302 Basic Drawing I or instructor approval. Students who haven't completed ARTF 1304 Basic Drawing II should take it concurrently with this course.

Course Goals and Objectives

The goals and objectives for students in Advanced Drawing 1 include:

- Gain competency in achieving correct form and proportions of the human figure
- Development of the aesthetic aspect of their drawings
- Gain exposure to art historical precedents and contemporary artists dealing with the figure
- Further development of the ability to think and speak critically about artwork
- Continued development of work ethic necessary to achieve the course goals and objectives

Course Outcomes

Students who successfully complete this course will:

- Be able to render the form of the human body through the effective use of contour line, value, proportion and foreshortening
- Have a greater understanding of figurative art, both historical and contemporary
- Show an awareness of the aesthetic aspect of figure drawing through creative use of the visual art elements in their drawings
- Have the ability to critically assess their own and other's work

Course Requirements

Student work will be reviewed throughout the course of the semester. Any collection of work will be announced in advance.

Grading Standards and Criteria

Course grades will be based on two portfolios of drawings. Your grade for each assignment will be determined by the following factors:

- Understanding of conceptual ideas and application of techniques discussed in class and completion of assignments by due dates.
- Preservation and physical condition of work.
- Participation in group critiques and activities.
- Work ethic in class including class conduct, preparation and time devoted to drawing.
- Attendance record.

In class work assigned before mid-term will make up your mid-term grade, and will count towards 40% of your final grade. Your final portfolio and critique will count towards 40% of your final grade. Your participation in critiques, appropriate use of class time, and preparation will make up the remaining 20%.

Midterm and Final Portfolio

There will be a midterm portfolio and critique where you will bring in all your in class work for an evaluation, and a final portfolio and critique at the end of semester. The number of drawings required for each portfolio will be determined by the instructor based on the class schedule and assignments planned for the semester. Blackboard will be updated throughout the semester with information regarding assigned work and announcing the number of drawings due for each portfolio. Midterm and final portfolios will be graded on the overall quality and the quantity of work completed, as well as on progress made with content and execution. **No late portfolios will be accepted.**

Course Policies

Classroom Etiquette:

Please come to class on time and prepared with supplies. If you are sick or not feeling well, then you should not come to this class. E-mail me beforehand and I will help you catch up when you have recuperated. Guests are not allowed during class time. If you want to know how you are doing at any time in the semester, schedule a time to meet with me at my office. Please turn off your phones during class time. Ear phones are not allowed unless approved by the instructor, especially during critiques, lectures, or demonstrations.

Attendance: Attendance in this course is mandatory and equals arriving on time and being present for the entirety of every class session. You are being graded not just on the work submitted in your portfolio, but also on your work ethic in class. Attendance will be recorded 10 minutes after the start of each class period.

- Arriving any time past the designated start time of class is counted as late; leaving any time before the designated ending class of time is counted as leaving early. 3 tardies will equal one absence. There will be a fifteen-minute break during class.
- Each student is permitted 3 absences during the semester without penalty, excused or unexcused. After three absences, your final course grade will be lowered one letter grade per additional absence. Ex: A final grade of "A" becomes a "B" with 4 absences, a "C" with 5 absences, a "D" with 6 absences.
- Extenuating circumstances such as incapacitating illness, military service, accident, or death in the immediate family should be supported by satisfactory documentation and will be dealt with on an individual basis.
- Coming to class without the necessary materials to work with will count as one absence. Each student needs to have his/her own set of materials; borrowing from other students is unacceptable.
- No extra credit is available to offset attendance problems.

Course Participation

- Participation in all discussions, critiques and class days is required for this course.
- Appropriate use of class time is required and necessary.
- Participation in the collaborative environment of the studio is essential.

Incompletes, Withdrawals, Pass/Fail: Incompletes or "I" grades will be considered for students completing satisfactory or better work and having serious legitimate situations beyond their control requiring additional time to complete the course requirements. All "I" grades are at the discretion of the instructor and the approval of the Department chair. Withdrawals must be completed on or before the final date to drop a course with a "W". Students missing this deadline will be issued a grade of an "F" for the semester.

Students with excessive absences and/or problems with arriving to class on time should consider dropping this course and retaking it at a time when the student can commit the proper attention to the course. Students whose attendance and work are considered below average may be withdrawn from the class by the instructor.
