Virtual Office Hours: By appointment

Course Information: BED 5340 [36179] ONLINE 3 Credit Hours

Prerequisites: BED 5335; BED 5336; BED 5339 (B or better)

Field Experience

Course Description: BED 5340 - Capstone Course for DL Education

Capstone Course for Dual Language Education

The course has two major components. One addresses the knowledge and understanding of the research and goals of DLBE to include biliteracy development which involves designing and implementing lessons with K-12 students in a Dual Language Bilingual Education setting. The second component is students' documentation of their learning through their field experience/observations. This is documented in an electronic portfolio. It will include students' experiences through the coursework, observations, field experiences, and reflections aligned to the program objectives. The portfolio will be produced and disseminated electronically. Students will present the portfolio as part of the capstone course. For the field experience component students will learn how dual language is implemented in real-world settings. Students are expected to observe and correlate practices of dual language education with the theories and methods studied in their coursework.

Course Purpose/Objectives

This course is designed to provide opportunities for students to synthesize and demonstrate their learning experiences in their DLBE Certificate program and preparation for future DLBE leaders through: (1) a literature review; and (2) field experience/observations of a DLBE program; and (3) reflective practices. Collectively, this develops the ePortfolio which documents the following:

- Demonstrates learning and knowledge in research, goals, models of DLBE;
- Demonstrates learning and knowledge in biliteracy development;
- Demonstrates learning and knowledge in planning for the DLBE lesson/classroom;
- Demonstrates learning and knowledge in delivering instruction/assessment in DLBE settings;
- Demonstrates learning and knowledge in promoting classroom/school environment sociocultural competence and critical consciousness; and
Demonstrate ability to professionally present the capstone ePortfolio.

THE UNIVERSITY OF TEXAS AT EL PASO * COLLEGE OF EDUCATION * TEACHER EDUCATION

Capstone Project – ePortfolio
A critical aspect/component of the capstone course requires an ePortfolios created by the student as part of a way to demonstrate their learning in the process of developing their literature review and their field experience/observations. The content will focus on the various competencies and skills necessary for effective planning, preparing, teaching, and learning in DLBE settings captured through actual observations and interview of DLBE teachers/leaders.

The ePortfolio includes reflective practices. Reflective practices are an essential ingredient in your preparations. You write about what you think about something you observed. You make connections to what you have learned throughout your journey and discussed in class. A reflection is writing about what you observed, how you understood it, and you can include questions on what you observed.

All writing must follow APA format. Use references/citations following APA guidelines. Resource at: http://owl.english.purdue.edu/owl/resource/560/01/

PLAN: At any time please feel free to request an individually meeting with me on ZOOM.
❖ Zoom Meeting: What is a Capstone Project in DLBE?
   Brainstorm DLBE Project – Topic, Direction
   Journal Capstone Initiates: Topic; Data Gathering Ideas
❖ Literature Review of Dual Language Bilingual Education (10 Pages; 5-7 sources)
❖ Field Experience/Observations; Data gathering and other information to begin to organize and document; and reflective practices of your field experience/observations.
❖ Zoom Meeting to discuss field observations; data gathering; and documentation in preparation for assembling ePortfolio.
❖ Eportfolio organization and assembling
❖ Presentation of DLBE ePortfolio
