Course Description:

This course is an interdisciplinary examination of the social, political, and economic forces that characterize Chicana/o identities in the U.S. By comparing and contrasting historical and contemporary Chicana/o experiences, students will better understand how issues such as race, class, gender, homophobia, nationalism, and globalization define Chicana/o identities. Students will critically analyze how Chicana/o identities and communities challenge and negotiate American norms and where Chicana/os and other Latina/os fit into the social, political, and economic hierarchies within the U.S.

Student Learning Outcomes:

By the end of the class, students will:

1. Develop the critical thinking and analytical skills necessary for effective communication both orally and written.
2. Identify, analyze, and articulate the central themes, both historical and contemporary, in Chicana/o identity and community formation.
3. Understand theories of race, class, ethnicity, and gender in the shaping of both geo-political and metaphorical borders.
4. Connect the past to the present in an effort to better understand the world around them.
5. Interact and collaborate with people of diverse backgrounds in open and respectful ways.
6. View themselves as global citizens.

The guiding questions for this course are the following: What is Chicana/o identity? What are the social, political, and economic forces that define Chicana/o identity? How do space and time inform identity formation?

Required Materials:

- Access to computer and internet
- All readings and videos for the class are posted on the **Blackboard** Learning Management System (LMS) site and are located inside of the Learning Module for any particular week.

All course content will be delivered via the **Blackboard** LMS. To access Blackboard, go to <https://my.utep.edu> and click on the "Blackboard" tab on the left-hand side of the page. Follow the link in that box and login using your UTEP login and password. The Blackboard course shell contains **all** materials related to this course.

You will also use Blackboard to send e-mails to your fellow classmates or to me – always remember to include an appropriate subject line to prevent your email from going into the junk mail folder. **All correspondence for this class must be done through Blackboard email.**

*** **IMPORTANT:** You must get into the habit of checking Blackboard **EVERY DAY** to make sure you do not miss any important announcements.

Our Virtual Classroom:

All communication must be conducted through Blackboard Email. Please do not send emails to my UTEP address. If you email me be sure to include as much information as possible to include your first and last name, title of class, and CRN number. I will respond to you within 24 hours.

Online learning is not a spectator sport. It is everyone's responsibility to participate fully so everyone can get the most from the experience. Here are some simple rules to follow to ensure participation and engagement in the learning process:

Ask Questions: I have created is a Discussion Forum entitled **Help Board**, located under the *General Discussion Forum* tab on the *Home Page*. The *Help Board* is for asking questions related to content OR any problems you are having. Make sure that you have clearly indicated the subject of your message. **If you are having technical difficulties, you will probably be directed to tech support.**

Reach Out to Others: Offer a fact, an article, link or other items that can help others learn something you can share. I have created a Discussion Forum entitled the **Social Justice Café**, located under the *General Discussion Forum* tab on the *Home Page*. The **Social Justice Café** is for the entire class to share relevant information and to participate in leisure conversations as well. The only requirement is that you treat one another with the utmost respect

Inappropriate behavior/comments online will not be tolerated. Inappropriate behavior WILL BE subject to disciplinary action. I reserve the right to drop you from this course if you use our class as a venue for insulting or insensitive comments, attacks toward other students or the instructor.

Required Software:

Please make sure that all of your computer hardware is working properly and please make sure that you have all of the required software and that the software is up to date. It is very important that your Java software and your Adobe software is up to date. Blackboard works best with Mozilla Firefox and Google Chrome but does not communicate well with Safari and especially Internet Explorer. Stay away from Internet Explorer.

After you login to my.utep.edu, click on “courses.” On the right-hand side of the page there is a box called “FAQs for Students.” Here you will find a series of YouTube videos that will further explain how to use Blackboard. You must have *Adobe Acrobat Reader* to access the readings for the class, if not, go to adobe.com and download the reader for free. You must also have a media player plug-in to view the assigned videos (*Adobe Flash Player, Windows Media Player, QuickTime Player, VLC Player, etc.*). If you use Google Chrome as your browser, then the Adobe Flash Player is already built in. You also need the latest version of Java for Blackboard to work well. Go to java.com to check for the latest version. When creating documents, slide presentations, spreadsheets, etc., you must use *Microsoft Office* or a compatible program (see 10 Free MS Word Alternatives). Be sure you have the appropriate word processing software because if I cannot open your documents, they WILL NOT be graded.

Course Policies and Procedures and Grading Rubric:

I have provided a set of *Course Policies and Procedures*, and a *Grading Rubric*. Links to both files are located on the Home Page under *Course Materials*. Please access them as soon as possible and familiarize yourself with the do's and don'ts of the course and the grading scales for all assignments. The information provided is extremely important and crucial for your success in this course. I also embedded the Course Policies and Procedures in the first Learning Module: Introduction and Getting Started
