

Stage Combat THEA 3324

No Cerveza!!

Instructor: Jay Stratton
Class: MW 1:30-4:20pm

Cell: 347-581-6468
Email: jastratton@utep.edu
Or strattoncoach@gmail.com

Magoffin Auditorium and D075 (Design Lab)
Office: D073 (Basement) Available anytime by appointment

Required Texts: There will be minimal reading in this course; however, research will be necessary for historical presentations.

Course Objectives

By the end of this course, you should:

1. Be able to *safely* perform an unarmed stage fight.
2. Be able to *safely* perform a stage fight armed with a single blade.
3. Be able to *safely* perform a variety of falls.
4. Incorporate stage violence into scene work.
5. Have the stamina to perform a scene with fight portions and still be able to use language after.
6. Have a solid understanding on a variety of stage combat terminology and history.

Class Notes:

- Safety is ALWAYS our first priority. Anytime you feel unsafe for any reason, you may step out of an exercise as long as you may do so without endangering yourself or your classmates.
- Related, anytime anyone calls "HOLD!" immediately stop what you are doing and do not move. This is a safety term that anyone can call at any time.
- This is a practical course designed to teach the basics of stage combat for ACTORS. The emphasis of this course is on storytelling through fake violence. This is not a self-defense or martial course.
- Stage combat is enormously physical. We will make every effort to accommodate every student's needs in this class. Expect to get bumped, bruised, and worn out, but NOT injured.
- Finally, this class is designed to be taught and experienced in person. That said, I acknowledge that in the time of COVID, stuff changes. We will all need to be as flexible as possible and I will make every effort to fairly and appropriately adjust to changing circumstances.

Grading

Led Warmup (5%)

Each student will lead one physical warmup activity not longer than 10 minutes. You will be graded on your preparedness and your ability to successfully lead the class through your warmup activity. You will also be graded on your warmup's effectiveness in preparing your classmates for the day's combat activities.

Unarmed Fight (20%)

You and a single partner will learn and perform a fight at speed. This fight will be unarmed. You will be graded on the fight's safety, precision, and believability.

Final Bladed Fight (25%)

Everyone in class will learn the choreography for a single sword fight. You and a partner will perform the swordfight in the context of a scene of your choosing. You will be graded on the fight's safety, creativity, and believability.

Historical Presentation (10%)

Each student will offer an historical presentation on some aspect or person from the world of combat. This presentation should be between 10 and 15 minutes. Your presentation should culminate in '3 takeaways' that may be included in the class quiz. You will distribute these takeaways to the instructor and classmates via email.

Final Quiz (20%)

We will have one written quiz of terminology and history. This quiz may also include any or all of the '3 takeaways' from each student's Historical Presentation.

Participation (20% of grade)

You will be graded on your focus, willing participation, supportive attitude, and individual progress in daily class work. Respect and enthusiasm for the lessons and the work of your fellow actors is a crucial part of this class work. Lateness and unexcused attendance issues will result in this grade being reduced.

Grading Scale

You will be assigned a letter grade on each of the above assignments. Your final class grade is based on a weighted average of these grades (before any modification for attendance) according to the following scale.

A	=	3.50+
B	=	2.76 - 3.49
C	=	2.01 - 2.75
D	=	1.00 - 2.00
F	=	Less than 1.00

Stage Combat Class Policies

SAFETY FIRST: Stage combat is NOT the same as most other classes. There IS a physical element of danger. If you ever for any reason feel physically unsafe either for yourself or your scene partner, you may **step out of an exercise**, step out of a fight, step out a drill, and alert the instructor. The expression “The Show Must Go On” absolutely does NOT apply in this class.

Communication: I rely heavily on email for communication. You must check your preferred email daily. You will be responsible for anything emailed the night before a class. I will also store class documents on Blackboard.

Attendance: Class attendance and punctuality are mandatory, however, you absolutely should NOT come to class if you are unwell.

During the time of COVID, please use the following guidelines:

- 1) If you feel unwell, EMAIL ME and do not come to class
- 2) If you are unvaccinated and have been exposed to COVID, EMAIL ME and do not come to class
- 3) Whether vaccinated or not, if you begin showing COVID symptoms, EMAIL ME and do not come to class

The key here is COMMUNICATION.

If you contact me to let me know your health status, I respect that you are being a responsible individual who wants to protect their classmates! If you simply no-show, I have no information and will lower your participation score.

There is no limit to ‘excused absences’ for health reasons.

Absences do not change the due dates of assignments.

Phones and Electronics: All phones and electronics should be turned off for the duration of class. We will take frequent breaks and you are certainly allowed to look at your phones at that time. If you use a tablet or laptop to take notes, that is entirely acceptable during our lecture portions. Just make certain you are not using your device for another purpose.

Food and Drink: Because this class is long, you will need to bring food and drink.

Please only eat food or flavored beverages during class breaks and only in designated areas.

BRING A WATER BOTTLE EVERYDAY. You may always stop to get a drink of water. You absolutely may eat and drink during the lecture portions of our class in the basement lab.

Syllabus may change with appropriate notice

Touching: Because of the nature of this course, there will be touching; however safety is still first priority. ‘Safety’ in this instance refers to physical safety, COVID protocol safety, and respect for personal boundaries. If you have trouble with being touched or touching someone else, tell them and/or me immediately. Absolutely no one should be touching anyone in an inappropriate or non-consensual manner. If you feel unsafe for any reason, tell me immediately, and we will adjust the exercise accordingly.

If you are uncomfortable being in physical contact with someone due to health reasons, please tell me immediately and I will make accommodations.

For your protection, I recommend a pair of gloves while working.

Hygiene: This class is physical and involves touching. Please respect your classmates by coming to class clean and bathed.

Attire: This class will be CRAZY physical. Wear clothes you can move in to every class. You may also want to bring a towel or change of clothes as necessary. Be prepared to work BAREFOOT in every class, and be prepared to take off shoes and socks without complaint. You may be asked to participate in yoga or other physical activity. If you are not prepared to do so, you will not participate in class that day. No JEANS. No FLIP FLOPS or other loose fitting open shoes.

For safety, we cannot have anything hanging or dangling off your person. This means nails must be trimmed; long hair must be tied back. No hats, hoods, head wraps, etc. No large earrings, dangling jewelry. Nothing that can catch a hand, thumb, weapon, etc.

I recommend against anything either too tight or too loose. Tights, shorts, sweats, t shirts are all great! Heavy trousers, flowing dresses or short skirts can be problematic.

For your protection, I recommend a pair of gloves while working.

If you wear a piece of attire for religious reasons, please come talk to me and give me something in writing; an exception will be made!

Masks: Masks are not required, but I request that you bring a mask to every class. I will be masked throughout. I ask that if you are working with a partner that prefers a mask, you put on your own mask to meet their needs. There will be no penalty if you choose not to wear a mask, but I urge you to consider it.

Academic Dishonesty: University Policy will be strictly adhered to and absolutely no academic impropriety will be tolerated. All transgressions of university policy including, but not limited to, plagiarism, cheating, the unauthorized exchange of information for written assignments or tests, theft via the computer or infringement of the rights of other to academic freedom (i.e. disrupting class, disrespectful comments towards classmates or instructor) will result in a failing grade for this course as well as disciplinary procedures as adopted by the university and described in the current student handbook.

Disabled Student Statement: In Section 504 of the Vocational Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, if a student needs an accommodation then the Office of Disabled Student Services located at UTEP need to be contacted. If you have a condition, which may affect your ability to perform successfully in this course, you are encouraged to discuss this in confidence with the instructor and/or the director of the Disabled Student Services. You may call [915-747-5148](tel:915-747-5148) for general information about the American with Disabilities Act (ADA) and the rights that you may have as a UTEP student with a disability.

Individuals with disabilities have the right to equal access and opportunity. It is the student's responsibility to contact the instructor and the Disabled Student Services Office at The University of Texas at El Paso.

COVID-19 Precaution Statement: Please stay home if you have been diagnosed with COVID-19 or are experiencing COVID-19 symptoms. If you are feeling unwell, please let me know as soon as possible, so that we can work on appropriate accommodations. If you have tested positive for COVID-19, you are encouraged to report your results to covidaction@utep.edu, so that the Dean of Students Office can provide you with support and help with communication with your professors. The Student Health Center is equipped to provide COVID-19 testing.

The Center for Disease Control and Prevention recommends that people in areas of substantial or high COVID-19 transmission wear face masks when indoors in groups of people. The best way that Miners can take care of Miners is to get the vaccine. If you still need the vaccine, it is widely available in the El Paso area, and will be available at no charge on campus during the first week of classes. For more information about the current rates, testing, and vaccinations, please visit epstrong.org.
