**Course Description:** The neural, physical, and behavioral processes that govern human motor performance across the lifespan are studied. Theories of motor learning and re-learning following trauma are emphasized, with attention given to how intervention and feedback variables impact the learning process. Factors that influence postural control and gait during life are addressed.

**Methods of Instruction:** Lecture Notes /Online Lecture Videos

**Methods of Evaluation:** Evaluation of course content will consist of three exams and twelve quizzes. A minimum average of 70% is needed to pass the course with a grade of "C." Graded activities and their weight are as follows:

<b>Graded Components</b>	<b>% final grade</b>
Lecture Quizzes 1-12 (3 points each)	<b>36</b>
Exams 1, 2, 3 (20 points each)	<b>60</b>
Exit Survey (4 points)	<b>4</b>
<b>Total</b>	<b>100%</b>

**Lecture Quizzes:** There will be a quiz at the end of each Lecture. The questions will be related to the ppt notes and lecture video. The point of the quizzes is to prepare you for the exams. The quizzes will be closed note/closed book and taken on Respondus lockdown browser webcam enabled.

**Exams:** Three Exams will be administered. Conflicts with the exam dates must be brought up at least 1 week in advance to the instructor for accommodation. Conflicts notified after this period will not be accommodated. The exams will be closed note/closed book and taken on Respondus lockdown browser webcam enabled.

The following letter grade scale is used for the UTEP Department of Kinesiology:

<u>Letter Grade Scale</u>	<u>Numerical Grade Scale</u>
A	90-100
B	80-89
C	70-79
D	60-69
F	Below 60

**Required Text:** None

**Questions / Sending me emails:** I teach a number of classes each semester. If you would please make sure the following 3 things are clearly listed when writing me emails it would make both of our lives work so much better!

- 1- First and Last name
- 2- Class you are in (prefer the name & number: motor behavior / KIN 3332)
- 3- Clear subject line/message (for example: Question on exam 1 grades? Potential research topic?, etc.).

**Academic Dishonesty Statement:** Academic dishonesty is prohibited and is considered a violation of the UTEP Handbook of Operating Procedures. It includes, but is not limited to, cheating, plagiarism, and collusion. Cheating may involve copying from or providing information to another student, possessing unauthorized materials during a test, or falsifying research data on laboratory reports. Plagiarism occurs when someone intentionally or knowingly represents the words or ideas of another person's as ones' own. And, collusion involves collaborating with another person to commit any academically dishonest act. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Violations will be taken seriously and will be referred to the Dean of Students Office for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions.

Academic dishonesty is an assault upon the basic integrity and meaning of a University. Cheating, plagiarism, and collusion in dishonest activities are serious acts which erode the University's educational and research roles and cheapen the learning experience not only for the perpetrators, but also for the entire community. It is expected that UTEP students will understand and subscribe to the ideal of academic integrity and that they will be willing to bear individual responsibility for their work. Materials (written or otherwise) submitted to fulfill academic requirements must represent a student's own efforts. Any act of academic dishonesty attempted by a UTEP student is unacceptable and will not be tolerated. Violations will be referred to the Dean of Students Office for possible disciplinary action. Students may be suspended or expelled from UTEP for such actions.
