Course Description:	<p>This course aims to continue the development of the students' artistic vision while continuing developing direction and refinement of philosophy. Emphasis will be on individual direction selected by the student. Special attention will be given to the development of a conceptual intent, aesthetics, and technical skills in order to achieve and expand the sculptural objective.</p>

Course Objectives and Learning Outcomes:

A course in Sculpture VII is designed to help you:

- Refinement of processes and techniques, while determining a direction of methods and styles in your work.
- Refinement of your own artistic philosophy.
- Instill the habit of safe use of materials, tools, and equipment.
- Cultivate a working knowledge of historical and contemporary art within the students work.
- Enable the students to address the development and meaning of his/her work in critical terms.

What skills will this class teach me?

By the end of this semester, you will:

- Have learned developed and expanded your Sculptural style and techniques with a main focus on advanced sculptural investigation emphasizing individual directional development.
- Have a better ability in problem-solving/critical thinking to bring your sculptural ideas to fruition.
- Give special attention to the development of a conceptual intent, aesthetics, and technical skills in order to achieve and expand your artistic objective.
- Apply this knowledge to the criticism of a work of art.

Educational Objectives

This class course will help you to achieve the following objectives:

- Think critically and creatively, learning to apply different systems of analysis.
- Engage with a variety of others in thoughtful and well-crafted communication.
- Cultivate self-awareness, balance and an openness to change.

<p>Course Structure:</p>	<p>By this point, you should have an inclination toward the sculptural methods you prefer. This class emphasizes refinement as well as the ability to express your vision not only through sculpture but through the artist statement. Specific assignments will be given to students that are designed to develop sculptural concepts and continue the development in your artistic philosophy. Students can expect help and guidance, although part of the purpose for the course is to develop independence and self-confidence in their work.</p>
<p>*SPECIAL NOTE*</p>	<ul style="list-style-type: none"> • Discussion with the instructor, classmates, as well, as other sources is expected throughout the production of the projects. • Participation in class discussions, class critiques (working or final) or assigned material, is required. • This course is dependent on time; students will be expected to make full use of the scheduled class time. While each project is given approximately one month per assignment, students will also find it necessary to do their work outside of the scheduled class time. For every hour in class you should expect at least two hours outside of class time. • Students will be expected to have the necessary materials at the start of class. Class time will not be allowed to acquire materials for an assignment unless we arrange to do so as a class. Materials are not given to you, the university provides the tools to create your work. Materials are paid by you, the student. Just as you cannot take a class without the required text book, this class requires supplies. Expect to spend a minimum of \$500 in this class this semester. This is non-negotiable. One should not see this as a cost, your education is not a cost, it is an investment and should be a priority for the betterment of your future. • A notebook/sketchbook of the materials covered in the class will be kept by all students. You must have these items on hand for every class session. This sketch book will be used for your conceptual designs and will be part of your grade. Designs turned in outside of your sketch book will not be accepted.

<i>SUPPLEMENTAL ASSIGNMENTS:</i>	A series of video, power point or slide presentations, guest presentations, museum and gallery visitations as well as readings will be assigned in addition to the studio projects. The guidelines for these assignments will be given separately. Written assignments in response to these materials may be incorporated.
Student Assessment:	Student progress in this class is assessed through and Three (3) art assignments (including project writings of intent), critique, participation, a power point presentation on a current contemporary sculptor and a portfolio review which includes an artist statement (This is your final).

EVALUATION:

The grade dispensed for each project will be based on several factors involved in the course of its production. Such factors might include:

- The commitment to craftsmanship
- Time management
- Work ethic
- Attendance
- Participation in lectures and critiques

Grades:

A (90-100): Exceptional level of production, ambition, and problem resolution; commitment to tasks and active group participation.

B (80-89): Above average level of production and ambition; noteworthy, if not consistent, commitment and class participation.

C (70-79): Completion of assigned projects with the least amount of effort and minimum dedication; and sparse class participation.

D (60-69): Below the required level of completion of tasks, performance and participation.

F (59 and below): A failure to meet the minimum expectations of the course.

******SPECIAL NOTE******

Grades for work will not be accepted unless the development of the sculpture has been viewed prior to final group critique.

Final grades will be determined by the following percentages

- | | |
|---------------------------------------|-----|
| • Projects and Critique Participation | 60% |
| • Power Point Presentation | 20% |
| • Portfolio Review/ Group Exhibition | 20% |

IMPORTANT!

	<p>Failure to complete <u>ANY</u> of the assignments without a valid and documented excuse will automatically result in a grade of ZERO and will have a great impact on your over-all grade.</p> <p><u>NO EXCEPTIONS WILL BE GRANTED UNDER ANY CIRCUMSTANCE.</u></p>
ATTENDANCE:	<p>Attendance is an integral part of this course, as time is a factor in creating work as well as the availability of me and other students who will provide information and input. Studio time missed when working toward a project can be detrimental to students work and can be difficult to make up. Attendance will only be taken with a sign- up sheet at the beginning of class and will be picked up within the first 10 minutes of class. Signing in thereafter will result in a tardy, three tardies will equal one day of absence. If a student is absent from class for more than five days they will be dropped from the class with a “W” if it is before the drop date and an “F” if it is after. Failure to arrive to class prepared will also be taken as a tardy. Failure to arrive to class prepared will also be taken as a tardy. When a student misses a class, it is the responsibility of the student to find out what was missed. I will inform the student during class as best as possible without affecting my responsibilities to the rest of the class. The student is accountable for information gathered from classmates, no matter how accurate.</p>
LATE WORK:	<p>Work that is not submitted on day of critique will decrease one letter grade per class period following the original due date. If, due to mitigating circumstances, an absence occurs and prevents the completion of work, it is the responsibility of the student to contact me and arrange a new due date by the next class meeting.</p>
SCHOLASTIC DISHONESTY:	<p>Students are responsible for adhering to the School’s policy on scholastic dishonesty as stated in the Student’s Rights in the online Student Handbook. Any student engaging in scholastic dishonesty will be subject to disciplinary penalties, which may include the possibility of failure in the course and or expulsion from the university.</p>
AMERICAN DISABILITIES ACT (Disabilities Accommodation):	<p>Disabilities: If you have a disability and need classroom accommodations, please contact The Center for Accommodations and Support Services (CASS) at 747-5148, or by email to cass@utep.edu, or visit their office located in UTEP Union East, Room 106. For additional information, please visit the CASS website at www.sa.utep.edu/cass.</p>

<p>Classroom Management</p>	<p>Safety is of the utmost importance in this class, you are expected to wear the proper safety attire when working in the studio. If you are not you will be sent home and may not return until you have the proper equipment. Everyone is expected to share in the order and cleanliness of the classroom. You are expected to cleanup your personal work area before leaving the classroom. An understanding of your own and your fellow classmates' personal space is essential to everyone's well-being. Please be respectful of other classmates' belongings. If you bring a snack or a drink make sure to take it with you at the end of class, or throw it away in the proper place.</p> <p>LEAVE CELL PHONES, LAPTOPS, IPODS, IPADS AND/OR OTHER ITEMS OF DISTRACTION TURNED OFF AND IN YOUR BACKPACKS! I DO NOT WANT TO SEE THEM IN YOUR HANDS, IN USE, OR ON THE TABLE DURING CLASS</p>
<p>CAMPUS CONCEALED CARRY</p>	<p>On June 13, 2015, Governor Greg Abbott signed into law a bill (S.B. 11) allowing license holders to carry concealed handguns on public university campuses in the state of Texas. The legislation, which goes into effect August 1, 2016, provides an opportunity for individual campuses to develop rules, policies and practices associated with the law's implementation. Included in the law is the opportunity for campuses to identify gun-free exclusion areas where concealed carry will not be allowed.</p> <p>As stated in the law, the University President has the authorization to enact "reasonable rules and regulations" for excluding concealed handguns from areas on-campus but the rules may not either "generally prohibit" or "have the effect of generally prohibiting" license holders from carrying concealed handguns on campus. The exclusion zones have been approved as exclusion areas by UTEP's President. Other rooms and venues on-campus could become exclusion zones due to activities taking place such as national testing, a formal hearing, collegiate athletic events, on-campus voting locations organized by government agencies,</p>

	<p>or special events produced by external agents. In these cases appropriate signage will be displayed at the entrance to the venue or room. Rationale for UTEP's exclusion areas can be found in the Campus Concealed Carry Task Force Report.</p> <p>The Sculpture room is a gun-free exclusion area. No guns are allowed in the room or work areas. If you do have a CHL and have a weapon, please leave your gun in your locker or your car.</p> <p>Go to the following link for the entire list of exclusion areas on campus http://sa.utep.edu/campuscarry/exclusion-zones/</p>
<p>SAFETY PROCEDURES and SAFETY EQUIPMENT</p>	<p>Students will be using a variety of tools in this class, safety, I repeat, is of the utmost importance, it is vital that students be present for all tool demonstrations. Students will also have a safety test to be completed before being allowed to use any tool. If a student does not have their safety equipment the student will not be allowed to use the tools and will be sent home to retrieve their equipment.</p> <p>All students must have the following safety equipment to work:</p> <p>Safety Glasses Work gloves Welding Gloves Good boots, sandals will not protect your feet! You will be sent home if you are not wearing the proper foot attire. Hearing protection, music head phones do not count Dust mask/ Respirator A long sleeve shirt that you don't mind getting dirty Jeans that you don't mind getting dirty</p>
<p>Materials List</p>	<p>As sculpture materials vary due to the idea the following is a rudimentary list of needed materials, students may have to purchase other materials to bring their ideas to fruition.</p> <p>Pencils, Sharpie, Sketch book, Enamel paints or spray paint, combination square, measuring tape, Utility Knife and Xacto knife, Tool box or bucket, Duct tape, masking tape, consumables such as sandpaper, nail screws, paint, stain, varnish, etc. as needed.</p> <p>*NOTE* Students will be responsible for supplying all materials for all assignments. Lumber and Steel TBA Steel will be ordered in bulk with the entire class.</p>
