

## PUBH 5353 CRN 11181 Social and Behavioral Approaches in Public Health

### Student Evaluation Comments

1. Sometimes the professor was not available for questions after the lecture, but it's because of her schedule, but she's nice and well prepared.

2. Great professor would take again. She's understanding and thoroughly explains material.

3. So passionate about what she teaches, makes learning so fun!

4. Great ideas and projects for the course, but more organization and timeliness would've allowed us to get a lot more done, which would've been super cool because this was a super interesting course! Maybe do two students per project for next course?

5. Could be more organized
